Ford Mustang Buyer's & Restoration Guide, 1964 1/2 -2007 Penguin

Vivid, universal, and emotionally complex, Kristin Hannah's *Night Road* raises profound questions about motherhood, identity, love, and forgiveness. "A rich, multilayered reading experience, and an easy recommendation for book clubs." —Library Journal (starred review) Life comes down to a series of choices. To hold on... To let go...to forget...to forgive... Which road will you take? For eighteen years, Jude Farraday has put her children's needs above her own, and it shows—her twins, Mia and Zach, are bright and happy teenagers. When Lexi Baill moves into their small, close-knit community, no one is more welcoming than Jude. Lexi, a former foster child with a dark past, quickly becomes Mia's best friend. Then Zach falls in love with Lexi and the three become inseparable. Jude does everything to keep her kids out of harm's way. But senior year of high school tests them all. It's a dangerous, explosive season of drinking, driving, parties, and kids who want to let loose. And then on a hot summer's night, one bad decision is made. In the blink of an eye, the Farraday family will be torn apart and Lexi will lose everything. In the years that follow, each must face the consequences of that single night and find a way to forget...or the courage to forgive. Vivid, universal, and emotionally complex, *Night Road* raises profound questions about motherhood, identity, love, and forgiveness. It is a luminous, heartbreaking novel that captures both the exquisite pain of loss and the stunning power of hope. This is Kristin Hannah at her very best, telling an unforgettable story about the longing for family, the resilience of the human heart, and the courage it takes to forgive the people we love. "You cannot read *Night Road* and not be affected by the story and the characters. The total impact of the book will stay with you for days to come after it is finished." —The Huffington Post

In 1957, when very few Mexican-Americans were familiar with the game of golf, and even less actually played it, a group of young caddies which had been recruited to form the San Felipe High School Golf Team by two men who loved the game, but who had limited access to it, competed against all-white schools for the Texas State High School Golf Championship. Despite having outdated and inferior equipment, no professional lessons or instructions, four young golfers with self-taught swings from the border city of Del Rio, captured the State title. Three of them took the gold, silver and bronze medals for best individual players. This book tells their story from their introduction to the game as caddies to eventually becoming champions.
