The Scooter Bible is an entertaining, colorful, and authoritative history of the little motorbikes that could. Beginning with the first motor scooter in 1902, Eric Dregni is your guide to everything from the postwar American scooter boom to the golden age of Italian and European scooters, the rise of Mod scooter culture in England . . . right up to modern electric scooters. Today, nostalgia for vintage Vespas, Piaggios, Cushmans, Lambrettas, and other top brands drive a new thirst for retro-inspired scooters in showrooms around the world. This revised and updated edition of The Scooter Bible brings the story up to date with the drive for zero emissions via electric vehicles. Throughout, author Eric Dregni offers you a wealth of imagery: historic black-and-white photos, evocative period advertisements, manufacturer photos, and more—over 500 images! Along the way, he also shows you scooter evolution, changing technologies, and scooter appearances in popular culture. And as the most comprehensive scooter book ever, The

Scooter Bible also includes the world's most exhaustive encyclopedia of scooter brands, from Puddlejumper to Piaggio, Ducati to Doodlebug, and Zündapp Bella to Genuine Stella. The Scooter Bible is all you need before kick-starting your scooter engine to life and praying for ever more speed. Indeed, scooters are mechanical marvels on two wheels. Streamlined spuds. Mutant oddballs of Jet Age styling gone berserk. Innovative inventions shoehorned like sardines into miniaturized monocoque bodies. Engineering and styling enigmas (the stranger the better). They are the weird and the wonderful. And they are all here in The Scooter Bible.

Vespa and Lambretta remain the two most iconic motor scooter brands, even four decades after the latter's demise. But what made them such a European sensation in the postwar era? And why were they particularly popular in Britain in the 1950s and '60s? Motor scooter expert Stuart Owen explains the rise of Innocenti's Lambretta and Piaggio's Vespa, from the wartime ruins of Italy, through years of plenty as the two manufacturers exploited a ready market for affordable, economic transport, and then their decline into more uncertain times as motor cars trespassed on their success. He also explores the rich history of accessorising and customising the scooters, their essential role in the mod movement, and the revival in Vespa's fortunes following the release of the cult film *Quadrophenia*.

WALNECK'S CLASSIC CYCLE TRADER, MAY 1998 Omnibus Press

From its origins the Italian battlefields of the Second World War, to movie roles as Audrey Hepburn's transport in Roman Holiday and Sting's stylish companion in Quadrophenia and on through the current vintage revival, the classic Italian motor scooter is an enduring design classic from the 20th century. Scootermania celebrates the superbly simple vehicles that are so symbolic of freedom, style and the modern world. Originating in the 1940s in Milan and Pontedera, Tuscany, the scooter became an enduring transport choice for young people and urban environments. Early chapters look at scooter racing and long-distance attempts, and their role as an anti-tank weapon in the French army. There is engaging coverage of place of scooters in popular culture from films, music and fashion including the way that a host of disparate groups has made the bikes their own - from the British Mods of the 1960s and 1980s to their role in American and Japanese fashion and in their Italian homeland. The evolution and design of classic models as the Vespa 150 GS and the Lambretta Li 150 Series 3 are covered while scooter stars such as Enrico Piaggio and Georges Monneret are celebrated in their own words. The book also includes a number of specially photographed features on modern scooter designers, collectors and artists.

Set your pulse racing with this stunning visual guide to over 1000 pin-up machines - iconic symbols of wanderlust, speed, and the open road. From Gottlieb Daimler's gas-powered "engine on a bicycle" which set fire to the seat on its first outing, to superbikes such as the Ducati 916, Motorcycle: The Definitive Visual History takes you on an enthralling tour of the bike's history. It shows you bikes that appeal to the head - practical forms of transport - and to the heart - a parade of classic pin-ups including cult machines such as the Honda RC30, the Triumph Bonneville, and the Harley-Davidson XR750. Motorcycle: The Definitive Visual History shows the brilliance and impracticality of different designs and features detailed cross-sections of engines such as the air-cooled two-stroke. It explains how the great marques such as the Royal Enfield, the "legendary" Indian Scout, Vespa, and Norton all became household names. Whether you are a hardcore enthusiast or looking forward to your first machine, this is one title you cannot be without.

Dick Hebdige looks at the creation and consumption of objects and images as diverse as fashion and documentary photographs, 1950's streamlined cars, Italian motor scooters, 1980's 'style manuals', Biff cartoons, the Band Aid campaign, Pop Art and promotional music videos. He assesses their broad cultural significance and charts their impact on contemporary popular tastes.

Mod may have been born in the ballrooms and nightclubs around London but it soon rampaged throughout the country. Young kids soon found a passion for sharp clothes, music and dancing, but for some it was pills, thrills and violence. The original Mod generation tell it exactly how it was, in their very own words. First hand accounts of the times from the people who were actually on the scene. Top faces, scooterboys, DJs, promoters and musicians build up a vivid, exciting snapshot of what it was really like to be with the in-crowd. Packed with rare pictures, ephemera, art and graphics of the era. Featuring interviews with Eddie Floyd, Martha Reeves, Ian McLagan, Chris Farlowe and many more.
