Using Lady Morgan's *The Wild Irish Girl* as his point of departure, Thomas J. Tracy argues that nineteenth-century debates over what constitutes British national identity often revolved around representations of Irishness, especially Irish womanhood. He maps the genealogy of this development in fiction, political discourse, and the popular press, from Edgeworth's *Castle Rackrent* through Trollope's Irish novels, focusing on the pivotal period from 1806 through the 1870s.

Factory-correct cars will always be the most valuable cars on the market. Original Chevrolet Camaro 1967-1969 tells you exactly which parts, accessories, finishes, fabrics, and colors you must have to restore your Camaro to its factory-original condition—or exactly what to look for when shopping for a restored Camaro. Some 250 color images detail Chevy's major performance packages of the period—the SS, RS and Z/28—while exhaustively detailing engines, interiors, and bodies. Of equal importance, muscle-car authority Jason Scott provides factory records, comprehensive specifications, detailed parts lists and codes, and period literature to offer the definitive guide to originality. Chevrolet's Camaro was introduced in 1967 on the heels of Ford's best-selling Mustang. It quickly established itself as the go-to option for muscle-car customers wanting a more aggressive pony car. During its first generation from 1967 to 1969, GM offered option packages to satisfy all tastes, from six-cylinders grocery-getters to agile small-block cars to big-block monsters ready for drag racing straight off the showroom floor. Today, these first-generation Camaros are some of the most valuable cars in the collectible muscle-car market. This is a must-have volume for any enthusiast shopping for a first-generation Camaro or about to

undertake a restoration project.

The Triumph 750 is probably the classic British motorcycle that most people will recognize, whether they are enthusiasts or not. The bike's desirability continues to grow, aided by its easy availability and excellent parts back up. Triumph Bonneville T140 is aimed at the DIY enthusiast interested in renovation and restoration, and is fully illustrated with high-quality color images, coupled with clear and concise text. Following the real life resurrection of a T140E, with all the work being carried out by the author, the book shows how to assess wear in all mechanical components, then assists in deciding the most cost effective method of dealing with it. The process is dealt with in detail giving the owner the confidence to carry out repairs to a high standard, which will be both cost effective and satisfying. Brakes, suspension, brightwork and trim are all also addressed, making this an essential purchase for all Triumph 750 owners.

Colombia, one of South America's oldest, middle-income democracies, has developed rapidly despite a fifty year "simmering" civil war and increasing levels of urban and rural crime and violence. In the past decade, however, the scale and intensity of violence has changed from a marginal conflict to generalized violence that now dominates the daily lives of most

citizens. As remote guerilla activity has turned into country-wide "war," bringing in paramilitary groups, drug cartels, and other social actors, so too the causes of violence have changed. These have included both external events such as the collapse of the Cold War, as well as internal changes relating to economic liberalization, coal and oil developments and the impact of the global trade in illicit narcotics. Violence in Colombia is highly complex not only because of the different categories, but also due to its multiple causes. This paper combines disparate existing theories to develop an integrated framework that identifies four different levels of causality: structural, institutional, interpersonal, and individual. It recognizes the mutually reinforcing role played by factors at different levels of causality. Underlying the causes of violence in Colombia is minimal state presence in many parts of the country, widespread corruption and impunity, high levels of societal acceptance of violence, and a regionally fragmented country.
