The Complete Terry and the Pirates: 1934-1936 Del Rey

An alt-history account of the founding of America, as a lost fleet of Roman soldiers arrives a thousand years before Columbus. In AD 323, a fleet of Roman ships is lost in a storm, and they find themselves on the shores of the New World, one thousand years before Columbus. Unable to return home, they establish a new colony, Roma Occidens, radically altering the timeline of America and subsequent world events as seen through the eyes of one family. An exploration in alternative history from Brian Wood, Justin Giampaoli, and Andrea Mutti.

Cruising Through the Louvre Titan

Winner of the Carlo Boscarato Prize 2016 Winner of the Lo Straniero Prize 2016 Winner of the Attilio Micheluzzi Prize for Best Writing 2017 Sélection Officielle Angoulême 2018 In a forsaken corner of the Italian countryside, Guido and his friends Moreno and Katango spin out their days in languor and boredom intermixed with desire and, occasionally, violence. Nearby live the Stančič, a family of Romani who escaped the communist regime of Marshal Tito and settled here just after World War II. Guido's coming-of-age is changed by the evolving relationship that the rural town has with this group of outsiders, these "gypsies." The author is unsparing in his depiction of the townspeople's cruelty. And yet, there are also many instances of solidarity between Guido's community and the Stančič. Reviati's first book in English, Spit Three Times is an extraordinary story of young men, disillusioned and trying to find their way, caught in the breach between post-war exuberance and the stagnation of the early twenty-first century.

The Best of Ray Bradbury NBM

An epic dungeon-busting adventure inspired by One Thousand and One Nights! Deep within the desert lie the mysterious Dungeons, vast stores of riches there for the taking by anyone lucky enough to find them and brave enough to venture into the depths from where few have ever returned. Plucky young

adventurer Aladdin means to find the Dungeons and their secrets, but Aladdin may be just as mysterious as the treasures he seeks. The three nations of Sindria, Leam and the Kou Empire now ponder the story of Alma Tran as told by Aladdin. The tragedy of that fallen world has lessons for all, but disagreements among these powerful countries could mean an apocalypse might happen all over again! Then, shocking news arrives from the east—a new power is rising in the Kou Empire!

"All-too-flawed humans with godlike powers. What could go wrong? The Authority-- a team of nearly omnipotent superheroes-- find themselves pushed to their limits morally and intellectually when stuck in an alternate reality. What price will they pay to get back home? And what happens when they have to go up against alternate versions of themselves?" -- p. [4] of cover.

The Celestial Bibendum Dark Horse Comics

A brand-new edition of the greatest work from comics master Joe Kubert! The astonishing true story of a family in Sarajevo, Bosnia, trapped in a city under siege as war and genocide rage around them, with only a fax machine to communicate. On the receiving end of these faxes from his trapped friend, Kubert brilliantly illustrates their struggle toward freedom against the worst kind of odds. It's the tale of a very real war, told from the perspective of innocent victims, but it's also full of strength, survival, and love.

The murder ballad holds a rock-solid position in US roots music and the Great American Songbook for decades. Telling the stories of sometimes true and often not-so-true-crimes and other horrific events, they are raw stories full of unrequited love, betrayal, life, and death. The song form stems from the Anglo-Saxon ballad tradition, where stories were orally passed on to a mostly illiterate population. Dutch cartoonist Erik Kriek was inspired by five old and new murder ballads — including songs by modern masters such as Nick Cave, Steve Earle, and Gillian Welch — and used them as a launching point for five special and ruthless graphic narratives that dig deep into the darkness of Americana, in which guns and religion maintain an uneasy balance.

Black Jack is a mysterious and charismatic young genius surgeon who travels the world performing amazing and impossible medical feats. Though a trained physician, he refuses to accept a medical license due to his hatred and mistrust of the medical community's hypocrisy and corruption. This leads Black Jack to occasional run-ins with the authorities, as well as from gangsters and criminals who approach him for illegal operations. Black Jack charges exorbitant fees for his services, the proceeds from which he uses to fund environmental projects and to aid victims of crime and corrupt capitalists. But because Black Jack keeps his true motives secret, his ethics are perceived as questionable and he is considered a selfish, uncaring devil. The Black Jack series is told in short stories. Each volume will contain 16-20 stories, each running approximately 20-24 pages in length. Black Jack is recognized as Osamu Tezuka's third most famous series, after Astro Boy and Kimba, the White Lion.

Linda S. Kauffman turns the pornography debate on its head with this audacious analysis of recent taboo-shattering fiction, film, and performance art. Investigating the role of fantasy in art, politics, and popular culture, she shows how technological advances in medicine and science (magnetic resonance imaging, computers, and telecommunications) have profoundly altered our concepts of the human body. Cyberspace is producing new forms of identity and subjectivity. The novelists, filmmakers, and performers in Bad Girls and Sick Boys are the interpreters of these brave new worlds, cartographers who are busy mapping the fin-de-millennium environment that already envelops us. Bad Girls and Sick Boys offers a vital and entertaining tour of the current cultural landscape. Kauffman boldly connects the dots between the radical artists who shatter taboos and challenge legal and aesthetic conventions. She links writers like John Hawkes and Robert Coover to Kathy Acker and William Vollmann; filmmakers like Ngozi Onwurah and Isaac Julien to Brian De Palma and Gus Van Sant; and performers like Carolee Schneemann and Annie Sprinkle to the visual arts. Kauffman's lively interviews with J. G. Ballard, David Cronenberg, Bob Flanagan, and Orlan add an extraordinary dimension to her timely and convincing argument.

An artist's unique take on the museum experience: peoplewatching Author and artist David Prudhomme meanders through the Louvre, feeling as if in the panels of a giant comic while he himself is creating his own is this graphic novel. In this institution, all manner of people from all over the world rub elbows quietly. So Prudhomme decides to cruise through the museum, not to look at the world famous art, but to observe the people and their interaction with it. As he wanders, he discovers a group of students somehow stuck together just as in the shipwreck on the Raft of the Medusa; a man standing behind the Seated Scribe, as if attempting to read over his shoulder; and in the hall of antiquities, a woman placing her head in a lion's mouth. This work presents readers a strange, silent, and casual choreography, danced in the midst of one of the most prestigious museums in the world.

A master cartoonist and veteran tells the life story of the man who started the second world war Seventy years after his death, Adolf Hitler remains a mystery. Historians, military tacticians, and psychologists have tried in vain to unravel his complex motivations for leading Germany into the Holocaust and World War II. With Shigeru Mizuki's Hitler, the manga-ka (Kitaro, NonNonba, Showa: A History of Japan) delves deep into the history books to create an absorbing and eloquent portrait of Hitler's life. Beginning with Hitler's time in Austria as a starving art student and ending with a Germany in ruins, Shigeru Mizuki's Hitler retraces the path Hitler took in life, coolly examining his charismatic appeal and his calculated political maneuvering. The Munich Beer Putsch, Hitler's ascent to chancellor, the sudden death of his half-niece Geli, the Battle of Stalingrad, his relationship with Eva Braun, and his eventual demise: all are given equal attention in this thorough and compelling biography.
