New English File  
OXFORD

100% new lessons that work, that are fun, and that get students talking. An expanded Vocabulary Bank. A new Grammar Bank section with rules and exercises. Practical English lessons, a focus on functional language supported by the New English File Study Link Videos. The same unequalled level of teacher support. More photocopiable materials for teachers, with an extra grammar and communicative activity for every lesson.

English File 1 OXFORD University Press Split editions of the New English File series, with Student's Book and Workbook in one.

**New English File**  
Oxford University Press, USA  
American English File Second Edition retains

the popular methodology developed by world-renowned authors Christina Latham-Koenig and Clive Oxenden: language + motivation = opportunity. With grammar, vocabulary, and pronunciation practice in every lesson, students are equipped with a solid foundation for successful speaking. Plus - an array of digital resources provides even more choice and flexibility. Students can learn in the classroom or on the move with Online Practice. language assessment. The first goal is to explore the difference between fairness and justice in language assessment. The authors distinguish internal and external dimensions of the

equitable and just treatment of individuals taking language tests which are used as gatekeeping devices to determine access to education and employment, immigrant status, citizenship, and other rights. The second goal is to show how the extent of test fairness can be demonstrated and improved using the tools of psychometrics, in particular the models collectively known as Rasch measurement. "This book will have an enormous impact on the field of language assessment. Using Rasch analysis models to explore and identify sources of unfairness, the authors make a compelling case for fairness in the design and implementation of

language assessment instruments and for justice in the interpretation and use of test results. A real strength of the book is that it guides readers through analytical techniques in an accessible way." Dan Douglas, Professor Emeritus, Applied Linguistics Program, Iowa State University. *English File Upper-Intermediate* Oxford University Press
