Rousseau's Theory of Freedom Cambridge University Press

Den franske revolutions ideologiske hovedværk, der forbinder kravene om personlig og politisk frihed med økonomiske, sociale og kulturelle rettigheder i visionen om et gennemført demokratisk samfund

[Containing The Social Contract, Considerations on the Government of Poland, Constitutional Project for Corsica, Part I](#) Createspace Independent Publishing Platform

This Norton Critical Edition includes the three most important of Rousseau's political writings:

Discourse on Inequality, Discourse on Political Economy, and On Social Contract.

The Division of Labour, The Politics of the Imagination and The Concept of Federal Government Modern Library

A fascinating examination of the relationship between civilization and inequality from one of history's greatest minds The first man to erect a fence around a piece of land and declare it his own founded civil society—and doomed mankind to millennia of war and famine. The dawn of modern civilization, argues Jean-Jacques Rousseau in this essential treatise on human nature, was also the beginning of inequality. One of the great thinkers of the Enlightenment, Rousseau based his work in compassion for his fellow man. The great crime of despotism, he believed, was the raising of the cruel above the weak. In this landmark text, he spells out the antidote for man's ills: a compassionate revolution to pull up the fences and restore the balance of mankind. This ebook has been professionally proofread to ensure accuracy and readability on all devices.

And, The First and Second Discourses Hackett Publishing

A comprehensive 1997 anthology of Rousseau's work containing The Social Contract, his most famous single work.

The Social Contract, Discourse on the Origin of Inequality, Discourse on the Arts and Sciences, The Creed of a Savoyard Priest University of Illinois Press

This substantially revised new edition of Rousseau: The Basic Political Writings features a brilliant new Introduction by David Wootton, a revision by Donald A. Cress of his own 1987 translation of Rousseau's most important political writings, and the addition of Cress' new translation of Rousseau's State of War. New footnotes, headnotes, and a chronology by David Wootton provide expert guidance to first-time readers of the texts.

A Treatise on the Social Compact, Or, The Principles of Political Law Basic Political Writings

Founder of the phenomenon social media account PreachersNSneakers tackles how faith, capitalism, consumerism, and (wannabe) celebrity have collided and asks both believers and nonbelievers alike: how much is too much? What started as a joke account on Instagram has turned into a movement.

Through this provocative project, the founder of PreachersNSneakers is helping thousands of Jesus followers wrestle with the inevitable dilemmas created by our Western culture obsessed with image and entertainment. In PreachersNSneakers: Authenticity in an Age of For-Profit Faith and (Wannabe) Celebrities, Ben Kirby approaches many of the difficult questions plaguing countless Christians' minds, presenting experiences and input from both sides of difficult questions, such as: Should pastors grow wealthy off of religion, and can their churches ever be too large? Do we really believe that divine blessings are monetary, or is that just religious wallpaper to hide our own greed? Is there space in Christendom for celebrities like Kanye and Bieber to exist without distorting the good news? What about this: Is it wrong for someone—even wrong for author Ben Kirby—to call out faith leaders online and leverage “cancel culture” to affect change? PreachersNSneakers will navigate these challenging questions and many more with humor, wit, candor, and a few never-before-published hijinks. Each chapter will explore the various sides of the debate, holding space for us to make up our own minds. This book is not about finding the perfect, “right” way to do something, but instead

learning how to articulate what we believe, why we believe it, and what to do when we want to stand up against cultural norms. This book will doubtlessly become a staple for church small groups, college ministries, and book clubs, emboldening struggling believers who want to live a more genuine faith. After all, the Lord works in mysterious colorways.

Hackett Publishing

Leviathan or The Matter, Forme and Power of a Common-Wealth Ecclesiastical and Civil is a book written by an English materialist philosopher Thomas Hobbes about problems of the state existence and development. Leviathan is a name of a Bible monster, a symbol of nature powers that belittles a man. Hobbes uses this character to describe a powerful state (“God of the death”). He starts with a postulate about a natural human state (“the war of all against all”) and develops the idea “man is a wolf to a man”. When people stay for a long time in the position of an inevitable extermination they give a part of their natural rights, for the sake of their lives and general peace, according to an unspoken agreement to someone who is obliged to maintain a free usage of the rest of their rights – to the state. The state, a union of people, where the will of a single one (the state) is compulsory for everybody, has a task to regulate the relations between all the people. The book was banned several times in England and Russia.

And Discourses A&C Black

The first thematically arranged collection of Hume's political writings, this new work brings together substantive selections from A Treatise on Human Nature, An Enquiry Concerning the Principles of Morals, and Essays: Moral, Political and Literary, with an interpretive introduction placing Hume in the context of contemporary debates between liberalism and its critics and between contextual and universal approaches.

PreachersNSneakers Penguin UK

Censored in its own time, the Social Contract (1762) remains a key source of democratic belief and is one of the classics of political theory. It argues concisely but eloquently, that the basis of any legitimate society must be the agreement of its members. As humans we were ‘born free’ and our subjection to government must be freely accepted. Rousseau is essentially a radical thinker, and in a broad sense a revolutionary. He insisted on the sovereignty of the people, and made some provocative statements that are still highly controversial. His greatest contribution to political thought is the concept of the general will, which unites individuals through their common self-interest, thus validating the society in which they live and the constraints it imposes on them. This new translation is fully annotated and indexed. The volume also contains the opening chapter of the manuscript version of the Contract, together with the long article on Political Economy, a work traditionally between the Contract and Rousseau's earlier masterpiece, the Discourse on Inequality.

Fugitive Rousseau Open Road Media

The Second Edition of Johnny Saldaña's international bestseller provides an in-depth guide to the multiple approaches available for coding qualitative data. Fully up to date, it includes new chapters, more coding techniques and an additional glossary. Clear, practical and authoritative, the book: - describes how coding initiates qualitative data analysis -demonstrates the writing of analytic memos -discusses available analytic software -suggests how best to use The Coding Manual for Qualitative Researchers for particular studies. In total, 32 coding methods are profiled that can be applied to a range of research genres from grounded theory to phenomenology to narrative inquiry. For each approach, Saldaña discusses the method's origins, a description of the method, practical applications, and a clearly illustrated example with analytic follow-up. A unique and invaluable reference for students, teachers, and practitioners of qualitative inquiry, this book is essential reading across the social sciences.

Discourse on the Origins of Inequality (second Discourse) ; Polemics ; And, Political Economy J M Dent & Sons Limited

The Second Discourse examines man in the true "state of nature," prior to the formation of the first

human societies.

Basic Political Writings Hackett Publishing Company Incorporated

Offers a translation of the author's most important political writings.

Selected Political Writings Strelbytskyy Multimedia Publishing

This substantially revised new edition of Rousseau: The Basic Political Writings features a brilliant new Introduction by David Wootton, a revision by Donald A. Cress of his own 1987 translation of Rousseau's most important political writings, and the addition of Cress' new translation of Rousseau's State of War. New footnotes, headnotes, and a chronology by David Wootton provide expert guidance to first-time readers of the texts.

Discourse on the Origin of Inequality BRILL

Rousseau's classics of political theory are presented here in new, eminently readable, translations by Ian Johnston. This edition includes an introduction and annotations from the acclaimed Broadview Anthology of Social and Political Thought.

Jean-Jacques Rousseau W W Norton & Company Incorporated

Frederick Watkins' 1953 edition of Rousseau's Political Writings has long been noted for being fully accurate while representing much of Rousseau's eloquence and elegance. It contains what is widely regarded as the finest English translation of The Social Contract, Rousseau's greatest political treatise. In addition, this edition offers the best available translation of the late and important Government of Poland and the only published English translation of the fragment Constitutional Project for Corsica, which, says Watkins, provides the clearest possible demonstration of the practical implications of Rousseau's political thought.

Political Writings Hackett Publishing

Jean-Jacques Rousseau has a claim to be ranked above even Karl Marx as the political philosopher who has most influenced everyday life. His much-read philosophy of education alone would qualify him for a high place, but his political theory is even more important: decisions affecting millions of people were made based on the reading of certain lines of the Social Contract. Yet while politicians and scholars have studied this book for 250 years, almost no agreement exists on how to interpret its central concept: freedom. Rousseau's theory of freedom has led him to be called everything from the greatest prophet of individual liberty to the designer of the first totalitarian state. This book offers a new, unifying interpretation of the theory of freedom in the Social Contract. Simpson gives a careful analysis of Rousseau's theory of the social pact, and then examines the kinds of freedom that it brings about, showing how Rousseau's individualist and collectivist aspects fit into a larger and logically coherent theory of human liberty. Simpson's book not only helps us to understand one of the pre-eminent political minds of the 18th century, but also brings us into closer conversation with those he influenced, who have done so much to shape our world. And in light of the interest in contemporary contractualist philosophers like Rawls, Scanlon, and Gauthier, readers will find it worthwhile to return to the thinker who offers one of the most radical, profound, and insightful theories of the social contract ever devised.

Discourse on Political Economy and The Social Contract Penguin UK

"Saturday Night Live head writer and Weekend Update co-anchor, Colin Hanks, has six sets of stitches on his face alone. He's been punched in at least four different sketches on Saturday Night Live,

including once by his boss, Lorne Michaels. But if there's one trait that makes someone well suited to comedy, it's being able to take a punch—metaphorically and, occasionally, physically. From growing up as an overweight kid in a family of firefighters on Staten Island to commuting three hours a day to high school and "seeing the sights" (like watching a Russian woman throw a stroller off the back of a ferry) to attending Harvard while Facebook was created (and choosing comedy instead!), Colin shares how he has navigated the world like a "slightly smarter Forrest Gump." You'll also discover things about Colin that will surprise and confuse you. You'll go behind the scenes at SNL (where he's written some of the most iconic sketches and characters of the past fifteen years) and Weekend Update (where he's been "the white guy next to Leslie Jones.") And you'll experience the life of a touring stand-up comedian—from performing in rural cafeterias at noon to opening for Dave Chappelle at Radio City Music Hall. For every accomplishment (hosting the Emmys), there is a setback (hosting the Emmys). And for every absurd moment (watching paramedics give CPR to a raccoon), there is an honest, emotional one (recounting his mother's experience on the scene of the Twin Towers' collapse on 9/11.) A Very Punchable Face reveals the brilliant mind behind some of the dumbest sketches on television and lays bare the heart and humor of a hardworking guy—with a face you can't help but want to punch!"

The Two "Discourses" and the "Social Contract" Hackett Publishing Company Incorporated

For this edition Susan Dunn has provided a new translation of the "Discourse on the Sciences and Arts" and has revised a previously published translation of "The Social Contract".

The Social Contract HarperCollins

THE SOCIAL CONTRACT is one of three most influential treatises ever written (the others being Plato's REPUBLIC and Marx's DAS KAPITAL) Of the three it is safe to say that only THE SOCIAL CONTRACT is much read in its entirety today, and it continues to exert a direct influence on contemporary political thought. In it - and in the three DISCOURSES here printed with it - Rousseau discusses the nature of liberty, human rights and the state; the origins of private property the function of education; the economic structure of society; and the relationship between individuals and the community. This revised re-issue of G. D. H. Cole's celebrated translation, long published by Everyman, includes sections from the manuscript draft of the text and is accompanied by an extensive new introduction, chronology and bibliography prepared by Professor Alan Ryan.

The Social Contract Hackett Publishing

Newly translated by Peter Constantine Edited and with an Introduction by Leo Damrosch The Essential Writings of Rousseau collects the best and most indispensable work of one of the world's most influential writers. A towering figure of Enlightenment thought, Jean-Jacques Rousseau was also one of that movement's most passionate and persuasive critics. His extraordinarily original observations on politics, education, and human nature were provocative in their day and remain resonant more than two hundred years after his death. Rousseau's 1762 treatise The Social Contract laid intellectual groundwork for both the American and French Revolutions, influencing such figures as Thomas Jefferson. An eloquent writer with profound insight into human psychology, Rousseau also penned one of the most compelling autobiographies ever written—the magisterial Confessions. The entirety of the first three books of that masterpiece along with the complete Social Contract are included in this indispensable volume.
