BROOKLYNN JERAMIAH

Why I Write SUNY Press
George Orwell set out
'to make political
writing into an art', and
to a wide extent this
aim shaped the future
of English literature -
his descriptions of
authoritarian regimes
helped to form a new
vocabulary that is
fundamental to

understanding
totalitarianism. While
1984 and Animal Farm
are amongst the most
popular classic novels
in the English
language, this new
series of Orwell's
essays seeks to bring a
wider selection of his
writing on politics and
literature to a new
readership. In *Why I
Write*, the first in the
Orwell's Essays series,
Orwell describes his
journey to becoming a
writer, and his

movement from writing poems to short stories to the essays, fiction and non-fiction we remember him for. He also discusses what he sees as the 'four great motives for writing' - 'sheer egoism', 'aesthetic enthusiasm', 'historical impulse' and 'political purpose' - and considers the importance of keeping these in balance. *Why I Write* is a unique opportunity to look into Orwell's mind, and it grants the reader an entirely different vantage point from which to consider the rest of the great writer's oeuvre. 'A writer who can - and must - be rediscovered with every age.' — Irish Times

One of Book Riot's
"The Best Books We

Read in October 2018"
"To say this collection is transgressive, provocative, and brilliant is simply to tell you the truth."

—Roxane Gay, author of *Hunger* and *Bad Feminist*
Smart, humorous, and strikingly original essays by one of "America's most bracing thinkers on race, gender, and capitalism of our time" (Rebecca Traister) In these eight piercing explorations on beauty, media, money, and more, Tressie McMillan Cottom—award-winning professor and acclaimed author of *Lower Ed*—embraces her venerated role as a purveyor of wit, wisdom, and Black Twitter snark about all that is right and much that is wrong with this thing we call society.

Ideas and identity fuse effortlessly in this vibrant collection that on bookshelves is just as at home alongside Rebecca Solnit and bell hooks as it is beside Jeff Chang and Janet Mock. It also fills an important void on those very shelves: a modern black American feminist voice waxing poetic on self and society, serving up a healthy portion of clever prose and southern aphorisms as she covers everything from Saturday Night Live, LinkedIn, and BBQ Becky to sexual violence, infant mortality, and Trump rallies. Thick speaks fearlessly to a range of topics and is far more genre-bending than a typical compendium of personal essays. An intrepid intellectual

force hailed by the likes of Trevor Noah, Chimamanda Ngozi Adichie, and Oprah, Tressie McMillan Cottom is “among America’s most bracing thinkers on race, gender, and capitalism of our time” (Rebecca Traister). This stunning debut collection—in all its intersectional glory—mines for meaning in places many of us miss, and reveals precisely how the political, the social, and the personal are almost always one and the same.

"[Smith's] slim collection of essays captures this peculiar moment with startling clarity. . . . The personal and political intermingle for a powerful indictment of America's social systems." —TIME, The 100 Must-Read Books of 2020 "While quarantined amid the Covid-19 pandemic, Smith penned six dazzling, trenchant

essays burrowing deep into our contemporary culture of disease and upheaval and reflecting on what was 'once necessary' that now 'appears inessential . . .'" —O, The Oprah Magazine, Best Books of 2020 "Smith does more than illuminate what we're going through right now. She offers a model of how to think ourselves through a fraught historical moment without getting hysterical or sanctimonious, without losing our compassion or our appreciation for what's good in other people. She teaches us how to be better at being human." —John Powers, *Fresh Air* Deeply personal and powerfully moving, a short and timely series of reflective essays by one of the most clear-

sighted and essential writers of our time. Written during the early months of lockdown, *Intimations* explores ideas and questions prompted by an unprecedented situation. What does it mean to submit to a new reality--or to resist it? How do we compare relative sufferings? What is the relationship between time and work? In our isolation, what do other people mean to us? How do we think about them? What is the ratio of contempt to compassion in a crisis? When an unfamiliar world arrives, what does it reveal about the world that came before it? Suffused with a profound intimacy and tenderness in response to these extraordinary times, *Intimations* is a slim,

suggestive volume with a wide scope, in which Zadie Smith clears a generous space for thought, open enough for each reader to reflect on what has happened--and what should come next. The author will donate her royalties from the sale of *Intimations* to charity.

"She remains a thinker and activist who 'insists upon complexity.'" Reamy Jansen, San Francisco Chronicle
 *Some of Us Did Not Die brings together a rich sampling of the late poet June Jordan's prose writings. The essays in this collection, which include her last writings and span the length of her extraordinary career, reveal Jordan as an incisive analyst of the personal and public costs of remaining committed to the ideal and practice of democracy. Willing to venture into the most painful contradictions of American culture

and politics, Jordan comes back with lyrical honesty, wit, and wide-ranging intelligence in these accounts of her reckoning with life as a teacher, poet, activist, and citizen.

Moving between journal entry, memoir, and exposition, Audre Lorde fuses the personal and political as she reflects on her experience coping with breast cancer and a radical mastectomy. A Penguin Classic First published over forty years ago, *The Cancer Journals* is a startling, powerful account of Audre Lorde's experience with breast cancer and mastectomy. Long before narratives explored the silences around illness and women's pain, Lorde questioned the rules of

conformity for women's body images and supported the need to confront physical loss not hidden by prosthesis. Living as a "black, lesbian, mother, warrior, poet," Lorde heals and re-visions herself on her own terms and offers her voice, grief, resistance, and courage to those dealing with their own diagnosis. Poetic and profoundly feminist, Lorde's testament gives visibility and strength to women with cancer to define themselves, and to transform their silence into language and action.

TAKE CARE explores what it means to survive within systems not designed for tenderness. Bound in

personal testimony, the poems situate the act of rape within the machinery of imperialism, where human and non-human bodies, lands, and waters are violated to uphold colonial powers. Andrada explores the magnitude of rape culture in the everyday: from justice systems that dehumanise survivors, to exploitative care industries that deny Filipina workers their agency, to nationalist monuments that erase the sexual violence of war. Unsparring in their interrogation of the gendered, racialised labour of care, the poems flow to a radical, liberatory syntax. Physical and online terrain meld into a surreal ecosystem of speakers, creatures, and excavated

histories. Brimming with incantatory power, Andrada's verses move between breathless candour and seething restraint as they navigate memory and possibility. Piercing the heart of our cultural crisis, these poems are salves, offerings, and warnings.

Perhaps no twentieth century writer was so observant and elegant a chronicler of his times as Truman Capote. Whether he was profiling the rich and famous or creating indelible word-pictures of events and places near and far, Capote's eye for detail and dazzling style made his reportage and commentary undeniable triumphs of the form. Portraits and Observations is the first volume devoted

solely to all the essays ever published by this most beloved of writers. From his travel sketches of Brooklyn, New Orleans, and Hollywood, written when he was twenty-two, to meditations about fame, fortune, and the writer's art at the peak of his career, to the brief works penned during the isolated denouement of his life, these essays provide an essential window into mid-twentieth-century America as offered by one of its canniest observers. Included are such celebrated masterpieces of narrative nonfiction as "The Muses Are Heard" and the short nonfiction novel "Handcarved Coffins," as well as many long-out-of-print essays, including portraits of

Isak Dinesen, Mae West, Marcel Duchamp, Humphrey Bogart, and Marilyn Monroe. Among the highlights are "Ghosts in Sunlight: The Filming of In Cold Blood," "Preface to Music for Chameleons, in which Capote candidly recounts the highs and lows of his long career, and a playful self-portrait in the form of an imaginary self-interview. The book concludes with the author's last written words, composed the day before his death in 1984, the recently discovered "Remembering Willa Cather," Capote's touching recollection of his encounter with the author when he was a young man at the dawn of his career. Portraits and Observations puts on

display the full spectrum of Truman Capote's brilliance. Certainly, Capote was, as Somerset Maugham famously called him, "a stylist of the first quality." But as the pieces gathered here remind us, he was also an artist of remarkable substance.

greatest challenges of our times and in it Walker encourages readers to take faith in the fact that, despite the daunting predicaments we find ourselves in, we are uniquely prepared to create positive change. The hardcover edition of *We Are the Ones We Have Been Waiting For* included a national tour that saw standing-room-only crowds and standing ovations. ONE OF THE BEST BOOKS OF THE YEAR BY Time • The Guardian • Harper's Bazaar • San Francisco Chronicle • The Atlantic • Financial Times • Kirkus Finalist for the PEN/Diamonstein-Spielvogel Award for the Art of the Essay and PEN/Jean Stein Book Award With this collection of more than fifty pieces on politics, photography, travel, history, and literature, Teju Cole solidifies his place as one of today's most powerful and original voices. On page after page, deploying prose dense with beauty and ideas, he finds fresh and potent ways to interpret art, people, and historical moments, taking in subjects from Virginia Woolf, Shakespeare,

and W. G. Sebald to Instagram, Barack Obama, and Boko Haram. Cole brings us new considerations of James Baldwin in the age of Black Lives Matter; the African American photographer Roy DeCarava, who, forced to shoot with film calibrated exclusively for white skin tones, found his way to a startling and true depiction of black subjects; and (in an essay that inspired both praise and pushback when it first appeared) the White Savior Industrial Complex, the system by which African nations are sentimentally aided by an America “developed on pillage.” Persuasive and provocative, erudite yet accessible, *Known and Strange*

Things is an opportunity to live within Teju Cole’s wide-ranging enthusiasms, curiosities, and passions, and a chance to see the world in surprising and affecting new frames. Praise for *Known and Strange Things* “On every level of engagement and critique, *Known and Strange Things* is an essential and scintillating journey.”—Claudia Rankine, *The New York Times Book Review* (Editors’ Choice) “A heady mix of wit, nostalgia, pathos, and a genuine desire to untangle the world, or at the least, to bask in its unending riddles.”—*The Atlantic* “Brilliant . . . mind.”—Time “[Known and Strange Things] showcases the magnificent breadth of subjects [Cole] is able to plumb with . . . passion and eloquence.”—Harper’s Bazaar “[Cole is] one of the most vibrant voices in contemporary writing.”—LA Times “Cole has fulfilled the dazzling promise of his novels *Every Day Is for the Thief* and *Open City*. He ranges over his interests with voracious keenness, laser-sharp prose, an open heart and a clear eye.”—The Guardian “Remarkably probing essays . . . Cole is one of only a very few lavishing his focused attention on that most approachable (and perhaps therefore most overlooked) art form, photography.”—Chicago Tribune “There’s

almost no subject Cole can’t come at from a startling angle. . . . His [is a] prickly, eclectic, roaming mind.”—The Boston Globe “[Cole] brings a subtle, layered perspective to all he encounters.”—Vanity Fair “In page after page, Cole upholds the sterling virtue of good writing combined with emotional and intellectual engagement.”—The New Statesman “[Known and Strange Things possesses] a passion for justice, a deep sympathy for the poor and the powerless around the world, and a fiery moral outrage.”—Poets and Writers

So pervasive are human impacts on the planet that it's said we live in a new geological epoch: the Anthropocene. In *Under a White Sky*, Elizabeth Kolbert takes a hard look at the new world we are creating.

Along the way, she meets biologists who are trying to preserve the world's rarest fish, which lives in a single tiny pool in the middle of the Mojave; engineers who are turning carbon emissions to stone in Iceland; Australian researchers who are trying to develop a "super coral" that can survive on a hotter globe; and physicists who are contemplating shooting tiny diamonds into the stratosphere to cool the earth. One way to look at human

civilization, says Kolbert, is as a ten-thousand-year exercise in defying nature. In *The Sixth Extinction*, she explored the ways in which our capacity for destruction has reshaped the natural world. Now she examines how the very sorts of interventions that have imperiled our planet are increasingly seen as the only hope for its salvation. By turns inspiring, terrifying, and darkly comic, *Under a White Sky* is an utterly original examination of the challenges we face.
