SHANNON RONNIE

Calming Signals Tfh Publications Incorporated
 Jean Donaldson brings her considerable wisdom -- and wit -- to a wide variety of topics of interest to dog trainers and enthusiasts in this book from Dogwise Publishing. In 55 essays, Jean tackles issues ranging from the nature vs nurture debate, to the role of dominance in domestic dogs, to what are the most effective ways to train dogs. You will note a number of themes that flow throughout the book. Jean is a firm believer in conducting scientific research (verifiable results) rather than forming opinions based on gut feel or taking an anthropomorphic view of dog behavior.

She also admits that we are flying blind on many issues because of a lack of research and tells the reader when that is the case. She looks at problem behaviors (problems for humans at least) from the perspective that both a dog's genes and environment impact behavior, and our ability to modify such behaviors is sometimes muddled since we don't always understand how genetics and environment interact. And finally, just what is a Dog Mom (or Dad) and how did that phenomenon develop and what is its genetic usefulness, if any, to both dogs and people?! Along with her other best selling books, *Oh Behave!* is destined to be a classic in the literature on dog behavior.

Why We Do What We Do Around Dogs
 Harper Collins

"I'm loving it! Laura has managed not only to write a clear and incredibly important

book, she's really funny too! Her way of writing, the images in her language, and the diagrams make this book really stand out; there's no way to misunderstand the concepts she's presenting." —Emelie Johnson Vegh, co-author of *Agility Right from the Start* Some dogs need a little help. Some dogs are afraid, or excited, or reactive. Dogs that "don't listen" and "go crazy" don't live the lives we—or they—want. *Fired Up, Frantic, and Freaked Out* can change that. Simple steps and an accessible, conversational tone from award-winning, internationally-known trainer Laura VanArendonk Baugh CPDT-KA KPACTP make calming the agitated dog not only possible, but pleasant. Inside you'll learn how to: - Achieve change in short, simple training sessions of a minute or less - Maximize the effects of natural brain chemistry - Know when to call in

medical help - "Clean up" unreliable behaviors in both overexcited sport dogs and pets at home - Recognize how fear, aggression, and excitement are variants of the same root problem The conversational tone is both informative and fun—very accessible, and it feels like the reader has a consulting trainer standing at her shoulder! Bring your dog from emotional to thoughtful, and enjoy a calmer, more enriched life with your best friend.

[A Photo Illustrated Handbook](#) Culture Clash Target training provides another way to help you shape behaviors, lets you build speed from the beginning, and focuses your dog on the training. Save your back, work at a distance, or get tricky parts of the dog, such as back feet, moving the way you want them to move. Learn how to train your dog to target your hand, a contact disk or a target stick, then utilize targets to build complex behaviors; learn how to break down a behavior into easily trainable steps to get great results; use target training for at-home manners, therapy dog work, canine sports, or to teach tricks; teach your dog to work at a distance with speed and accuracy. Targeting can help you get to your goal no matter what it is!

[Puppy Start Right](#) Dogwise Publishing Karen Pryor's clear and entertaining explanation of behavioral training methods made Don't Shoot the Dog a bestselling classic with revolutionary insights into animal—and human—behavior. In her groundbreaking approach to improving behavior, behavioral biologist Karen Pryor says, "Whatever the task, whether keeping a four-year-old quiet in public, housebreaking a puppy, coaching a team, or memorizing a poem, it will go fast, and better, and be more fun, if you know how to use reinforcement." Now Pryor clearly explains the underlying principles of behavioral training and reveals how this art can be applied to virtually any common situation. And best of all, she tells how to do it without yelling threats, force, punishment, guilt trips—or shooting the dog. From the eight methods for putting an end to all kinds of undesirable behavior to the ten laws of "shaping" behavior, Pryor helps you combat your own addictions and deal with such difficult problems as a moody spouse, an impossible teen, or an aged parent. Plus, there's also incredibly helpful information on house training the dog, improving your tennis game, keeping the cat off the table, and much more! "In the course of becoming a renowned dolphin trainer, Karen Pryor learned that positive reinforcement...is even more potent than prior scientific work had suggested...Don't

Shoot the Dog looks like the very best on the subject—a full-scale mind-changer" (The Coevolution Quarterly). Learn why pet owners rave, "This book changed our lives!" and how these pioneering techniques can work for you, too.

On Talking Terms with Dogs Eclipse Press Now regarded as a classic in dog literature, Ken Foster's memoir chronicles his journey from first-time dog owner to rescuer—and all the lessons and mistakes he made along the way. Bookended by the tragedies of 9/11 and Katrina, Foster finds that dogs open his eyes to the benefits of compassion, selflessness, and the chaotic beauty of living each day in the moment. But more than Foster's own story, readers remember the dogs. Among them are Duque, a Costa Rican stray; Brando, Foster's first adopted dog and a supposed pit bull mix who outgrew his Manhattan studio apartment; Rocco, a clownish red pit bull whose owner mistakenly gives him away to the wrong person; Zephyr, a cheerful Rottweiler mix who awakens Foster by sitting on his chest when his heart stops working; and Sula, the tiny lost pit bull who showed up at Foster's door one day and stayed. Whether bearing witness to national tragedy, grieving the death of a friend, or dealing with his own mortality, Foster finds strength in his dogs, and in the reciprocal nature of rescue.

Explaining in Plain English how Dogs Learn and how Best to Teach Them Crown Archetype

"A revolutionary new way of understanding the relationship between humans and domestic dogs"—Cover. *Social, Civil, and Savvy* Karen Pryor Clicker Book

In this new book, renowned dog trainer Kathy Sdao reveals how her journey through life and her decades of experience training marine mammals and dogs led her to reject a number of sacred cows including the leadership model of dog training.

How the New Science of Dog Behavior Can Make You A Better Friend to Your Pet Basic Books

Describes ways to help rehabilitate aggressive behavior in dogs, using food and other reinforcers.

Minding Your Dog Business Dogwise Publishing

Voted the #1 BEST BOOK (1999) by the Association of Pet Dog Trainers - the largest and most influential worldwide association of professional pet dog trainers. Fun training with toys, treats, lures, and rewards. Easy, fun-loving, dog-friendly methods for teaching basic manners off-leash, and for temperament modification and behavior problem

troubleshooting. Written from the dog's point of view and emphasizing natural motivational methods to teach your dog to want to do what you want him to do! "How To Teach A New Dog Old Tricks is the best book by dog training's leading genius. The most relevant, important piece ever written on the subject of dog behavior and training. Some fields are lucky enough to be granted a giant: a figure whose contributions inspire awe and are unsurpassable. Ian Dunbar is that in dog behavior. There is no single person on the face of the planet to whom dog trainers and owners (not to mention dogs) owe more." Jean Donaldson (author of *The Culture Clash*)

[Living with Kids and Dogs ... Without Losing Your Mind](#) Dogwise Pub

Do you have an impossible dog? Does your dog come when called, heel properly when you go for a walk, and sit quietly when you ask him to? If your answer is a resounding No! then you may think you have an impossible dog, a Pigs Fly dog, one you may think can never be trained. The key to training success with these dogs is to figure out what they find rewarding and then use those rewards to get the behavior you want. You'll be amazed at what your bad dog will do when you know how he thinks and what turns him on!

Canine Behavior *Howell Book House The book that has shaped modern dog training and ownership with its unique and scientifically sound recognition of the "cultural" differences between dogs and humans. Dogs can't read so you need to in order to really understand your dog.

[Deepening Our Relationships with Dogs](#) Interpet

This book details everything from ongoing daily activities to social interaction among horses to abnormal behaviors. Each behavior is further explained by original line drawings, photographs or both.

Dominance in Dogs Eclipse Press Approaching puppy education from the puppy's perspective, this book presents the key skills a dog needs to cope with life, and assists owners in developing a fulfilling relationship with their puppy. Beautiful photographs illustrate the points made, and each chapter includes a worksheet to help owners chart their puppy's progress.

The Culture Clash Laura VanArendonk Baugh

Setting up and running a successful dog-related business is an achievement in itself (one addressed from A to Z in Veronica Boutelle's first book, *How to Run a Dog Business—Putting Your Career Where Your Heart Is*) but the real test is to build success and growth for the long haul.

This book will tell you: • How to develop your business for long-term financial security and personal fulfillment. • How you can become more comfortable and effective at selling your services. • What the smartest, easiest, least expensive ways to market yourself are. • How to level out the scheduling-and-revenue roller coaster of seasonal fluctuations. In straightforward language, sprinkled throughout with humor, Veronica and Rikke show you how to make choices that are right for you in an ever more competitive market.

Your One-Stop Resource for Choosing, Training, and Caring for Your Sheltered or Rescued Dog Dogwise Publishing

Akin to Monty Roberts's *The Man Who Listens to Horses* and going light-years beyond *The Hidden Life of Dogs*, this extraordinary book takes a radical new direction in understanding our life with canines and offers us astonishing new lessons about our pets. From changing the misbehaviors and habits that upset us, to seeing the world from their unique and natural perspective, to finding a deep connection with another being, *BONES WOULD RAIN FROM THE SKY* will help you receive an incomparable gift: a profound, lifelong relationship with the dog you love.

A Member of the Family James & Kenneth Pub

Culture Clash Dogwise Publishing

Don't Shoot the Dog! Veloce Publishing Ltd

You may have read books or seen TV shows that tell you that your dog will seek to dominate you, your family members and other pets unless you become the

"alpha" and put him in his place. The theory is that since dogs evolved from wolves and wolves (supposedly) form packs with strict pecking orders and battle each other to become the pack leader, your dog will do the same within your household. In this new US edition, author Barry Eaton separates out the facts from the fiction regarding dominance in pet dogs, presenting the reader with the results of recent research into the behavior of wolves and the impacts of selective breeding on the behavior of dogs. The results may surprise you and will surely inform you.

Oh Behave Dogwise Publishing

Describes how dogs think and learn, and provides dog training methods that take into consideration the unintentional effect human behavior has on the process.

The New Art of Teaching and Training Ballantine Books

A New York Times Bestseller "I have to hand it to Bradshaw and Ellis: Once you suss out their basic cat-training philosophy, their methods totally work." --Slate We often assume that cats can't be trained, and don't need to be. But in *The Trainable Cat*, bestselling anthrozoologist John Bradshaw and cat expert Sarah Ellis show that cats absolutely must be trained in order to enrich the bond between pet and owner. Full of training tips and exercises--from introducing your cat to a new baby to helping them deal with visits to the vet--*The Trainable Cat* is the essential cat bible for cat owners and lovers. "I doubt you'll find a more well-informed or scientific book on cats that

better shows you how feline thinking works."--Times (UK)

The Equid Ethogram Dogwise Publishing

The tools you need to think and train like a professional Jean Donaldson is one of the top dog trainers in the United States, and her training academy has gained a reputation as the Harvard for dog trainers and behavioral counselors. Now, you can harness her highly effective dog-training techniques and benefit from her expert guidance without leaving your home. If you're like most dog owners, you treat your four-legged friend as a valued member of the family who enjoys the full run of the house--which is why good behavior is so important. *Train Your Dog Like a Pro* offers a trusted, systematic approach to positive dog training that anyone can follow. You'll get clear, detailed instructions for teaching essential behaviors, more advanced skills, and even some fun tricks. Plus, a bonus DVD shows you exactly how to accomplish each technique. Bonus DVD contains 2 hours and 30 minutes of hands-on instruction. Training is based only on positive reinforcement, patience, and persistence. Donaldson is the best-selling author of *The Culture Clash: The Revolutionary New Way to Understanding the Relationship Between Humans and Domestic Dogs*. Whether you're the proud parent of a puppy, an adolescent, or an adult dog, this book and DVD truly give you everything you need to train your dog like a pro. Note: CD-ROM/DVD and other supplementary materials are not included as part of eBook file.
