Iron Tears New Leaf Publishing Group
 "Give me Liberty, or give me Death!" is a famous quotation attributed to Patrick Henry from a speech he made to the Virginia Convention. It was given March 23, 1775, at St. John's Church in Richmond, Virginia, ..
The New World to the Modern Age (1500 AD to 1900 AD) A Guide to America's Revolutionary War in Question and Answer FormatIf you've ever found American history boring or hard to understand, this book is for you. Inside, a bright, curious student poses questions about the American Revolution-such as "One if by land and two if by sea? How could the Redcoats come by land when there's no land between England and America?"-and a kind, knowledgeable teacher answers them. Nothing escapes the student's inquisitive mind, and the teacher is endlessly patient. Originally published as a section of the author's larger "Conversations in Early American History: 1492-1837" (later retitled "American History from Christopher Columbus to Andrew Jackson in Easy Question

and Answer Format") this paperback edition clearly explains the causes of the Revolutionary War, describes the key battles, outlines the peace settlement, and profiles the heroes of the Revolution.The Thrifty Guide to the American RevolutionA Handbook for Time Travelers Thirteen African-American men and women who spoke up for freedom in the American Revolution are profiled in this work.
American Literature (Teacher Guide) Oxford University Press
 Packed with anecdotes, sidebars, quotes, and illustrations, A Kids' Guide to the American Revolution brings vividly to life the birth of our nation. Introduce young readers to the stakes, challenges, setbacks, and victories involved in the single most important event in our nation's history, the American Revolution, with this approachable book from Kathleen Krull, a Children's Book Guild Nonfiction Award winner. Find out what events led our young nation to go to war with Great Britain and how the Declaration of Independence, the document that continues to shape our civil rights, came to be. • Why did the colonists want independence from Great Britain? • What brought on the Boston Tea Party? • How did the Declaration of Independence initially impact women and slaves? • What did Benjamin Franklin do to convince the French to join the revolution?

• How was George Washington chosen to lead the new young country? • What elements of the Declaration of Independence continue to be debated today? Kathleen Krull is an expert at bringing history to life in her engaging titles and series, including *Women Who Broke the Rules*, *Lives of . . .*, *Giants of Science*, and her other books in A Kids' Guide series, A Kids' Guide to America's Bill of Rights and A Kids' Guide to America's First Ladies.

Average Americans Were the True Framers of the Constitution Woody Holton upends what we think we know of the Constitution's origins by telling the history of the average Americans who challenged the framers of the Constitution and forced on them the revisions that produced the document we now venerate. The framers who gathered in Philadelphia in 1787 were determined to reverse America's post-Revolutionary War slide into democracy. They believed too many middling Americans exercised too much influence over state and national policies. That the framers were only partially successful in curtailing citizen rights is due to the reaction, sometimes violent, of unruly average Americans. If not to protect civil liberties and the freedom of the people, what motivated the framers? In *Unruly Americans and the Origins of the Constitution*, Holton provides the startling discovery that the primary purpose of the Constitution was, simply put, to make America more attractive to investment. And the linchpin to that endeavor was taking power away from the states and ultimately away from the people. In an eye-opening interpretation of the Constitution, Holton captures how the same class of Americans that produced Shays's Rebellion in Massachusetts (and rebellions in damn near every other state) produced the Constitution we now revere. *Unruly Americans and the Origins of the Constitution* is a 2007 National Book Award Finalist for Nonfiction.

The American Pageant Read Books Ltd

The American Crisis is a collection of articles by Thomas Paine, originally published from December 1776 to December 1783, that focus on rallying Americans during the worst years of the Revolutionary War. Paine used his deistic beliefs to galvanize the revolutionaries, for example by claiming that the British are trying to assume the powers of God and that God would support the American colonists. These articles were so influential that others began to adopt some of their more stirring phrases, catapulting them into the cultural consciousness; for example, the opening line of the first Crisis, which reads "These are the times that try men's souls." This book is part of the Standard Ebooks project, which produces free public domain ebooks.

Don Troiani's Paintings of the Revolutionary War Emereo Publishing

America fought to gain independence from British colonial power between 1763 and 1783. It wasn't just a battle won by American revolutionaries. It was also lost by the British. Combining fascinating scenes of dissent in domestic British politics with graphic descriptions of the war in America, Weintraub's narrative is a page-turning story of military and political misfortune. As George Washington managed to hold his ragged and overmatched Continental army together and create a nation, his opponents -- principally King George III and his prime minister, Lord North -- themselves faced increasing resistance to the war's brutality and costs. Their opponents in Parliament and the press gradually turned pacifist and sympathetic to the Americans, and were unwilling to bear the costs of the Empire in America. As the tide turned on the battlefield, the 'iron tears' of muskets and cannon shed by the redcoats were matched by tearful protests in London. Although King George threatened to abdicate in frustration, many British merchants, voters, and politicians supported the cause of the new American nation, and were inspired by the leadership of Washington. Stanley Weintraub's masterful and eye-opening new history of the American War of Independence is the first ever written from a trans-Atlantic perspective.

Classic Books Library presents this brand new edition of "The Federalist Papers", a collection of separate essays and articles compiled in 1788 by Alexander Hamilton. Following the United States Declaration of Independence in 1776, the governing doctrines and policies of the States lacked cohesion. "The Federalist", as it was previously known, was constructed by American statesman Alexander Hamilton, and was intended to catalyse the ratification of the United States Constitution. Hamilton recruited fellow statesmen James Madison Jr., and John Jay to write papers for the compendium, and the three are known as some of the Founding Fathers of the United States. Alexander Hamilton (c. 1755-1804) was an American lawyer, journalist and highly influential government official. He also served as a Senior Officer in the Army between 1799-1800 and founded the Federalist Party, the system that governed the nation's finances. His contributions to the Constitution and leadership made a significant and lasting impact on the early development of the nation of the United States.

[The war of the American Revolution](#) Penguin

Captain Wilkins: Ready to fire the town on your order, sir. Colonel Tavington: The town? Huh, burn the church. Captain Wilkins: There's no honor in this. Colonel Tavington: Didn't you say, all those who stand against England deserve to die a traitor's death? Burn the church, Cap This scene in the movie The Patriot raises several questions. Did the British burn churches during the American Revolution? Were churches burned with people locked inside? As you have probably guessed, the correct answers are "yes" and "no." Like many South Carolinians, Jim Neal saw this movie. Since retiring, he had done some part-time work, but always finds himself drawn back to his first love - South Carolina history. Neal knew of a couple of churches had been burned - Old Waxhaw Presbyterian Church in Lancaster, where his mother had been a member, and Sheldon in Beaufort County, where a roadside marker states it was burned by the British. He became intrigued with learning about the churches in South Carolina that were burned and quickly discovered that a list did not exist. With help from the South Caroliniana Library, S.C. Department of Archives and History and Southern Campaigns of the American Revolution, he began to research the churches. Bill Segars's career as a general contractor working from his home base in Kellytown, S.C., was rewarding, but he was drawn to the older churches that he would drive by as he traveled to his company's building sites. His passion for history and his knowledge of construction came together, thanks to Larry Nix, who introduced him to old churches through his book The Old Churches of South Carolina. This 46-page volume contained a brief description of 185 pre-Civil War churches that exist in South Carolina. With this book, a camera and a map in hand, Segars set out on a quest to find, photograph, and research these buildings. His file of churches exceeded 700 when he encountered a book on historical United Methodist churches and places in South Carolina...written by Jim Neal. A phone call by Segars and a couple of meetings resulted in a partnership. The book is subtitled A Pictorial Guide, but it could have justifiably been named A Pictorial Journey. You will find photographs of each site, directions, even GPS coordinates. In addition, the authors have included information on what happened at each site. You will find that history is not always as presented and that we are still learning about these churches. Join Neal and Segars on this adventure to Churches in South Carolina Burned During the American Revolution
