*Sex in the City* explains how the organised prostitution rackets work in this country. It does so through the lives and activities of the main people involved. It maps the origins and development of their enterprises and charts the growth of their multi-million euro businesses. It identifies the people at the top who ran the brothels, the type of women they employed and the individuals who supported their criminal enterprises. The men and women come from all walks of life and social classes. Wealthy middle and upper class professionals such as doctors, lawyers, businessmen and priests all paid to have sex with prostitutes in the brothels, in their offices or in their own homes. And it's not just sex with women and men they seek. There is a disturbing demand in Irish society for sex with young teenagers and children. In 1997 an Eastern Health Board study found that 57 boys and girls were working as prostitutes. A 14-year-old child prostitute was found in one of the brothels. Hundreds of men paid to have sex with her. Two members of the Garda Siochana approached brothels and prostitutes while they were serving in the force looking for sex with children. I have read lots of stories by sex workers describing their lives. The common thing they all say is do not glamorize the life. It's work that is hard and dangerous at times. I read *The Happy Hooker* in the

1970s then I saw the movie *Pretty Woman* in 1991. After that, I met real street walkers because I was a young guy experimenting on the edges of life. What a contrast. Women in the sex trade are viewed at different extremes by everyone including the women themselves. Some, like the radical feminists and the religious right, say it's sexual slavery and demeaning towards women, a reflection of a society where men are dominant and use women to serve their sexual ends with a sense of entitlement.

Pornography is powerful. Our contemporary culture as been pornified, and it shapes our assumptions about identity, sexuality, the value of women and the nature of relationships. Countless Christian men struggle with the addictive power of porn. But common spiritual approaches of more prayer and accountability groups are often of limited help. In this book neuroscientist and researcher William Struthers explains how pornography affects the male brain and what we can do about it.

Because we are embodied beings, viewing pornography changes how the brain works, how we form memories and make attachments. By better understanding the biological realities of our sexual development, we can cultivate healthier sexual perspectives and interpersonal relationships.

Struthers exposes false assumptions and casts a vision for a redeemed masculinity, showing how our sexual longings can actually propel us toward sanctification and holiness in our bodies. With insights for both married and single men alike, this book offers hope for freedom from pornography.

Perspectives on Deviance and Social Control provides a sociological examination of deviance and social control in society. Derived from the same author team's successful text/reader version, this concise and student-friendly resource uses sociological theories to illuminate a variety of issues

related to deviant behavior and societal reactions to deviance. The authors briefly explain the development of major sociological theoretical perspectives and use current research and examples to demonstrate how those theories are used to think about and study the causes of deviant behavior and the reactions to it. Focusing on the application—rather than just the understanding—of theory, the Second Edition offers a practical and fascinating exploration of deviance in our society.

(Sub)Urban Sexscapes brings together a collection of theoretically-informed and empirically rich case studies from internationally renowned and emerging scholars highlighting the contemporary and historical geographies and regulation of the commercial sex industry. Contributions in this edited volume examine the spatial and regulatory contours of the sex industry from a range of disciplinary perspectives—urban planning, urban geography, urban sociology, and, cultural and media studies—and geographical contexts—Australia, the UK, US and North Africa. In overall terms, (Sub)urban Sexscapes highlights the mainstreaming of commercial sex premises—sex shops, brothels, strip clubs and queer spaces—and products—sex toys, erotic literature and pornography—now being commonplace in night time economy spaces, the high street, suburban shopping centres and the home. In addition, the aesthetics of commercial and alternative sexual practices—BDSM and pornography—permeate the (sub)urban landscape via billboards, newspapers and magazines, television, music videos and the Internet. The role of sex, sexuality and commercialized sex, in contributing to the general character of our cities cannot be ignored. In short, there is a need for policy-makers to be realistic about the historical, contemporary and future presence of the sex industry. Ultimately, the regulation of the sex industry should be informed by evidence as opposed to moral panics. \*\*\* Winner of the Planning Institute of Australia (WA) 2015 Award for Excellence in Cutting Edge Research and Teaching \*\*\*

**A Gold Mine of Ideas for Tapping the 50+ Market** Jarrold Publishing

Detailing the relationships between sexed bodies, sexual subjectivities and forms of intimacy, *Cities and Sexualities* explores the role of the city in shaping our sexual lives. At the same time, it describes how the actions of urban governors, city planners, the police and judiciary combine to produce cities in which some sexual proclivities and tastes are normalized and others excluded. In so doing, it maps out the diverse sexual landscapes of the city – from spaces of courtship, coupling and cohabitation through to sites of adult entertainment, prostitution, and pornography. Considering both the normative geographies of heterosexuality and monogamy, as well as urban geographies of radical/queer sex, this book provides a unique perspective on the relationship between sex and the city.
