The 'Encyclopedia of American Gospel Music' is the first comprehensive reference to cover all aspects of gospel music in the United States, highlighting how African-American and white gospel tradition interconnect. This work is a complete survey of this important genre, relating its origins and development.

History, Context, and Linguistics CreateSpace

A Blues Bibliography, Second Edition is a revised and enlarged version of the definitive blues bibliography first published in 1999. Material previously omitted from the first edition has now been included, and the bibliography has been expanded to include works published since then. In addition to biographical references, this work includes entries on the history and background of the blues, instruments, record labels, reference sources, regional variations and lyric transcriptions

and musical analysis. The Blues Bibliography is an invaluable guide to the enthusiastic market among libraries specializing in music and African-American culture and among individual blues scholars.

The Contemporary Music Harmony Book Scarecrow Press

From Prince's superstardom to studio seclusion, this second book in the Prince Studio Sessions series chronicles the years immediately following the Purple Rain era. Interview accounts of over 260 recording sessions and two tours reveal the indistinguishable majesty of Prince's artistry.

[Sounds of War](#) iUniverse

Paper edition of the 1990 Greenwood Press work which was initiated as a special issue of Black Music Research Journal but grew too big for that format. Ten essays address a variety of subjects connected with African-American music of the 1920s, e.g. vocal concert music, musical theater, Duke Ellington, and the relationship of the music to literature and art. Includes an extensive

bibliography of works composed during the period. Annotation copyright by Book News, Inc., Portland, OR

A New Perspective for the Use of Dialect in African American Spirituals CreateSpace

Léxico bilingüe que recoge más de 18.000 entradas relacionadas con el ámbito de la música, lo que lo convierte en una herramienta de gran utilidad para cualquier persona con interés o relación profesional con el ámbito de la música.

Handbook of Harmony - Gospel - Jazz - Ramp;b -soul Oxford University Press, USA

""African American gospel singer Mahalia Jackson was just sixty years old when her heart finally gave out on January 27, 1972, as she lay alone in her sick bed at Little Company of Mary Hospital just south of Chicago. Obituaries faithfully recounted the best-known story lines of her unlikely career: how the power of her voice was rooted in her devout Baptist upbringing; her birth in 1911 and rise from dire poverty in Uptown New Orleans to international celebrity; a dedication to the black freedom struggle that further elevated her to the status of cultural and political symbol. Together, Jackson's voice, faith, prestige, and activism, made her at the time of her death, in the

assessment of her friend Harry Belafonte, "the single most powerful black woman in the United States." Yet her reputation is also complex. Invoking the charisma of Martin and Malcolm, the persuasion of statesmen and despots, and the splendor of divas and diadems, Maceo Bowie's letter to the editor of the Chicago Defender seems to both celebrate and grapple with the substance of Jackson dynamism as a gospel singer and her consequence as an illustrious black public figure. In an editorial in the Defender following Jackson's death, E. Duke McNeil acknowledged Jackson's habitual acclaim as the "Queen of the gospel singers," while also observing: "You can almost say that Mahalia was the 'greatest' because she was the only gospel singer known everywhere." Indeed, for scholars of black gospel, the music itself is often hidden in plain sight. On the one hand, gospel voices are inescapable, audible not just within the music industry, where they have become a lingua franca for pop singers, but also in recurring representations of the black church, in the omnipresent sound of the black gospel choir, and in the personal histories of many black artists. On the other, in comparison with such genres as jazz, blues, country music, and hip hop, documentation of black gospel music, which has thrived in in-group settings, is relatively scant, leaving researchers with limited sources and largely reliant on oral history. Fortunately, the scope and coverage of Jackson's career produced a paper trail that enables us to study her personal and professional life while gaining insight into the black gospel field of which she was such an integral part. In compiling a wide swath of these sources on Jackson, The Mahalia Jackson Reader seeks to paint a fuller and more vivid picture of one of the most resonant musical figures of the second half of the twentieth century. This volume offers a wealth of biographical detail about Jackson, though it also reveals that Jackson was many things to many people. This is reflected in the book's organization by topic and type of writing, though, as often as possible, Jackson's own voice joins the dialogue, offering her side of the story. Jackson always identified as a child of New Orleans and the documents in Part I convey her recognition of the singularity of that city and of her legacy as the granddaughter of enslaved and emancipated African Americans. Stories about Jackson's upbringing are recounted by the esteemed critics and commentators in Part II, though these writers also ruminate upon the essence of her artistry, her relationship to jazz, her significance as an African American woman in the public eye, and the ways in which she became an increasingly complicated crossover figure as her visibility grew beyond the bounds of the black church. Newspaper coverage in Part III offers "hot takes" on Jackson's appearances, the pop-cultural cachet of postwar gospel singing, and the singer's transatlantic reception. Already in the 1950s, though even more in subsequent decades, it is evident that beyond being an exemplar of gospel singing, Jackson was read through various investments in the sociopolitical significance of black expressive culture. In 1931, Jackson moved from New Orleans to Chicago where she became immediately immersed in a burgeoning modern gospel movement. The testimony of Jackson and her associates in Part IV are more personal and allow us to understand her less as an exceptional individual than as a musical colleague and as a member of a black South Side community. Yet another perspective on Jackson emerges from the writing directed toward a scholarly audience in Part V, which seeks to contextualize the singer historically and offer enterprising interpretive claims"--

[Cengage Advantage Books: Mais Oui!, Volume 2](#) Dundurn

The Easy Christmas Songbook for Piano by Lee Davis features beginning to intermediate arrangements for classic Christmas songs. The first arrangement you will learn for each song features interesting and recognizable melodies using mainly the right hand along with basic left hand parts. The second section of this songbook displays each song along with chord progressions, lyrics, and vocal melody lines. This is a great setup for sing-alongs because the lyrics are written in a large font so that multiple singers and musicians can read along. This course also includes access to audio tracks to help you learn and practice. We have included three different recordings of each song. The first version features just the piano playing the melody line. The second version has the piano playing along with other instruments. The last recording features the other instruments with no piano so that you can practice playing the piano part in context.

Perfect for conductors and performers alike, this book traces the history of African American English (AAE), its use in African-American Spirituals, and the sociolinguistic impact of the dialect in the United States. The author also synthesizes research on the topic from the past century with application guidelines for teachers and performers.

[A Bilingual Cultural Encyclopedia](#) Alfred Music Publishing

What role did music play in the United States during World War II? How did composers reconcile the demands of their country and their art as America mobilized both militarily and culturally for war? Annegret Fauser explores these and many other questions in the first in-depth study of American concert music during World War II. While Dinah Shore, Duke Ellington, and the Andrews Sisters entertained civilians at home and G.I.s abroad with swing and boogie-woogie, Fauser shows it was classical music that truly distinguished musical life in the wartime United States. Classical music in 1940s America had a ubiquitous cultural presence--whether as an instrument of propaganda or a means of entertainment, recuperation, and uplift--that is hard to imagine today, and Fauser suggests that no other war enlisted culture in general and music in particular so consciously and unequivocally as World War II. Indeed, the day after the attack on Pearl Harbor, Group Theatre director Harold Clurman wrote to his cousin, Aaron Copland: "So you're back in N.Y. . . ready to defend your country in her hour of need with lectures, books, symphonies!" Copland was in fact involved in propaganda missions of the Office of War Information, as were Marc Blitzstein, Elliott Carter, Henry Cowell, Roy Harris, and Colin McPhee. It is the works of these musical greats--as well as many other American and exiled European composers who put their talents to patriotic purposes--that form the core of Fauser's enlightening account. Drawing on music history, aesthetics, reception history, and cultural history, Sounds of War recreates the remarkable sonic landscape of the World War II era and offers fresh insight to the role of music during wartime.

[Dundurn Performing Arts Library Bundle — Musicians](#) Hal Leonard Corporation

World's Greatest Gospel Songs contains some of the most uplifting, powerful and emotionally charged songs of all time. Each piece has been carefully arranged with a very accessible approach and features: a vocal line for solo or group singing; an appropriately selected key to accommodate a comfortable vocal range; up to three verses of lyrics; first and second endings with a "turnaround" plus a final ending; guitar chords; dynamics; a piano accompaniment that is complete in itself for solo performance.
