Education is a positive construct which empowers people to make use of its potentialities in the best ways to achieve excellence. Research in this
 endeavour tries to resolve various problems related to education, educational process and educational advancements. Thereby, keeping education
 updated and advanced in turn preparing updated positive and constructive citizens of the society. Today an educated person is expected to be
 equipped with the most advanced knowledge, skills, humane values and digitalisation, including evaluation of existing policies and bringing out
 components & variables to be covered by forthcoming policies. Thus, research is positively correlated with the human and material development,
 ensuring humane and developed society. The strength of an institution is reflected by the researches undertaken by the members over there. It gives
 me immense pleasure to note that survey of research abstracts in Faculty of Education, Banaras Hindu University has been completed and ready for
 its publication in hard and soft mode. The present volume includes 256 abstracts since 1952, including most recent D.Litt. abstract in education. This
 survey no doubt presents a trend of researches understudy. These abstracts will certainly pave educational paths to solving recent educational
 issues. A commendable contribution has been done by the team of publication. This will have a long-term impact on future researchers. Moreover,

preservation of research knowledge, covering 33 identified educational areas and its dissemination were much needed and expected for the cause of quality research. I am sure, the volume will serve its qualitative purpose to researchers, teachers, administrators and policy-makers in India and abroad. We are grateful to Prof.D.P.Singh, Chairman, University Grants Commission, New Delhi (India) for writing foreword for this volume and motivating us. I convey my heartfelt gratitude to all the members of publication team for their concerted efforts in bringing out this precious volume. Date: 13th April, 2020 (Prof. R.P. Shukla) Banaras Hindu University Head and Dean Varanasi-10 Faculty of Education.

Elimination of Waste EduGorilla

PREFACE It gives me immense pleasure to share a few sentences as preface of the 'Survey of Research Abstract of Faculty of Education (K)', Banaras Hindu University, Varanasi. As we are aware that educational research aimed at developing curriculum, syllabus, textbooks, instructional materials, assessment modules, pedagogical innovations and qualitative practices and reforms. Information and communication technology, e-resources, e-contents, on-line mode of curricular transactions are becoming more prominent and effective in certain domains worldwide. Researches at doctoral and post-doctoral level are to be addressed the issues related to community, it needs and aspirations, curriculum (advances to be incorporate) and teaching-learning processes in order to make education updated, fulfilling the developmental needs, updated education refines the sensitivities of the learners to be constructive and productive in their approaches to bring desired development for themselves and for the society at large. Fast changing scenario on expected to lines and also on unexpected lines, both demand multifaceted preparedness to meet the challenges of life, likely to emerge. The present covid-19 situation has forced people globally to be locked down to fight against fatal corona virus. Under the situation researches and education processes one unique features such as: online mode of teaching- learning, development of e-content & e-resources, digital pedagogy, curricular flexibility, alternate system of evaluation and examinations, teachers knowledge base and preparedness and students achievement etc. all these have put forwards new areas of study. The comprehensive volume II of the Research Abstract includes eighty Ph.D. thesis and two hundred P.G. dissertations, covered various areas, including educational psychology, philosophy, sociology, technology, curricular studies, examination, evaluation, discipline-based pedagogies etc. Volume provides a rich knowledge base to readers to find knowledge gap in a particular areas for further research design in a way researcher finds a direction to proceed with a new problem with a sound research plan. I on behalf of the Faculty of Education and on my own behalf convey my sincere congratulations to the entire team of the publication and to Prof. S. K. Singh, the chief editor of the volume. I am sure readers will be immensely benefited from this great volume. Date: 26th May, 2020 (R. P. Shukla)

The Cabuliwallah Accountancy Class XI for UP Board

This innovative approach to teaching Java language and programming uses game design development as the method to applying concepts. Instead of teaching game design using Java, projects are designed to teach Java in a problem-solving approach that is both a fun and effective. Learning Java with Games introduces the concepts of Java and coding; then uses a project to emphasize those ideas. It does not treat the object-oriented and procedure and loop parts of Java as two separate entities to be covered separately, but interweaves the two concepts so the students get a better picture of what Java is. After studying a rich set of projects, the book turns to build up a "Three-layer Structure for Games" as an architecture template and a guiding line for designing and developing video games. The proposed three-layer architecture not only merges essential Java object-oriented features but also addresses loosely coupled software architecture.

The chapter-wise NCERT solutions prove very beneficial in understanding a chapter and also in scoring marks in internal and final exams. 'India - Size and Location' is the Fifth chapter in class 9th Social Science. Our teachers have explained every exercise and every question of chapter 5th 'India - Size and Location' in detail and easy to understand language. You can get access to these solutions in Ebook. Download 'Geography Chapter 1- India - Size and Location' chapter-wise NCERT Solutions now! These NCERT solutions are comprehensive which helps you greatly in your homework and exam preparations. so you need not purchase any guide book or any other study material. Now, you can study better with our NCERT chapter-wise solutions of Social Science. You just have to download these solutions to master the Fifth chapter of class 9th Social Science.

Multiplicando Por 9 Bright Tutee

Rabindranath Tagore, also written Rabindranatha Thakura, (7 May 1861 - 7 August 1941), sobriquet Gurudev, was a Bengali polymath who reshaped Bengali literature and music, as well as Indian art with Contextual Modernism in the late 19th and early 20th centuries. Author of Gitanjali and its "profoundly sensitive, fresh and beautiful verse", he became the first non-European to win the Nobel Prize in Literature in 1913. In translation his poetry was viewed as spiritual and mercurial; however, his "elegant prose and magical poetry remain largely unknown outside Bengal. Tagore introduced new prose and verse forms and the use of colloquial language into Bengali literature, thereby freeing it from traditional models based on classical Sanskrit. He was highly influential in introducing the best of Indian culture to the West and vice versa, and he is generally regarded as the outstanding creative artist of the modern Indian subcontinent, being highly commemorated in India and Bangladesh, as well as in Sri Lanka, Nepal and Pakistan.
