The Hindu Temple Traditions of Draksharama Cambridge Scholars Publishing

The book is journey through 5000 years of evolution of Hinduism, and is outcome of seven years of study to understand the roots of Hinduism. Tracing the genesis of Hinduism to pre-Indus Valley period, the book explains Hindu, Hinduism and Sanatana Dharma, before it takes one through Hinduism's oldest scriptures - the four Vedas, the four components of each Veda, and what they contain. How all original translations of Vedic texts were done by Western Sanskrit scholars, and why their works have left scope for doubt about the fidelity of translations. The yajnas (yagya) like Ashvamedha, Rajsooya, Vajpeya, etc., about which we only hear on TV serials and talk shows, have been demystified. The reader will be taken aback reading the sheer size and scale of Soma

yajna, described step by step, in great detail. Hinduism's journey to the Age of Reason, the Upanishads, its encounter with Buddhism, and its transformation into idol worshipping society with many gods and a multitude of stories about its millions of gods is lucidly explained. Puranas, what they contain and what was the reason they were created, has been described and explained next. Hinduism's journey to its modern form - idol worship, the modern puja, detailed description of puja and Sanskaras like Vivaha, their detailed description, the meaning of each action and how they are conducted, the gift to the priest, types of idols, their consecration, all are explained to help a reader understand the why and the how of what we do as a Hindu. The book concludes with a discussion of - Do mantras have power? & Do rituals have meaning?

An Account of the Religions of the Indian Peoples, Based on a Life's Study of Their Literature and on Personal Investigations in Their Own Country Motilal Banarsidass Publ.

This book offers a translation of the seven thousand verses of the second book of the medieval Hindu text, the Ganesa Purana, one of two Puranas dedicated to the important elephant-headed god. In this book the reader is given many narratives about Ganesas ascent to earth in order to kill demonic figures who threaten to overthrow the correct world order. In addition, these narratives contain myths about Ganesa's birth and family as well as some extended and quite humorous myths about ideal devotees of the god.The translation is preceded by a long introduction offering a geographical and historical context for the GanesaPurana. Following the translation are very extensive notes which bring our points of philological interest, but focus mainly on the literary structure of the text and the methods used to present the many myths and narratives in a coherent and fully integrated manner. The present volume is devoted to the study of the Indus script and its decipherment. It offers a methodology for reading the Indus script by combining paleography with ancient literary accounts and Vedic grammar.These illustrate the methodology and also help shed new light on the Harappans and their connections with the Vedic Civilization.The language of the seals is Vedic Sanskrit,with a significant number of them containing words and phrases traceable to the ancient Vedic glossary Nigha, compiled from still earlier sources by Yaska. *Karnataka State Gazetteer: Dharwad District (including Gadag and Haveri Districts)* Morgan James Publishing

A Vedic Concordance is a monumental work by the famous American Sanskritist Maurice Bloomfield planned prepared and published during the years 1892-1906. It affords primarily an easy and ready means of ascertaining the following things: First where a given mantra occurs if it occurs but once second whether it occurs elsewhere either with or without variants and in what places and third if it occurs with variants what those variants are.

One hundred and nineteen texts in all have been drawn upon for contributions to the concordance comprising .The concordance also includes a very considerable amount of material not yet published. The concordance may also be readily put to certain indirect or secondary uses which are scarcely less important for the systematic progress of vedic study.

Vedas and Smritis are the roots of Sanatana Dharma. Many are the Samskaras (purificatory rituals) prescribed in Smritis for the upliftment of human being to Godhood, which is the sole purpose of the rare and invaluable human birth. Of them, Antyeshti, the last Samskara performed for the person, who has departed from his body and subsequent Shraddhas performed for his comfortable journey to the afterworld and settling down in an agreeable environment, play a very important and decisive role. rituals connected with Aparā Kriyas and Shraddhas in the authoritative perspective, a brief summary in English of the same is attempted in the following pages to serve as an introductory guide.

Hindu canonical text with English translation.

New Perspectives on Irish English Abhinav Publications

This work is an in-depth study on the philosophy of Madhva, the Dvaita Vedānta. The Dvaita tradition, which chronologically comes after Advaita and Viśiṣṭādvaita, is one of the great Vedāntic schools. Madhva was a Hindu philosopher of the 12th century belonging to the Vaiṣṇava tradition, and emphatically established that Viṣṇu alone is the focal point of entire Vedic writings by employing an unparalleled hermeneutical technique known as "parama-mukhya-vṛtti" (the super-primary meaning) in all his writings. This study unearths this singular concept with the help of Madhva's commentaries and related Dvaita literature. The book explores Madhva's method of hermeneutics and exegetical patterns. It focuses on the first chapter of Brahmasūtras and Madhva's application of parama-mukhya-vṛtti. It further discusses the hermeneutical issues in some commentaries and independent works of Madhva. The work suggests steps to apply parama-mukhya-vṛtti to different religious texts, taking into account many Western continental thinkers who strike a chord with the thinking of Madhva. It employs an exegetico-interpretative method, and approaches Madhva's original writings, particularly the notion of parama-mukhya-vṛtti, through exegesis, showing its relevance through interpretation. This research will open up wide horizons by providing a new methodology to interpret the sacred texts of any religious traditions. It will also contribute to Madhva scholarship by stimulating scholarly exchanges, discussions and deliberations. Moreover, it will facilitate inter-religious dialogue and understanding, particularly in the multi-religious context of India.

Narayaneeyam Himalayan Academy Publications

This volume brings together current research by international scholars on the varieties of English spoken in Ireland. The papers

apply contemporary theoretical and methodological approaches and frameworks to a range of topics. A number of papers explore the distribution of linguistic features in Irish English, including the evolution of linguistic structures in Irish English and linguistic change in progress, employing broadly quantitative sociolinguistic approaches. Pragmatic features of Irish English are explored through corpus linguistics-based analysis. The construction of linguistic corpora using written and recorded material form the focus of other papers, extending and analyzing the growing range of corpus material available to researchers of varieties of English, including diaspora varieties. Issues of language and identity in contemporary Ireland are explored in several contributions using both qualitative and quantitative methods. The volume will be of interest to linguists generally, and to scholars with an interest in varieties of English.

'When I'm on the mat, I am so filled with this awareness that the slightest touch feels like electricity to my body, and my body reacts to that the same way it would have reacted if I touched a livewire.' Wrestling, kushti, rules the farmlands, as it has for centuries. It had pride of place in the courts of Chalukya kings and Mughal emperors. It was embraced by Hinduism and its epics, and has led its own untroubled revolution against the caste system. The British loved it when they first came to India, then rejected it during the freedom struggle. No, wrestling has never been marginal -- even if it is largely ignored in modern-day narratives of sport and culture. From the Great Gama to Sushil Kumar -- whose two Olympic medals yanked the kushti out of rural obscurity and on to TV screens -- and the many, many pehalwans in between, Enter the Dangal goes behind the scenes to the akharas that quietly defy urbanization. It travels to villages and small towns to meet the intrepid women who fight their way into this 'manly' sport. Beyond the indifferent wrestling associations and an impervious media is an old, old sport. Enter the dangal, and you may never leave.

COLLAGE OF DELIGHTFUL ESSAYS! The 'Celebration of Ignorance' comprises 30 essays, derived from many contrasting themes such as travel reminisces, the multifaceted profile of Yoga, hilarious childhood memories, the age and pedigree of water, the current status of a Spiritual pilgrimage, and more. A few of the essays discuss serious issues like Beliefs and Behaviour. Even so they are presented in a cheerful, pleasant style with a sprinkle of humour. A few such threads are: Knowledge-Island and the sea of human ignorance, Formal vs informal education, Global warming, Kerala School of Mathematics, The golden features of Sanskrit, the threatened cultural base and the festivals of Kerala, The Indian Culture, amongst others. A few of the representative essay-titles are: Snowball Comets Inc.; Breakfast, Penance & The Ecstasy; Fascinating Story of Our Calendars; Does A Butterfly Trigger Storms; Joy; Onam, e-Onam; A Day That Changed The World; ... This is a good read as well as a good gift to your dear ones!

The Rigveda

This work is a study of Draksharama temple in South India, commonly known as the Draksharama Bhimesvara temple. It examines the origins of the temple, the mythology surrounding it, and the role it played in influencing the religious and cultural life of the people in the region.
