The Fall of Princes

An American journalist
researches the notorious
roundup of Parisian Jews
and uncovers her French
family's war-era secrets.
The Legend of Georgia
McBride HarperOne
Before AIDS, the role of
behavioral interventions
in preventing
transmission of sexually
transmitted diseases was
acknowledged in text
books and journals but
rarely promoted
effectively in public health
practice. This book
addresses the
complexities and social
contexts of human
behaviors which spread
STDs, the cultural barriers
to STD education, and the
sociopolitical nuances
surrounding treatment.

Trying to Save Piggy
Sneed contains a dozen
short works by John Irving,
beginning with three
memoirs, including an
account of Mr. Irving's
dinner with President
Ronald Reagan at the
White House. The longest
of the memoirs, "The
Imaginary Girlfriend," is
the core of this collection.

The middle section of the
book is fiction. Since the
publication of his first
novel, *Setting Free the
Bears*, in 1968, John Irving
has written twelve more
novels but only half a
dozen stories that he
considers "finished": they
are all published here,
including "Interiors,"
which won the O. Henry
Award. In the third and
final section are three
essays of appreciation:
one on Günter Grass, two
on Charles Dickens. To
each of the twelve pieces,
Mr. Irving has contributed
his Author's Notes. These
notes provide some
perspective on the
circumstances
surrounding the writing of
each piece—for example,
an election-year diary of
the Bush-Clinton
campaigns accompanies
Mr. Irving's memoir of his
dinner with President
Reagan; and the notes to
one of his short stories
explain that the story was
presented and sold to
Playboy as the work of a
woman. *Trying to Save
Piggy Sneed* is both as
moving and as
mischievous as readers
would expect from the
author of *The World
According to Garp*, *The
Cider House Rules*, *A
Prayer of Owen Meany*, *A
Widow for One Year*, and
In One Person. And Mr.

Irving's concise
autobiography, "The
Imaginary Girlfriend," is
both a work of the utmost
literary accomplishment
and a paradigm for living.
Skyhorse Publishing, as
well as our Arcade, Yucca,

are proud to publish a
broad range of books for
readers interested in
fiction—novels, novellas,
political and medical
thrillers, comedy, satire,
historical fiction, romance,
erotic and love stories,
mystery, classic literature,
folklore and mythology,
literary classics including
Shakespeare, Dumas,
Wilde, Cather, and much
more. While not every
title we publish becomes
a New York Times
bestseller or a national
bestseller, we are
committed to books on
subjects that are
sometimes overlooked
and to authors whose
work might not otherwise
find a home.

At the end of the 1980s, 'Voguing' suddenly entered the mainstream when featured in Madonna's 'Vogue' video, Malcolm McClaren's 'Deep in Vogue' single and the 1990 documentary 'Paris is Burning' won the Grand Jury Prize at the Sundance Film Festival.

Photographer Chantal Regnault spent many years capturing the emergent underground gay ballroom scene in Harlem at the end of the

1980s, from where Voguing emerged. A riot of fashion, image, polysexuality and a radical subversion of style, sexuality and race is vividly captured in the hundreds of amazing, never before seen, photographs in this deluxe book. The book also features interviews with key figures from the movement, essays, flyers and documents from this momentous era.

Niki de Saint Phalle: Structures for Life Liverpool University Press
The 1980s heralded many challenges for LGBT people around the world and Colin Clews examines these in his new book. These included the rise of the New Right in the USA, Section 28 which

prohibited the promotion of homosexuality; the trial of Gay's the Word bookshop in the UK and the continuing criminalisation of homosexuality in the majority of Australian states. Underpinning all of this was the unfolding of the AIDS crisis: a time when LGBT people realised that they were no longer simply fighting for their rights but, quite literally, fighting for their lives. But it wasn't all doom and gloom; by the end of the eighties there had been some very real progress. Major political parties had LGBT rights in their manifestos, trades unions increasingly took up the cause and regional legislators introduced anti-discrimination laws and policies. LGBT people became more prolific in film, television, music and literature and the LGBT community grew significantly. The book also examines the dynamics behind these changes; some the result of prolonged campaigns, others stemming from the growing influence of the 'pink pound/dollar', others still a consequence of the growing anger at government intransigence to the AIDS crisis. Gay in the 80s examines a number of the events and

issues in the UK, USA and Australia, giving a comprehensive perspective of LGBT reality during this decade. The book covers the broad political context of the 1980s and takes a comparative approach to events in the three countries where Colin either lived or spent large amounts of time. Colin Clews' debut book offers a unique perspective on a pivotal era in LGBT history. It will appeal to readers that want to learn more about the LGBT experience in the 1980s. Its publication also coincides with the 50th anniversary of the 1967 Sexual Offences Act, which partially decriminalised homosexuality, and the 30th anniversary of the 'Don't Die of Ignorance' AIDS awareness campaign. A number of film and television events are planned to commemorate both anniversaries and Colin will be contributing to some of them.

Humanitarian Reason Back Bay

In his first collection of poetry, novelist Kevin Killian views the horrors of the AIDS pandemic through a narrow prism, the films of Italian horror maestro Dario Argento.

Argento Series is structured like a horror film, populating deadpan reportage with badly drawn "characters" whose grisly deaths nevertheless come as an apocalyptic shock. For twenty years Killian's friends have been dying like flies--four flies on gray velvet, to borrow one of Argento's titles. And not only his friends, but millions of untold strangers, a catastrophe of such enormity that poetry itself gasps in its wake, deaf, blind, and speechless. Killian's poems are deceptively simple, quiet, and lyric, until the creaky melodrama of the giallo makes its entrance, screaming, like a virus--then the language shrieks and trembles. Argento Series is a testament to human suffering, a curse on the bureaucratic blindness that allows it to spread and grow, a call to political action unlike any other.

Perkins, a former chief economist at a Boston strategic-consulting firm, confesses he was an "economic hit man" for 10 years, helping U.S. intelligence agencies and multinationals cajole and blackmail foreign leaders into serving U.S. foreign

policy and awarding lucrative contracts to American business. *Visual Global Politics* Routledge
W. G. Sebald meets Maggie Nelson in an autobiographical narrative of embodiment, visual art, history, and loss. How do the bodies we inhabit affect our relationship with art? How does art affect our relationship to our bodies? T Fleischmann uses Felix González-Torres's artworks—piles of candy, stacks of paper, puzzles—as a path through questions of love and loss, violence and rejuvenation, gender and sexuality. From the back porches of Buffalo, to the galleries of New York and L.A., to farmhouses of rural Tennessee, the artworks act as still points, sites for reflection situated in lived experience. Fleischmann combines serious engagement with warmth and clarity of prose, reveling in the experiences and pleasures of art and the body, identity and community.

Hawthorne Books
This book by Prof. Fomum treats the way of salvation, notably: 1) God's original purpose in the creation of man. 2)

The tragic sin of man and its consequences in time and in eternity. 3) The unparalleled love of God manifested in the redemptive love of Christ on the cross for rebellious man. 4) The sinner's response to God through repentance towards God and faith in Jesus Christ. 5) The victorious new life in Christ. Read it and experience in a new way the love of God for you. Give a copy to your friend, spouse, neighbor, colleague, parents, etc. and they will be blessed.

Integrative Framing Analysis Scribner

"The invention of new modes of sensibility is vital to enriching and sustaining political engagements, labours and lives in the situated contexts of urban collectivity. The nanopolitics handbook investigates the neoliberal city and workplace, the politics of crisis and austerity, precarious lives and modes of collaboration - through bodies and their encounters. Starting from the exploration of what bodies can do - with curiosity, courage and care - nanopolitics is a proposal for producing new collective subjectivations. Based on the experiments and

experiences of the nanopolitics group, this book proposes exercises, concepts and ideas as little maps and machines for action. Drawing on social movements, grassroots organizing, dance, theatre and bodywork, the reflections and practices here present strategies for navigating and reconfiguring the playing field of 'nanopolitics', activating its entanglement with the major politics of our time"--Publisher's description

Eilbert's lush, dense debut collection records a woman's journey to take back sovereignty over her body from the anorexia that has swallowed it. The

multiple voices swirl like a collision of hot and cold fronts; they contradict themselves and combat each other in the way that one's own mind operates in seeking a singular voice of reason to follow.
Eilbert's array of referents can be dizzying, but her intoxicating language is sure to keep readers under her spell. - PUBLISHERS WEEKLY
Swan Feast is an appropriately enigmatic title for a book in which everything—rage, joy, grief, fear, pain, hope—will happen to you, and more than once, and in more than one way. This gamut of intense emotion is probed by the speaker in relation to two implicit, guiding questions: What is beauty? and What is hunger? Everything happens in this book. Let it happen to you. -THE RUMPUS

Nanopolitics Handbook Jrp Ringier
We live in a visual age. Images and visual artefacts shape international events and our understanding of them. Photographs, film and television influence how we view and approach phenomena as diverse as war, diplomacy, financial crises and election campaigns. Other visual fields, from art and cartoons to maps, monuments and videogames, frame how politics is perceived and enacted. Drones, satellites and surveillance cameras watch us around the clock and deliver images that are then put to political use. Add to this that new technologies now allow for a rapid distribution of still and moving images around the world. Digital media platforms, such as Twitter, YouTube, Facebook and Instagram, play an important role across the political spectrum, from terrorist recruitment drives to social justice campaigns. This book offers the first comprehensive engagement with visual global politics. Written by leading experts in numerous scholarly

disciplines and presented in accessible and engaging language, *Visual Global Politics* is a one-stop source for students, scholars and practitioners interested in understanding the crucial and persistent role of images in today's world.

We Have Never Been Modern Springer Science & Business Media
Intimate love opens us up to suffering, sacrifice, and loss. Is it always worth the risk? Consulting philosophers, writers, and poets who draw insights from material life, Diane Enns shines a light on the limits of erotic love, exploring its paradoxes through personal and philosophical reflections. Situating experience at the center of her inquiry, Enns conducts philosophy "by another name," elaborating the

ambiguities and risks of love with visceral clarity. *Love in the Dark* claims that intimacy must accept risk as long as love does not destroy the self. Erotic love inspires an inexplicable affirmation of another but can erode autonomy and vulnerability. There is a limit to love, and appreciating it requires a rethinking of love's liberal paradigms, which Enns traces back to the hostility toward the body and eros in Christianity and the Western philosophical tradition. Against a legacy of an abstract and sanitized love, Enns recasts erotic attachment as an event linked to conditional circumstances. The value of love lies in its intensity and depth, and its end does not negate love's truth or significance.

Writing in a lyrical, genre-defying style, Enns delineates the paradoxes of love in its relations to lust, abuse, suffering, and grief to reach an account faithful to human experience.
