When You Were Mine Orbit

At least they'd found her. Once the site was processed and the girl's body removed, they'd be able to identify her so that her family could give her the burial she deserved. This innocent girl was far too young to be lying in a grave, crushed under the weight of someone else's coffin... When the body of a teenage girl is found hidden inside a stranger's grave in a small-town cemetery in The Lake District, an urgent call is made to Forensic Pathologist Beth Adams. One look at the beautiful girl's broken body is enough to bring Beth out of hiding for the first time since an attempt on her own life a year ago... Beth doesn't believe it's a coincidence that the victim was found the same day a threatening gift was left on the doorstep of her secluded home. Her instincts are telling her that it's a trap, that she should run for safety. But she knows she's the only one with the expertise to help her trusted friend, Detective Josh Walker, crack the most shocking case of his career. The tiny traces of material Beth finds beneath the victim's fingernails is the break in the case the team need to chase down this twisted killer. But this critical lead comes

at a dangerous price, exposing Beth's whereabouts and dragging her back into the line of fire once again. With Beth's own life on the line, the investigation is already cracking under the pressure. Then another local girl goes missing... Can Beth stay alive long enough to catch the killer before he claims his next victim? An absolutely gripping new crime thriller that will grab fans of Patricia Gibney, LJ Ross and Angela Marsons from the very first page and leave them gasping for breath by the last.

A resilient young woman must outwit a sadistic psychopath in this pulse-pounding thriller from the author of *The Silence of the Lambs*, a "master still at the top of his strange and chilling form" (*Wall Street Journal*). Twenty-five million dollars in cartel gold lies hidden beneath a mansion on the Miami Beach waterfront.

Ruthless men have tracked it for years. Leading the pack is Hans-Peter Schneider. Driven by unspeakable appetites, he makes a living fleshing out the violent fantasies of other, richer men. Cari Mora, caretaker of the house, has escaped from the violence in her native country. She stays in Miami on a wobbly Temporary Protected Status, subject to the iron whim of ICE. She works at many jobs to survive. Beautiful, marked by war, Cari catches the eye of Hans-Peter as he closes in on the treasure. But Cari Mora has surprising skills, and her will to survive has been tested before. Monsters lurk in the crevices between male desire and female survival. No other writer in the last century has conjured those monsters with more terrifying brilliance than Thomas Harris. Cari Mora, his sixth novel, is the long-awaited return of an American master.

Something Wild Scholastic Inc.

From USA Today bestselling author Jennifer Sucevic comes a sexy, new standalone novel. Trust me when I say that Rowan Michaels fever is alive and well at Western University. His fanbase is legendary. The guy is a major player. Both on and off the field. Girls fall all over themselves to be with him. They fill the stands at football practice, show up at parties he's rumored to be at, and basically stalk him around campus. It's a little

nauseating. Don't these girls have any self-respect when it comes to a hot guy? Fine... I'll admit it, he's good looking. If you're into that kind of thing. Which I'm not. I've got school and soccer to keep me busy which is exactly why I avoid him like an unfortunate clap diagnosis. Too bad for me that Rowan is my father's star quarterback. He's practically part of the family, attending Wednesday night dinners with us. To make matters worse, we're in the same major and get stuck together in classes every semester. It's like the universe is trying to play a cosmic joke on me. The one guy I'd like to steer clear of is the very same one I can't seem to get away from. But what if Rowan isn't the manwhore I pegged him to be? What if one little secret has the capability to change everything between us? *This is a mature New Adult novel with strong language and sexual situations intended for readers over the age of 18*

"Alif had never set foot outside of West Sumatra. He passed his childhood days searching for fallen durian fruit in the jungle, playing soccer on rice paddies, and swimming in the blue waters of Lake Maninjau. His mother wants him to attend an Islamic boarding school, a pesantren, while he dreams of public high school. Halfheartedly, he follows his mother's wishes. He finds himself on a grueling three-day bus ride from Sumatra to Madani Pesantren (MP) in a remote village on Java. On his first day at MP, Alif is captivated by the powerful phrase *man jadda wajada*. He who gives his all will surely succeed. United by punishment, he quickly becomes friends with five boys from across the archipelago, and together they become known as the Fellowship of the Manara. Beneath the mosque's minaret, the boys gaze at the clouds on the horizon, seeing in them their individual dreams of far-away lands, like America and Europe. Where would these dreams take them? They didn't know. What they did know was: never underestimate dreams, no matter how high they may be. God truly is The Listener. *The Land of Five Towers* is the first book in a trilogy written by A. Fuadi—a former TEMPO & VOA reporter, photography buff, and a social entrepreneur. He went to George Washington University and Royal Holloway, University of London for his masters. A portion of the royalties from the trilogy are intended to build Komunitas Menara, a volunteer-based social organization which aims to provide free schools, libraries, clinics and soup kitchens for the less fortunate. The Tribe Of Kite Riders Little, Brown Books for Young Readers

From New York Times bestselling author Jenna Evans Welch comes a boxed set of three romances set in the beautiful countrysides of Italy, Ireland, and Greece about life, love, and the true meaning of family. Teen girls find themselves—and maybe even true love—while visiting faraway places in these charming and swoon-worthy books. In *Love & Gelato*, Lina reluctantly fulfills her mother's dying wish by traveling to Florence to spend the summer with the birth father she never met. When she finds her mother's old journal, the summer becomes about discovering the landscape through her mother's eyes. With her new friend, Ren, as her travel companion, Lina discovers unexpected things about her late mother, her real father, and herself. Addie visits Ireland for her aunt's over-the-top destination wedding in *Love & Luck*. She's hoping the distance from home will help her forget the

mistake she made that left her miserable and alienated from her brother. And when she discovers the unusual guidebook *Ireland for the Heartbroken*, Addie finds herself on a whirlwind tour of the Emerald Isle with her brother and his Irish friend, Rowan. As the trio journeys over breathtaking green hills, past countless castles, and through a number of fairy tale forests, Addie hopes her guidebook will heal not only her broken heart, but also her shattered relationship with her brother. In *Love & Olives*, Evie goes to Greece to reconnect with her father who left her when she was only eight, and help him with his documentary about the lost city of Atlantis, an interest they've always shared. Evie struggles to keep her questions and resentments at bay while exploring stunning Santorini—the turquoise water, the hidden caves, and the rich history—with her father's research assistant, Theo, at her side. But soon it becomes clear that the documentary isn't what it seems and Evie's father may have invited her to Greece for something much more important.

The Labyrinth of Osiris Guepedia

A witty, charming fantasy adventure starring Greta Helsing, doctor to the undead, whose family has been keeping the supernatural community not-alive and well for generations. When Greta Helsing, doctor to the undead, is unexpectedly called to Paris to present at a medical conference, she expects nothing more exciting than professional discourse on zombie reconstructive surgery and skin disease in bogeymen—and hopefully at least one uneventful night at the Opera.

Unfortunately for Greta, Paris happens to be infested with a coven of vampires -- and not the civilized kind. If she hopes to survive, Greta must navigate the darkest corners of the City of Lights, the maze of ancient catacombs and mine-tunnels underneath the streets, where there is more to find than simply dead men's bones. Praise for the Dr. Greta Helsing Novels: "An exceptional and delightful debut, in the tradition of *Good Omens* and *A Night in the Lonesome October*."—Elizabeth Bear, Hugo-award winning author "Shaw balances an agile mystery with a pitch-perfect, droll narrative and cast of lovable misfit characters. Greta Helsing inherited her family's highly specialized and highly peculiar medical practice. In her consulting rooms, Dr. Helsing treats the undead for a host of ills: vocal strain in banshees, arthritis in barrow-wights, and entropy in mummies. Until a sect of murderous monks emerges, killing human and undead Londoners alike. As terror takes hold of the city, Greta must use her unusual skills to stop the cult if she hopes to save her practice and her life.
