Encyclopedia of American Urban History Grolier Academic Reference

Describes the lives and achievements of American Indians and discusses their contributions to the world.

Academic American Encyclopedia World Book

"Compact, clearly printed, and a delight to use. A sine qua non for the reference collections of public, academic, and theological libraries". -- American

Reference Books Annual

M. SAGE

The Encyclopedia of Politics in the American West is an A to Z reference work on the political development of one of America's most politically distinct, not to mention its fastest growing, region. This work will cover not only the significant events and actors of Western politics, but also deal with key institutional, historical, environmental, and sociopolitical themes and concepts that are important to more fully understanding the politics of the West over the last century.

Encyclopedia of American Indian History [4 volumes] Grolier

Provides more than seven hundred alphabetical entries covering the interaction of law and society around the globe, including the sociology of law,

law and economics, law and political science, psychology and law, and criminology.

S - Sne CQ Press

After a generation of pathbreaking scholarship that has reoriented and enlightened our perception of the American city, the two volumes of the Encyclopedia of American Urban History offer both a summary and an interpretation of the field. With contributions from leading academics in their fields, this authoritative resource offers an interdisciplinary approach by covering topics from economics, geography, anthropology, politics, and sociology.

The Oxford Encyclopedia of American Literature: Academic novels Routledge

Lists the best reference materials in the arts and sciences that meet the needs of elementary, secondary, vocational, and junior college students and teachers.

For a full list of entries, contributors, and more, visit the Encyclopedia of American Folk Art web site. This is the first comprehensive, scholarly study of a most fascinating aspect of American history and culture. Generously illustrated with both black and white and full-color photos, this A-Z encyclopedia covers every aspect of American folk art, encompassing not only painting, but also sculpture, basketry, ceramics, quilts, furniture, toys, beadwork, and more, including both famous and lesser-known genres. Containing more than 600 articles, this unique reference considers individual artists, schools, artistic, ethnic, and religious traditions, and heroes who have inspired folk art. An incomparable resource for general readers,

students, and specialists, it will become essential for anyone researching American art, culture, and social history.

[15,000 Years of Inventions and Innovations](#) Scarecrow Press

"A 22-volume, highly illustrated, A-Z general encyclopedia for all ages, featuring sections on how to use World Book, other research aids, pronunciation key, a student guide to better writing, speaking, and research skills, and comprehensive index"--

American Masculinities: A Historical Encyclopedia Behrman House, Inc

This new four-volume encyclopedia is the most comprehensive and up-to-date resource available on the history of Native Americans, providing a lively, authoritative survey ranging from human origins to present-day controversies. • Approximately 450 entries within four separate volumes • Approximately 110 contributors from among the foremost scholars in the fields, including Troy Johnson on self-determination movements, Richard King on sports mascots, and Jon Rehyner on recovery of Native languages • Hundreds of images, including illustrations, photographs, and maps • A series of helpful research tools rounding out the fourth volume, including an extensive chronology, topical bibliography, and a comprehensive index [Volume 44 - Supplement 9: BASIC to Zambia: National Legal Deposit Library of Academic Press](#)

"This is a highly recommended purchase for undergraduate, medium-sized, and large public libraries wishing to provide a substantial introduction to the field of men's studies." --Reference & User Services Quarterly "Pleasing layout and good cross-references make Carroll's compendium a welcome addition to collections serving readers of all ages. Highly recommended." --CHOICE "An excellent index, well-chosen photographs and illustrations, and an extensive bibliography add further value. American Masculinities is well worth what would otherwise be too hefty a price for many libraries because no other encyclopedia comes close to covering this growing field so well." --American Reference Books Annual American Masculinities: A Historical Encyclopedia is a first-of-its-kind reference, detailing developments in the growing field of men's studies. This up-to-date analytical review serves as a marker of how the field has evolved over the last decade, especially since the 1993 publication of Anthony Rotundo's *American Manhood*. This seminal book opened new vistas for exploration and research into American History, society, and culture. Weaving the fabric of American history, American Masculinities illustrates how American political leaders have often used the rhetoric of manliness to underscore the presumed moral righteousness and ostensibly protective purposes of their policies. Seeing U.S. history in terms of gender archetypes, readers will gain a richer and deeper understanding of America's democratic political system, domestic and foreign policies, and capitalist economic system, as well as the "private" sphere of the home and domestic life. The contributors to American Masculinities share the assumption that men's lives have been grounded fundamentally in gender, that is, in their awareness of themselves as males. Their approach goes beyond scholarship which traditionally looks at men (and women) in terms of what they do and how they have influenced a given field or era. Rather, this important work delves into the psychological core of manhood which is shaped not only by biology, but also by history, society, and culture. Encapsulating the current state of scholarly interpretation within the field of Men's Studies, American Masculinities: A Historical Encyclopedia is designed to help students and scholars advance their studies, develop new questions for research, and stimulate new ways of exploring the history of American life. Key Features - Reader's Guide facilitates browsing by topic and easy access to information - Extensive name, place, and concept index gives users an additional means of locating topics of interest - More than 250 entries, each with suggestions for further reading - Cross references direct users to related information - Comprehensive bibliography includes a list of sources organized by categories in the field Topics Covered - Arts, Literature, and Popular Culture - Body, Health, and Sexuality - Class, Ethnic, Racial, and Religious Identities - Concepts and Theories - Family and Fatherhood - General History - Icons and Symbols - Leisure and Work - Movements and Organizations - People - Political and Social Issues About the Editor Bret E. Carroll is Associate Professor of History at California State University, Stanislaus. He received his Ph.D. from Cornell University in 1991. He is author of *The Routledge Historical Atlas of Religion in America* (1997), *Spiritualism in Antebellum America* (1997), and several articles on nineteenth-century masculinity.

A Dictionary of Arts, Sciences, Literature and General Information Routledge

Vol.I: City - 32 Papers in this volume provide an understanding of urban structure and problems ranging from national to the local level. Vol.II: Society - 28 Papers deal with social and cultural aspects drawn from experiences of many countries. Vol.III: Planning - 28 papers examine the different aspects of regional planning.

Academic American Encyclopedia ABC-CLIO

Presented alphabetically by title, 300 articles probe both enduring and exciting new topics in physiological psychology, perception, personality, abnormal and clinical psychology, cognition and learning, social psychology, developmental psychology, language, and applied contexts. Written by leading scientists in these disciplines, every article has been peer-reviewed to establish clarity, accuracy, and comprehensiveness. The most comprehensive reference source to provide both depth and breadth to the study of human behavior, the encyclopedia will again be a much-used reference source. This set appeals to public, corporate, university and college libraries, libraries in two-year colleges, and some secondary schools. Carefully crafted, well written, and thoroughly indexed, the encyclopedia helps users—whether they are students just beginning formal study of the broad field or specialists in a branch of psychology—understand the field and how and why humans behave as we do. Named a 2013 Outstanding Academic Title by the American Library Association's Choice publication Concise entries (ten pages on average) provide foundational knowledge of the field Each article features suggested further readings, a list of related websites, a 5-10 word glossary and a definition paragraph, and cross-references to related articles in the encyclopedia Newly expanded editorial board and a host of international contributors from the United States, Australia, Belgium, Canada, France, Germany, Ireland, Israel, Japan, Sweden, and the United Kingdom
