Smith and Hogan's Criminal Law Oxford University Press

This is the new edition of the leading textbook on criminal law by Professors Simester and Sullivan, now co-written with Professors Spencer, Stark and Virgo. Simester and Sullivan's Criminal Law is an outstanding account of modern English criminal law, combining detailed exposition and analysis of the law with a careful exploration of its theoretical underpinnings. Primarily, it is written for undergraduate students of criminal law and it has become the set text in many leading universities. Additionally, the book is used as an important point of reference in academic writing and postgraduate research in England and abroad. Simester and Sullivan's Criminal Law has been cited by appellate courts throughout the world. Review of Previous Edition: '... undoubtedly a first-rate companion for any undergraduate or post-graduate law course. Since attaining international recognition and citation in appellate courts worldwide, the security of the text's position as a point of academic reference remains as steadfast as ever.' John Taggart, *Criminal Law Review*

Women's Work, Women's Poverty Oxford University Press

If you could change one part of the criminal law, what would it be? The editors put this question to nine leading academics and practitioners. The first nine chapters of the collection present their responses in the form of legal reform proposals, with topics ranging across criminal law, criminal justice and evidence - including confiscation, control orders, criminal attempts, homicide, assisted dying, the special status of children, time restrictions on prosecution, the right to silence, and special measures in court. Each chapter is followed by a comment from a different author, providing an additional expert view on each reform proposal. Finally, the last two chapters broaden the debate to discuss criminal law reform in general, examining various reform bodies and mechanisms across England, Wales and Scotland. *Criminal Law Reform Now* highlights and explores the

current reform debates that matter most to legal experts, with each chapter making a case for positive change.

Text, Cases, and Materials University Press of America

This comprehensive casebook provides extracts from all of the key cases along with other essential materials from statutes, reports, books, and articles. Notes and questions provide context and encourage deep learning. It is the perfect companion to a textbook such as *Smith and Hogan Criminal Law*.

Text, Cases, and Materials Routledge

An array of carefully selected case report and academic article extracts combined with author commentary to provide a thorough and engaging assessment of criminal law provisions.

Public Law Oxford University Press

Fresh, modern, and practical, *Public Law* provides law undergraduates with a unique approach to constitutional and administrative law, aptly demonstrating why this is an exciting time to be studying the subject. Writing in a fluid, succinct style, the authors carve a logical pathway through the key areas studied on the LLB, guiding students to a solid understanding of the fundamental principles. This theoretical grounding is then rooted in reality, with each concept applied to a hypothetical scenario (included at the start of each chapter) to set it into a practical context. While this practical element helps students to understand how the law applies and develop problem-solving skills, a trio of supportive learning features also encourages active engagement with and a critical appreciation of public law. 'Key case' boxes highlight and analyse the significant case law in each area; 'Counterpoint' boxes flag alternative viewpoints and areas of debate; and 'Pause for reflection' boxes prompt readers to consider the impact of laws, and what potential developments and reforms may lie ahead. *Public Law's* modern approach and unique combination of practical application and theoretically critical discussion makes it the ideal choice for students seeking to understand concepts not only in the abstract but in practice, helping them to develop the skills they need to succeed at university and beyond. Online Resources This title is supported by an online resources platform for students featuring guidance on approaching and analysing the real life scenarios in the book, a bank of multiple choice questions, legal updates, and links to

useful material elsewhere on the web.

Smith, Hogan, and Ormerod's Criminal Law Sweet & Maxwell

'Complete Criminal Law' provides a student-centred, straightforward approach to the criminal law LLB/CPE syllabus. It involves the student in an active approach to learning through the use of many learning features.

Smith and Hogan's Criminal Law Bloomsbury Publishing

Public Law: Text, Cases, and Materials offers a fresh approach to the study of constitutional and administrative law by exploring how the law works in practice. The inclusion of extracts from key cases, government reports and academic articles demonstrates the law in action and the incisive commentary that accompanies them explains the significance of each. The expert authors have distilled their knowledge of the institutions and legal principles into concise, focused prose, and they encourage reflection through regular questions and hypothetical examples. This leading text provides students with a thorough and wide-ranging knowledge of public law, together with a full understanding of the theoretical and political debates in this fascinating and dynamic area of law. Online Resource Centre This book is accompanied by an Online Resource Centre which provides a link to the authors' Twitter feed, web links to useful sites and, for lecturers, a test bank of multiple choice questions with answers and feedback.

Landmark Cases in Criminal Law Smith & Hogan Criminal

Cases and Materials A companion to *Smith and Hogan: Criminal Law* this work provides all the necessary materials; cases, statutes, reports, extracts from books and articles, for an in-depth study of the general principles of criminal law. This edition has been updated to incorporate new legislation such as the Sexual Offences Act 2003 and relevant new case law. *Smith and Hogan's Criminal Law*

A comparative and collaborative study of the foundational principles and concepts that underpin different domestic systems of criminal law.

Supplement Butterworth-Heinemann

A companion to *Smith and Hogan: Criminal Law* this work provides all the necessary materials; cases, statutes, reports, extracts from books and articles, for an in-depth study of the general principles of criminal law. This edition has been updated to

incorporate new legislation such as the Sexual Offences Act 2003 and relevant new case law.

Smith, Hogan, and Ormerod's Criminal Law Oxford University Press, USA

Modern Land Law offers a lively and thought-provoking account of a subject that remains at the heart of our legal system. Dispelling any apprehension about the subject's formidability from the outset, this compact textbook provides an absorbing and exact analysis of all the key legal principles relating to land. Written with students firmly in mind, the principal features of this textbook include: • a clear introduction to every chapter which frames each topic in its wider context; • corresponding chapter summaries which help to consolidate learning and encourage reflection; • the use of tables and diagrams to aid understanding of complicated topics; • a friendly two-color text design which complements Martin Dixon's comprehensible and engaging writing; • an updated companion website which supports this textbook with a fully customizable testbank for lecturers; self-test questions and practice exam-style questions for students as well as podcasts to keep students updated with new cases, important decisions and other newsworthy issues relating to land law. This 9th edition has been thoroughly revised and updated to take into account key developments in the law in the light of the Law Commission's recommendations on easements and covenants, as well as the increased impact of the HRA 1998 on case law. All major recent decisions and judgments will be incorporated alongside a discussion of proposals for reform and new legislation. Modern Land Law is one of the most current and reliable textbooks available on land law today.

The Art and Technique of Pen Drawing Cambridge University Press

This new edition has been made more digestible by dividing some of the longer chapters. It has been fully revised and takes account of recent very important case law, particularly the decisions of the House of Lords in *B (a minor) v I and K* (strict liability), *Morgan v I* (provocation) and *Hinks v I* (theft). It includes statutory changes, particularly those made by the Sexual Offences (Amendment) Act 2000 and the - so far slight - impact of the Human Rights Act 1998 on the substantive criminal law. A new short account of money-laundering offences is included.

Modern Land Law Oceana Publications

Excellent reference describes line technique; drawing the figure, face, and hands; humorous illustration; pen drawing for advertisers; landscape and architectural illustration. Drawings by Dürer, Holbein, Doré, Rackham, Beardsley, Klinger, more. 161 figures.

Smith & Hogan Criminal Law Routledge

This book examines the rapid development of the fundamental concept of a crime in international criminal law from a comparative law perspective. In this context, particular thought has been given to the catalyzing impact of the criminal law theory that has developed in major world legal systems upon the crystallization of the substantive part of international criminal law. This study offers a critical overview of international and domestic jurisprudence with regard to the construal of the concept of a crime (actus reus, mens rea, defences, modes of liability) and exposes roots of confusion in international criminal law through a comprehensive comparative analysis of substantive criminal laws in selected legal jurisdictions.

Smith and Hogan's Text, Cases, and Materials on Criminal Law South End Press

Smith, Hogan, & Ormerod's Criminal Law is rightly regarded as the leading doctrinal textbook on criminal law in England and Wales. The book owes its consistent popularity to its accessible style, depth of analysis, and breadth of coverage. Over fifty years since the publication of the first edition, Professor David Ormerod and Karl Laird continue the tradition set down by Professors Sir John Smith and Brian Hogan by producing a textbook of unrivaled quality. The text continues to be an invaluable resource for undergraduate students and an essential reference source for criminal law practitioners. Online resources: A selection of online resources accompany this text, including: DT Comprehensive annual legal updates, organized by chapter DT A full bibliography arranged alphabetically and by chapter DT A selection of additional online chapters

Smith, Hogan, and Ormerod's Essentials of Criminal Law OUP Oxford

Smith and Hogan Criminal Law: Text and Materials is an essential, accessible guide to the criminal law. The eminently clear text that is the hallmark of the Smith & Hogan approach is supplemented by extracts from all of the key criminal law cases, together with other essential materials from statutes, reports, and articles.

Introductory notes, commentary, summaries, and questions help students to contextualize the materials and to apply the law confidently, gaining an in-depth insight into the problems that the law poses and faces. The contents of the eleventh edition have been substantially revised and restructured to present the materials in an order that closely matches the structure of contemporary courses on criminal law. The overall approach that the book takes has been adjusted to include significantly more explanatory text, thus ensuring that the book is suitable for use as a core textbook. The latest legislation and all of the recent cases that continue to shape the law are included, providing the law student with everything they need to develop a thorough understanding of the key cases and the legal principles that they illustrate.

Public Law Oxford University Press, USA

This title has been completely updated in order to include all legislative and case law developments. Changes brought about through the Crime and Courts Act 2013 and the Legal Aid, Sentencing and Punishment of Offenders Act 2012 have been fully incorporated. There is detailed analysis of the many recent case developments (more than 150 new cases are digested in this edition), in particular, a revision of the chapter dealing with secondary liability and joint enterprise.

The Criminal Law of Sierra Leone Bloomsbury Publishing
Introduction -- Actus reus -- Mens rea -- Interaction of actus reus and mens rea -- Murder -- Manslaughter -- Non-fatal offences against the person -- Sexual offences -- Property offences -- Fraud -- General inchoate offences -- Parties to crime -- Denials of an offence -- General defences

Ashworth's Principles of Criminal Law Oxford University Press
The Criminal Law of Sierra Leone documents the substantive criminal law as it has been applied, expounded, and developed since the introduction of English Common Law, using relevant case-law authorities and illustrations. The author takes a broad approach to the study of the country's criminal law, using cases to highlight and elucidate the principles and rules developed by the courts and also to demonstrate the real world impact of judicial decisions. This study provides an analytical understanding of the country's criminal law principles and doctrines, and the opportunity to critique court decisions from their own perspectives of fairness and justice. The author begins by

introducing the courts that exercise criminal jurisdiction in Sierra Leone, an analysis of the specific features of criminal law, and an exposition of its underlying principles, theories, and doctrines as a social control mechanism. He then discusses the basic elements of crime and describes how crimes are classified. Finally, he presents the defenses to criminal liability available under the law and articulates the case for major reforms of the country's criminal law.

Criminal Law Routledge

Criminal cases raise difficult normative and legal questions, and are often a consequence of compelling human drama. In this collection, expert authors place leading cases in criminal law in their historical and legal contexts, highlighting their significance both in the past and for the present. The cases in this volume range from the fifteenth to the twenty-first century. Many of them

are well known to modern criminal lawyers and students; others are overlooked landmarks that deserve reconsideration. The essays, often based on extensive and original archival research, range over a wide spectrum of criminal law, covering procedure and doctrine, statute and common law, individual offences and general principles. Together, the essays explore common themes, including the scope of criminal law and criminalisation, the role of the jury, and the causes of change in criminal law.
