2016 Winner of the Gospel Coalition Book Awards At the time of his death, Christopher Hitchens was the most notorious atheist in the world. And yet, all was not as it seemed. "Nobody is not a divided self, of course," he once told an interviewer, "but I think it's rather strong in my case." Hitchens was a man of many contradictions: a Marxist in youth who longed for acceptance among the social elites; a peacenik who revered the military; a champion of the Left who was nonetheless pro-life, pro-war-on-terror, and after 9/11 something of a neocon; and while he railed against God on stage, he maintained meaningful—though largely hidden from public view—friendships with evangelical Christians like Francis Collins, Douglas Wilson, and the author Larry Alex Taunton. In *The Faith of Christopher Hitchens*, Taunton offers a very personal perspective of one of our most interesting and most misunderstood public figures. Writing with genuine compassion and without compromise, Taunton traces Hitchens's spiritual and intellectual development from his decision as a teenager to reject belief in God to his rise to prominence as one of the so-called "Four Horsemen" of the New Atheism. While Hitchens was, in the minds of many Christians, Public Enemy Number One, away from the lights and the cameras a warm friendship flourished between Hitchens and the author; a friendship that culminated in not one, but two lengthy road trips where, after Hitchens's diagnosis of esophageal cancer, they studied the Bible together. *The Faith of Christopher Hitchens* gives us a candid glimpse into the inner life of this intriguing,

sometimes maddening, and unexpectedly vulnerable man. "If everyone in the United States had the same qualities of loyalty and care and concern for others that Larry Taunton had, we'd be living in a much better society than we do." ~ Christopher Hitchens

A Long Short War Da Capo Press

Courageous, insightful and candid thoughts on malady and mortality from one of our most celebrated writers.

A Hitch in Time Twelve

Mortality (2012) presents a collection of essays written by Christopher Hitchens after he was diagnosed with esophageal cancer. In these blinks, you'll explore fundamental questions addressing death and life, the nature of pain and how we cope with them.

Unhitched Thomas Nelson

The eagerly anticipated new novel from the inimitable Martin Amis. Summer 1970 — a long, hot summer. In a castle in Italy, half a dozen young lives are afloat on the sea of change, trapped inside the history of the sexual revolution. The girls are acting like boys, and the boys are going on acting like boys, and Keith Nearing — twenty years old, a literature student all clogged up with the English novel — is struggling to twist feminism and the rise of women towards his own ends. The sexual revolution may have been a velvet revolution (in at least two senses), but it wasn't bloodless — and now, in the twenty-first century, the year 1970 finally catches up with Keith Nearing. *The Pregnant Widow* is a comedy of manners and a nightmare, brilliant, haunting and gloriously risqué. It is Martin Amis at his fearless best.

Nothing to be Frightened Of Verso

In this exclusive boxset, three of Hitchens' most devastating attacks are

collected for the first time. Including books on Bill Clinton, Henry Kissinger and Mother Teresa, *Hitch Attacks* showcases Hitchens' verve, style and firebrand wit at the height of their potency.

Is Christianity Good for the World?

Atlantic Books (UK)

On June 8, 2010, while on a book tour for his bestselling memoir, *Hitch-22*, Christopher Hitchens was stricken in his New York hotel room with excruciating pain in his chest and thorax. As he would later write in the first of a series of award-winning columns for *Vanity Fair*, he suddenly found himself being deported "from the country of the well across the stark frontier that marks off the land of malady." Over the next eighteen months, until his death in Houston on December 15, 2011, he wrote constantly and brilliantly on politics and culture, astonishing readers with his capacity for superior work even in extremis. Throughout the course of his ordeal battling esophageal cancer, Hitchens adamantly and bravely refused the solace of religion, preferring to confront death with both eyes open. In this riveting account of his affliction, Hitchens poignantly describes the torments of illness, discusses its taboos, and explores how disease transforms experience and changes our relationship to the world around us. By turns personal and philosophical, Hitchens embraces the full panoply of human emotions as cancer invades his body and compels him to grapple with the enigma of death. *Mortality* is the exemplary story of one man's refusal to cower in the face of the unknown, as well as a searching look at the human predicament. Crisp and vivid, veined throughout with penetrating intelligence, Hitchens's testament is a courageous

and lucid work of literature, an affirmation of the dignity and worth of man.

Letters to a Young Contrarian Harper Collins

Presents excerpts on the subject of religion from the writings of such notable non-believers as John Stuart Mill, Karl Marx, Charles Darwin, Mark Twain, H. L. Mencken, Albert Einstein, Richard Dawkins, and Salman Rushdie.

Summary of Christopher Hitchens's Mortality NYU Press

'For the sake of argument, one must never let a euphemism or a false consolation pass uncontested. The truth seldom lies, but when it does lie it lies somewhere in between.'. The global turmoil of the last few years has severely tested every analyst and commentator. Few have written with such insight as Christopher Hitchens about the large events - or with such discernment and with about the small tell-tale signs of a disordered culture. For the Sake of Argument ranges from the political squalor of Washington, as a beleaguered Bush administration seeks desperately to stave off disaster and Clinton prepares for power, to the twilight of Stalinism in Prague; from the Jewish quarter of Damascus in the aftermath of the Gulf War to the embattled barrios of Central America and the imperishable resistance of Saralevo, as a difficult peace is negotiated with ruthless foes. Hitchens' unsparing account of Western realpolitik in the end shows it to rest on delusion as well as deception. The reader will find in these pages outstanding essays on political assassination in America as well as a scathing review of the evisceration of politics by pollsters and spin-doctors. Hitchens' knowledge of the tortuous history of revolutions in the twentieth

century helps him to explain both the New York intelligentsia's flirtation with Trotskyism and the frailty of Communist power structures in Eastern Europe. Hitchens' pointed reassessments of Graham Greene, P.G. Wodehouse and C.L.R. James, or his riotous celebration of drinkiness and smoking, display an engaging enthusiasm and an acerbic wit. Equally entertaining is his unsparing rogues' gallery, which gives us unforgettable portraits of the lugubrious 'Dr'Kissinger, the comprehensively reactionary 'Mother' Teresa, the preposterous Paul Johnson and the predictable P.J. O'Rourke.

Imperial Spoils McClelland & Stewart
The Elgin Marbles, designed and executed by Phidias to adorn the Parthenon, are some of the most beautiful sculptures of ancient Greece. In 1801 Lord Elgin, then British ambassador to the Turkish government in Athens, had pieces of the frieze sawn off and removed to Britain, where they remain, igniting a storm of controversy which has continued to the present day. In the first full-length work on this fiercely debated issue, Christopher Hitchens recounts the history of these precious sculptures and forcefully makes the case for their return to Greece. Drawing out the artistic, moral, legal and political perspectives of the argument, Hitchens's eloquent prose makes *The Elgin Marbles* an invaluable contribution to one of the most important cultural controversies of our times.

No One Left to Lie to Verso

Please note: This is a companion version & not the original book. Sample Book Insights: #1 Christopher's funeral was held in the Great Hall at Cooper Union in Greenwich Village. His friends and colleagues read from his work, and Hollywood stars such as Sean Penn

attended. #2 Christopher was one of life's singular characters. He was a wit, a charmer, a troublemaker, and a dear and devoted friend. He was a man of insatiable appetites: for cigarettes, for scotch, for company, and for great writing. #3 Christopher was a legend on the speaking circuit and could debate just about anyone on anything. He won umpteen awards, and in the last decade he wrote bestsellers, including his well-received memoir *Hitch-22*. #4 I had a heart attack, and while I was still in denial, my doctors took me to an oncologist. The shadow was spreading itself across the negatives.

Mortality Penguin

In an incisive and thought-provoking debate, journalists--representing the left, and the right--duke it out over a host of issues facing the nation today--with contributions by Thomas Fleming, Susan Sontage, William Monahan, Tony Kushner, Kenneth Anderson, Nat Hentoff, David Brooks, Edward Said, Peter Collier,, and James Weinstein, among others. Original.

Love, Poverty, and War Verso Books

Courageous, insightful and candid thoughts on malady and mortality from one of our most celebrated writers.

Mortality Basic Books

Abe Ravelstein is a brilliant professor at a prominent midwestern university and a man who glories in training the movers and shakers of the political world. He has lived grandly and ferociously--and much beyond his means. His close friend Chick has suggested that he put forth a book of his convictions about the ideas which sustain humankind, or kill it, and much to Ravelstein's own surprise, he does and becomes a millionaire. Ravelstein suggests in turn that Chick write a memoir or a life of him, and during the course of a celebratory trip to Paris the

two share thoughts on mortality, philosophy and history, loves and friends, old and new, and vaudeville routines from the remote past. The mood turns more somber once they have returned to the Midwest and Ravelstein succumbs to AIDS and Chick himself nearly dies. Deeply insightful and always moving, Saul Bellow's new novel is a journey through love and memory. It is brave, dark, and bleakly funny: an elegy to friendship and to lives well (or badly) lived.

Summary of Mortality: Christopher Hitchens' Essays on Dying by

Christopher Hitchens W. W. Norton & Company

Brings together Hitchens' most incisive reflections on the 'war on terror', the war in Iraq and the state of the contemporary left. It also includes a selection of critical commentaries on his work from his former leftist comrades, a set of exchanges between Hitchens and various left-leaning interlocutors and more.

Mortality Twelve

Irascible and forthright, Christopher Hitchens stood out as a man determined to do just that. In his younger years, a career-minded socialist, he emerged from the smoke of 9/11 a neoconservative "Marxist," an advocate of America's invasion of Iraq filled with passionate intensity. Throughout his life, he played the role of universal gadfly, whose commitment to the truth transcended the party line as well as received wisdom. But how much of this was imposture? In this highly critical study, Richard Seymour casts a cold eye over the career of the "Hitch" to uncover an intellectual trajectory determined by expediency and a fetish for power. As an orator and writer, Hitchens offered something unique and highly

marketable. But for all his professed individualism, he remains a recognizable historical type—the apostate leftist. Unhitched presents a rewarding and entertaining case study, one that is also a cautionary tale for our times.

Blood, Class and Empire Allen & Unwin
Since the end of the Cold War so-called experts have been predicting the eclipse of America's "special relationship" with Britain. But as events have shown, especially in the wake of 9/11, the political and cultural ties between America and Britain have grown stronger. *Blood, Class and Empire* examines the dynamics of this relationship, its many cultural manifestations—the James Bond series, PBS "brit Kitsch," Rudyard Kipling—and explains why it still persists. Contrarian, essayist and polemicist Christopher Hitchens notes that while the relationship is usually presented as a matter of tradition, manners, and common culture, sanctified by wartime alliance, the special ingredient is empire; transmitted from an ancien regime that has tried to preserve and renew itself thereby. England has attempted to play Greece to the American Rome, but ironically having encouraged the United States to become an equal partner in the business of empire, Britain found itself supplanted.

Hitch-22 Hill & Wang

"This debate appeared originally in Christianity today, and is re-printed in this format with permission"—T.p. verso.

Hitch Attacks Canon Press & Book Service

A Handbook on Hanging is a Swiftian tribute to that unappreciated mainstay of civilization: the hangman. With barbed insouciance, Charles Duff writes not only of hanging but of electrocution, decapitations, and gassings; of innocent

men executed and of executions botched; of the bloodlust of mobs and the shabby excuses of the great. This coruscating and, in contemporary America, very relevant polemic makes clear that whatever else capital punishment may be said to be--justice, vengeance, a deterrent--it is certainly killing.

Left Hooks, Right Crosses Mortality
Courageous, insightful and candid

thoughts on malady and mortality from one of our most celebrated writers.

[Thomas Paine's Rights of Man](#) Basic Books

Calling upon personal testimony and documents released under the Freedom of Information Act, chronicles the life of Henry Kissinger, linking him to events including the war in Indochina and genocide in East Timor.
