While productivity and time management expert Brian Tracy has been writing bestselling books and giving seminars on these topics for well over thirty years, the challenge of remaining optimally productive in our modern world has never been greater. How can this be? We live in the most technologically advanced period of history in the most technologically advanced country. With the advent of mobile phones, killer apps, internet speeds that stagger the imagination, and nearly any bit of information, products, and solutions only one click away, how can it be that remaining optimally productive is such a challenge for so many? In a word: DISTRACTION. Many of us spend precious time focusing on the incessant e-mails, texts, notifications, ads, etc. that seem important—even urgent—to our success and happiness, but, in reality, only complicate our lives and take us even further from our goals. Brian addresses this challenge of distraction in its many forms and shows you how to "feed your focus" on a daily basis. You will learn: • Productivity Promises and Pitfalls in our Modern Age • The Psychology of Productivity • The Best Productivity Methods Ever Conceived • How to End Procrastination Once and For All • Productivity and Relationships: Where it Applies and Where It Doesn't Look for these other books by BRIAN TRACY Entrepreneurship • Make More Money • The Science of Influence • The Science of Money • The Science of Motivation *Overcome Your Doubts, Let Go of the Past, and Unlock Your Full Potential* Harper Collins

The subject of "money" remains one of the most fascinating, thought provoking, emotional, polarizing, and well researched subjects in the world. Scores of books, articles, blog posts, and speeches have been written on what money is, how to earn it, how to spend it, who has it and who does not and a myriad of other topics related to the effects that it produces. Yet, despite the content focus and interest on the topic, there is one word that describes the average person's views around money: confusion. It seems that there is so much disinformation (what we might call "financial white noise") that most people either rely on chance for their fortunes they ignore the subject altogether. This is not only unnecessary, it is a tragedy because of the untapped human potential that is never uncovered when people leave their lives to chance or give up on their dreams. It's also totally unnecessary, because the topic of money - how to create it, how to invest it, and how to spend it

wisely - is known. Truly there is a "science" of money, just as there is a science of nutrition, chemistry, and engineering. This "science of money" has been tested and proven again and again. And while new "theories" can arise all the time - just as we have new theories for cures for cancer or baldness, for example - the discipline of science, and it's rules for testing and verifying results - will, in short order, move these ideas from the realm of "theory" to one of two categories: The Laws of Money that have been proven and can be relied upon - as much as you can rely upon the sun rising in the East and setting in the West - the The Myths of Money - those ideas (some of which may still be around just as "rumor" or "innuendo" can exist without any basis) which claim to be true, but which have been tested and disproven, or which at best have never been decidedly proven. Ultimately, this program has one central goal: To end all of the confusion once and for all, and to present in one comprehensive program, the essential truths about money. If you simply study the ideas in this program and apply them to your life and your business, you will become financially successful - as sure as the sun will rise tomorrow.

The Enhanced Edition includes short-course videos by the coauthors for each of the twelve chapters of the book (total of 18.5 minutes). Both Brian Tracy and Christina Tracy Stein show how to apply the messages of each chapter to everyday life. Videos include: Your Full Potential, Confront Your Frogs, You Become What You Think, The Law of Substitution, Victim of Victor in Life, and The Law of Forgiveness. Just like the lonely princess in the fairy tale who was reluctant to lock lips with a warty frog and transform him into a handsome prince, something stops many of us short of attaining our dreams. Our negative thoughts, emotions, and attitudes can threaten to keep us from achieving all that we're capable of. Here bestselling author and speaker Brian Tracy and his daughter, therapist Christina Tracy Stein, provide a set of practical, proven strategies anyone can use to turn those negative frogs into positive princes. Tracy and Stein present a step-by-step plan that addresses the root causes of negativity, helps you uncover blocks that have become mental obstacles, and shows how you can transform them into stepping-stones to achieve your fullest potential. The book distills, in an accessible and immediately useful form, what Tracy has presented in more than 5,000 talks and seminars with more than five million people in fifty-eight countries and what Stein has learned through thousands of hours of counseling people from all walks of life. "There is nothing either good or bad, but thinking makes it so," the authors quote Shakespeare. The many powerful techniques and exercises in this book will help you change your mindset so that you discover something worthwhile in every person and experience, however difficult and challenging they might seem at first. You'll learn how to develop unshakable self-confidence, become your best self, and begin living an extraordinary life.

The Power of Charm John Wiley & Sons

Business, like any adventure, begins with a leap into the unknown Brian Tracy's first dream was of a journey. Not a leisurely drive to the beach or a weekend campout-a wide open adventure that would take him 17,000 miles from his home on Canada's Pacific Coast all the way to South Africa. His journey- a harrowing series of false starts, long days, and narrow escapes- taught him about "becoming unstoppable," not only in pursuing adventure but in daily life and business as well. The road to business success is just as exciting and dangerous and rewarding as a trek across the Sahara. Succeeding-sometimes even surviving-requires vision, courage, persistence, and the willingness to accept responsibility for your own actions. In the end, Brian's arduous trek changed his life- and his way of thinking about life and business.

NEW YORK TIMES BESTSELLER The complete, uncensored history of the award-winning *The Daily Show* with Jon Stewart, as told by its correspondents, writers, and host. For almost seventeen years, *The Daily Show* with Jon Stewart brilliantly redefined the borders between television comedy, political satire, and opinionated news coverage. It launched the careers of some of today's most significant comedians, highlighted the hypocrisies of the powerful, and garnered 23 Emmys. Now the show's behind-the-scenes gags, controversies, and camaraderie will be chronicled by the players themselves, from legendary host Jon Stewart to the star cast members and writers-including Samantha Bee, Stephen Colbert, John Oliver, and Steve Carell - plus some of *The Daily Show*'s most prominent guests and adversaries: John and Cindy McCain, Glenn Beck, Tucker Carlson, and many more. This oral history takes the reader behind the curtain for all the show's highlights, from its origins as Comedy Central's underdog late-night program to Trevor Noah's succession, rising from a scrappy jester in the 24-hour political news cycle to become part of the beating heart of politics-a trusted source for not only comedy but also commentary, with a reputation for calling bullshit and an ability to effect real change in the world. Through years of incisive election coverage, passionate debates with President Obama and Hillary Clinton, feuds with Bill O'Reilly and Fox, and provocative takes on Wall Street and racism, *The Daily Show* has been a cultural touchstone. Now, for the first time, the people behind the show's seminal moments come together to share their memories of the last-minute rewrites, improvisations, pranks, romances, blow-ups, and moments of Zen both on and off the set of one of America's most groundbreaking shows.
