Monastic Rules of Shenoute Oxford University Press

Ancient history is fascinating, but it can be difficult to find material that teaches it from a Christian perspective. Even harder is finding a history curriculum that captivates students. But Angela O'Dell's newly revised *The World's Story 1 - The Ancients* does both! Students will learn all about the ancient civilizations of the Middle East, Europe, Africa, Asia, and the Americas from a strong Biblical perspective. Focuses on History and interweaves a Christian perspective throughout. Features an engaging historical narrative. First volume in a three-book world history series for upper elementary and junior high students. The text covers Biblical history, also educating students about civilizations mentioned in the Bible, including ancient Egypt, ancient Israel, ancient Babylon,

ancient Persia, ancient Greece, and ancient Rome, up to the development of the early Church. It also discusses other ancient civilizations from around the world.

[How to Tell a Story](#) Cambridge University Press

Introducing an incredible storytelling package—a full-color, 144-page book paired with a collection of 20 six-sided, beautifully illustrated storytelling cubes that make it easy for any imaginative child (and that is every child) to start creating wonderful stories. Roll the blocks, and you can make anything happen, to anyone, anyplace in this or any other world. The book is a guide to the principles of creative storytelling. It covers the essential elements like conflict—that thing that no one likes in

real life, but without which no story could ever start—characters, motivation, dialogue, theme, and, of course, the climax. As you turn the pages, you'll be prompted to roll the story blocks. And that's when the magic starts to happen. The blocks are coded by color, each loosely associated with a part of speech. A simple exercise about motivation, for example, asks the reader to roll the blocks and find one red block (person or animal) "who wanted nothing more in this world than to" one green block (action). Depending on the outcome, the reader might end up telling a tale of a cowboy who just wanted to dance or a mummy who wanted to race cars. How to Tell a Story combines the surprising whimsy of Mad Libs with the compelling fun of storytelling cubes. Its exercises

and games will have readers mastering the basics of storytelling while exercising their creative muscles. And who knows where that journey will end?

The Simple Past came out in 1954, and both in France and its author's native Morocco the book caused an explosion of fury. The protagonist, who shares the author's name, Driss, comes from a Moroccan family of means, his father a self-made tea merchant, the most devout of Muslims, quick to be provoked and ready to lash out verbally or physically, continually bent on subduing his timid wife and many children to his iron and ever-righteous will. He is known, simply, as the Lord, and Driss, who is in high school, is in full revolt against both him and the French colonial authorities, for whom, as much as for his father, he is no one. Driss Chraïbi's classic coming-of-age story is about

colonialism, Islam, the subjection of women, and finding, as his novel does, a voice that is as cutting and coruscating as it is original and free.
