History of Malabar Coast from 1498-1531 and the Portuguese  
presence in the area.

### **Impacts of climate change on fisheries and aquaculture**

Two Lions

The book is a compilation of selected papers from 2020  
International Conference on Electrical and Electronics

Engineering (ICEEE 2020) held in National Power Training  
Institute HQ (Govt. of India) on February 21 - 22, 2020. The work  
focuses on the current development in the fields of electrical and  
electronics engineering like power generation, transmission and  
distribution, renewable energy sources and technology, power  
electronics and applications, robotics, artificial intelligence and  
IoT, control, and automation and instrumentation, electronics  
devices, circuits and systems, wireless and optical  
communication, RF and microwaves, VLSI, and signal processing.  
The book is beneficial for readers from both academia and  
industry.

*Narayana Guru, Complete Works Career Examination*

-This book's publication marks the 70th year of India's Independence -Celebrates the country's ancient history, exploring the societies that have flourished there in the distant past through the imprint they have left on India's monuments -Will undoubtedly be of interest to students of architecture, based in the featured region and elsewhere India's success in conserving its archaeological heritage will be assessed, in a book that does not shy from the question of what has been lost in the past. It begins with looking at the impact of Partition on monuments, museum collections and the nature of archeological research itself. It will provide an overview and an analysis of archeological investigations, as well as methods and ideas used in collecting and processing data. Along with work done by government institutions, attention will be drawn to community practices that have helped preserve objects of antiquarian interest. This book is a simultaneous homage to India's rich history, and a treatise on archeological practice itself.

CTET & STATE TET (English language) Oxford University Press  
India

This book has been designed by combining the goodness of the original Wren & Martin text, High School Grammar & Composition, and specialized content developed by a panel of competitive examination experts in the area of the English language. The USP is therefore adapting a classical text to the needs of the various admission and recruitment competitive examination aspirants. Its exhaustive coverage ensures that virtually no competitive examination remains untouched. Students preparing for descriptive tests such as UPSC

(Compulsory English and General English Papers of Main Exams) and state PCS examinations, Judicial Services examination, Indian Forest Service examination, Statistical Services and many other examinations in which subjective papers/tests are mandatory will find this book immensely useful. The book is also a boon for those students who are preparing for objective tests such as Banking and Insurance, SSC, UPSC preliminary, Defence Services, Law entrance, Business School entrance examinations, and many other admission and recruitment examinations. A unique feature of this book is demonstration of the connectedness of the concepts and their applications visually, with the help of arrows and pointers. The aspirant will also find questions from recent examinations on virtually every page of the book. An index of examination-wise questions has been included so that the aspirant can choose the sections according to the targeted examination and focus more. Topic-wise distribution of questions in English examination papers - both descriptive and objective - will also help aspirants to undertake a very well directed test-prep program using the book.
