among cold, proud people. - Robert Louis Stevenson, Kidnapped Kidnapped (1886) by Robert Louis Stevenson is a coming-of-age novel that recounts the adventures of a teenager named David Balfour during the Jacobite Rebellions in 18th century Scotland. Following his father's death, David reaches out to an uncle, who betrays his nephew and sells him to a slave-trader headed for America. David's rescue from the slave ship by a Jacobite refugee starts David on a series of adventures that ensure his passage into manhood. The Captain's Daughters Booksllc.Net War of 1812 memoirs of Mordecai Myers, Captain, 13th U.S. Infantry, United States Army, and the only

Jewish-American officer serving on the Niagara Frontier during 1812-1813. Based partly on his letters, Myers describes his wartime experience, during which he was wounded. Myers turned to politics, serving in numerous positions, including New York State legislature and mayor of Schenectady, N.Y., and was a candidate for U.S. Senate. His career also included strong leadership in the Masons. Myers was a founding organizer and original member of the Society of the War of Eighteen Hundred and Twelve, founded in 1826. He also joined the Veteran Corps of Artillery of the State of New York, and served as Brigade Major of the Corps (a New York State Militia unit) from

1825-1835. The original reminiscences are recognized as a valuable first-person account from early campaigns on the Niagara and St .Lawrence, especially the battles of Stoney Creek and Chrysler's Fram, as well as on military life.

The Secret Life Of Walter Mitty Marvel Walter Mitty, a mild-mannered forty-year-old man, drives into Connecticut with his wife for their weekly shopping trip. Tired of his drab, schedule-driven life, Walter escapes into five elaborate daydreams, and finally becomes the hero he always hoped to be. "The Secret Life of Walter Mitty" was originally published in a 1939 issue of *The New Yorker*. It is considered

to be an American classic, and author James Thurber's masterpiece. It has been adapted for film, first in 1947, and most recently for the 2013 feature film starring Ben Stiller and Kristen Wiig. Roman Lulu.com Contains a number of lesser-known South Pacific tales. A SON OF THE SUN (excerpt) The Willi-Waw lay in the passage between the shore-reef and the outer-reef. From the

latter came the low murmur of a lazy surf, but the sheltered stretch of water, not more than a hundred yards across to the white beach of pounded coral sand, was of glass-like smoothness. Narrow as was the passage, and anchored as she was in the shoalest place that gave room to swing, the Willi-Waw's chain rode up-and-down a clean hundred feet. Its course could be traced over the bottom of living coral. Like some monstrous snake, the rusty chain's slack wandered over the ocean floor, crossing and recrossing itself several times and fetching up finally at the idle anchor. Big rock-cod, dun and mottled, played warily in and out of the coral. Other fish, grotesque

of form and colour, were brazenly indifferent, even when a big fish-shark drifted sluggishly along and sent the rock-cod scuttling for their favourite crevices. On deck, for'ard, a dozen blacks pottered clumsily at scraping the teak rail. They were as inexpert at their work as so many monkeys. In fact they looked very much like monkeys of some enlarged and prehistoric type. Their eyes had in them the querulous plaintiveness of the monkey, their faces were even less symmetrical than the monkey's, and, hairless of body, they were far more ungarmented than any monkey, for clothes they had none. Decorated they were as no monkey ever

was. In holes in their ears they carried short clay pipes, rings of turtle shell, huge plugs of wood, rusty wire nails, and empty rifle cartridges. The calibre of a Winchester rifle was the smallest hole an ear bore; some of the largest holes were inches in diameter, and any single ear averaged from three to half a dozen holes. Spikes and bodkins of polished bone or petrified shell were thrust through their noses... About Jack London: Jack London (1876-1916), was an American author and a pioneer in the then-burgeoning world of commercial magazine fiction. He was one of the first Americans to make a lucrative career exclusively from writing. London was self-educated. He

taught himself in the public library, mainly just by reading books. In 1898, he began struggling seriously to break into print, a struggle memorably described in his novel, *Martin Eden* (1909). Jack London was fortunate in the timing of his writing career. He started just as new printing technologies enabled lower-cost production of magazines. This resulted in a boom in popular magazines aimed at a wide public, and a strong market for short fiction. In 1900, he made \$2,500 in writing, the equivalent of about \$75,000 today. His career was well under way. Among his famous works are: *Children of the Frost* (1902), *The Call of the Wild* (1903), *The Sea*

Wolf (1904), The Game (1905), White Fang (1906), The Road (1907), Before Adam (1907), Adventure (1911), and The Scarlet Plague (1912).

Short Story Simon and Schuster

An accidental letter, a long-lost love, and a slew of secrets. For as long as Bridget Northcott can remember, she has loved her brother's closest friend, Colin Foster. She loved him long before he grew up, became Captain Foster, and long before he left her behind for a life at sea. Although she knows her feelings will never be returned, Bridget cannot help but turn away every suitor in the hopes that one day Colin will come back to Larkhall and see her for what she has grown up to be-

refined, elegant, and the precise opposite of the silly girl he once knew. When family circumstances bring Colin's unexpected return, he too has changed. Once carefree, he is now cold, hard, and distant. Determined to unravel the mysteries of Captain Foster, Bridget writes her thoughts in a note, one she never meant to send. As a hesitant friendship grows between them through their letters, Bridget determines to keep her heart uninvolved. But when her facade begins to break, she realizes the childhood silliness she abandoned might just be precisely what is needed to pull him back to shore. Faced with a choice between loyalty and selfishness, love and letting go,

Bridget must find the strength to confide her own feelings in Captain Foster before the man she loved is lost forever. But there is only so much she can do when she discovers a match between them is what she has always feared-forbidden. The Captain's Confidant is a sweet and clean standalone regency romance novel, book two in the Larkhall Letters series. On 2 August 1708 Captain Woodes Rogers set sail from Bristol with two ships, the Duke and Duchess, on an epic voyage of

circumnavigation that was to make him famous. His mission was to attack, plunder and pillage Spanish ships wherever he could. And, as Graham Thomas shows in this tense and exciting narrative, after a series of pursuits and sea battles he returned laden with booty and with a reputation as one of the most audacious and shrewd fighting captains of the age. He was then appointed governor of the Bahamas by George I with the task of suppressing the pirates who roamed this corner of the Caribbean and preyed on its shipping. He was equally successful as a privateer and pirate-hunter in an age when brutality and ruthlessness were the law of the sea.

A Novel Abrams

A delightfully illustrated cult novel, literary satire and epic adventure. 'Within the first 15 pages I was carried away by the sheer craziness of it all. Some Minipirates find a baby bear with blue fur inside a walnut shell floating on the ocean towards a giant whirlpool. They rescue him and teach him about knots and waves, and that a good white lie is often considerably more exciting than the truth. Then, when he outgrows their ship to such an extent that he is in danger of sinking it, they abandon him on an island with a bottle of seaweed juice and a loaf of seaweed bread. Thus Bluebear comes to the end of his first life and embarks on his second. By the

end of the book, he has expended exactly half of his 27 lives. Again and again, Moers confounds our expectations as the narrative twists and turns, travels backwards and forwards in time. Part science fiction, part fairy tale, part myth, part epic, the book is a satire on all these genres and so constantly satirises itself. Very amusing' - Daily Telegraph
Highest Duty Harper Collins

"In length the series is unique; in quality—and there is not a weak link in the chain—it cannot but be ranked with the best of twentieth century historical novels."—T. J. Binyon, Independent
Captain Jack Aubrey sets sail for the South China Sea with a new lease

on life. Following his dismissal from the Royal Navy (a false accusation), he has earned reinstatement through his daring exploits as a privateer, brilliantly chronicled in *The Letter of Marque*. Now he is to shepherd Stephen Maturin—his friend, ship's surgeon, and sometimes intelligence agent—on a diplomatic mission to prevent links between Bonaparte and the Malay princes which would put English merchant shipping at risk. The journey of the Diane encompasses a great and satisfying diversity of adventures. Maturin climbs the Thousand Steps of the sacred crater of the orangutans; a killer typhoon catches Aubrey and his crew trying to work the

Diane off a reef; and in the barbaric court of Pulo Prabang a classic duel of intelligence agents unfolds: the French envoys, well entrenched in the Sultan's good graces, against the savage cunning of Stephen Maturin.

Twenty Thousand Leagues Under the Sea

Captain Bluebear is a bear with blue fur, a creature as unique as the fantastic adventures he undergoes. Unlike cats, which have only nine lives, bluebears have twenty-seven. This is fortunate, because our hero is forever avoiding disaster by a paw's breadth. In this remarkable book, Captain Bluebear tells the story of his first thirteen-and-a-half lives spent on the

mysterious continent of Zamonía, where intelligence is an infectious disease and water flows uphill, where headless giants roam deserts made of sugar, and where only Captain Bluebear's courage and ingenuity enable him to escape the dangers that lie in wait for him around every corner. In company with our indomitable hero, we enter a realm of the imagination that combines the fantasy of "Lord of the Rings" and "The Neverending Story" with the humour of Baron Munchausen - a wonderland where anything can exist except boredom.

"Don't you worry, son. Whatever it is that's been killing the sailors, I will kill it." In this science-fiction classic - reimagined by Dave Eggers in modern times, and from the point of view of the fourteen-year-old

Consuelo - the famous oceanographer Pierre Arronax sets sail from New York to hunt down a mysterious sea-monster which has been terrorizing the oceans, wrecking ship after ship and causing countless deaths. But they discover an even stranger truth: the "sea-monster" is in fact a submarine, captained by Nemo, who is living in self-imposed exile in international waters. Consuelo and Arronax join Nemo on the submarine, and so begin their exciting adventures ... Dave Eggers says, of the series: "I couldn't be prouder to be a part of it. Ever since Alessandro conceived this idea I thought it was brilliant. The editions that they've compiled have been lushly illustrated and

elegantly designed." *Being Memoirs of the Adventures of David Balfour in the Year 1751* Overlook Press
 "A bluebear has twenty-seven lives. I shall recount thirteen and a half of them in this book but keep quiet about the rest," says the narrator of Walter Moers's epic adventure. "What about the Minipirates? What about the Hobgoblins, the Spiderwitch, the Babbling Billows, the Troglotroll, the Mountain Maggot... Mine is a tale of mortal danger and eternal love, of hair's breadth, last-minute escapes." Welcome to the fantastic world of Zamonia, populated by all manner of extraordinary characters. Born into slavery on a

Maryland plantation in 1818, Frederick Douglass spent years secretly teaching himself to read and write—a crime for which he risked life and limb. After two failed escapes, Douglass finally, blessedly boarded a train in 1838 that would eventually lead him to New York City and freedom. Narrative of the Life of Frederick Douglass Few books have done more to change America’s notion of African Americans than this seminal work. Beyond its historical and social relevancy, it is admired today for its gripping stories, the intensity of spirit, and heartfelt humanity. Narrative of the Life of Frederick Douglass This ebook has been professionally proofread to ensure

accuracy and readability on all devices. Narrative of the Life of Frederick Douglass Born into a life of bondage, Frederick Douglass secretly taught himself to read and write. It was a crime punishable by death, but it resulted in one of the most eloquent indictments of slavery ever recorded. His gripping narrative takes us into the fields, cabins, and manors of pre-Civil War plantations in the South and reveals the daily terrors he suffered. Narrative of the Life of Frederick Douglass Written more than a century and a half ago by a Black man who went on to become a famous orator, U.S. minister to Haiti, and leader of his people, this timeless

classic still speaks directly to our age. It is a record of savagery and inhumanity that goes far to explain why America still suffers from the great injustices of the past. Narrative of the Life of Frederick Douglass

Pirate Hunter: The Life

of Captain Woodes Rogers Abrams
Commander Edward John Smith's career had been a remarkable example of how a man from a humble background could get far in the world. Born to a working-class family in the landlocked Staffordshire Potteries, he went to sea at the age of 17 and rose rapidly through the ranks of the merchant navy, serving first in sailing vessels and later in the new steamships of the White Star Line. By 1912, he as White Star's senior commander and regarded by many in the shipping world as the 'millionaire's captain'. In 1912, Smith was given command of the new RMS Titanic for her

maiden voyage, but what should have been among the crowning moments of his long career at sea turned rapidly into a nightmare following Titanic's collision with an iceberg. In a matter of hours the supposedly unsinkable ship sank, taking over 1,500 people with her, including Captain Smith.

Thirteen and a Half Lives of Captain

Bluebear Polarisprint, LLC

Could you be Captain of a whaling ship if all the crew around you died in a tragedy? Would you even want to? And what would you do if the cook on board has plans of his own and wants to kill you? This and much more is what poor fifteen year old Dick Sands has to deal with

as the only surviving crew member. Everything seems to be going according to plan. That is until the cook sabotages the ship and rather than arriving in South America, the group ends up in Africa. The evil cook's plan is to sell everyone on board into slavery. Will they survive all the obstacles and unexpected occurrences or will they fall victims to the African slave trade? 'Dick Sands, the Boy Captain' is an adventure novel which not only keeps you on the edge until the very end, but it also depicts the widespread condemnation of slavery. Jules Verne (1828-1905) was a French novelist who mostly wrote adventure fiction

inspired by the scientific advances of the 19th century. With the help of editor Pierre-Jules Hetzel he wrote a series of books called 'Extraordinary Travels', which includes 'Journey to the Center of the Earth' (1864), 'Twenty Thousand Leagues Under the Sea' (1870) and 'Around the World in Eighty Days' (1873). There have been many film adaptations of Jules Verne's books with the most notable being 'Journey to the Center of The Earth' (2008) starring Brendan Fraser and Josh Hutcherson (The Hunger Games), 'Around the World in 80 Days' (1956) and 'Journey 2: The Mysterious Island' (2012) starring Dwayne Johnson. Widely popular with

both children and adults, Verne is one of the most translated authors of all time, and still inspires people the world over.

Kidnapped Marvel
From 1792 to 1795, George Vancouver sailed the Pacific as the captain of his own expedition — and as an agent of imperial ambition. To map a place is to control it, and Britain had its eyes on America's Pacific coast. And map it Vancouver did. His voyage was one of history's greatest feats of maritime daring, discovery, and diplomacy, and his marine survey of Hawaii and the Pacific coast was at its time the most comprehensive ever undertaken. But just two years after returning to Britain, the

40-year-old Vancouver, hounded by critics, shamed by public humiliation at the fists of an aristocratic sailor he had flogged, and blacklisted because of a perceived failure to follow the Admiralty's directives, died in poverty, nearly

forgotten. In this riveting and perceptive biography, historian Stephen Bown delves into the events that destroyed Vancouver's reputation and restores his position as one of the greatest explorers of the Age of Discovery.
