"Luckily, I break down chess into absurdly simple tems anyone can learn from... Beginners don't know how to read complicated chess notation or terminology, and in my opinion, don't need to know."--

The Genesis of the G2Church CRC Press

Can machines write books? Can artificial intelligence be used for business? Will touch screens be around, or will they be replaced by voice recognition? What are deepfakes? How do self-driving cars work, and are they going to be a reality soon? These questions all come to light in this brief but informational book about artificial intelligence. Society is changing quickly because of automated systems in place that either benefit or undermine people's living style, jobs, and brains. Today, we explore what that future may hold. We will also look into options for civilaians in today's

modern world to adapt more quickly. Don't underestimate the rise of artificial intelligence. Understand the future. Begin reading or listening now!

'Blew my mind... so magically written and most of all that it is based on true events... a hard-hitting, soul-crushing book... I loved every moment of it... immersive, heart-wrenching, I feel emotional writing this review.' Goodreads reviewer, 5 stars
 Wanted: Company Daughters. Virtuous young ladies to become the brides of industrious settlers in a foreign land. The Company will pay the cost of the lady's dowry and travel. Returns not permitted, orphans preferred. Amsterdam, 1620. Jana Beil has learned that life rarely provides moments of joy. Having run away from a violent father, her days are spent searching for work in an effort to stay out of the city brothels, where desperate women trade their bodies for a mouthful of bread. But when Jana is hired as a servant for the wealthy and kind Master Reynst and his beautiful daughter Sontje, Jana's future begins to look brighter. Then Master Reynst loses his fortune on a bad investment, and everything changes. The house is sold to creditors, leaving Jana back on the street and Sontje without a future. With no other choice, Jana and Sontje are forced to sign with the East India Company as Company Daughters: sailing to a colonial Dutch outpost to become the brides of male settlers they know nothing about. With fear in their hearts, the girls begin their journey - but what awaits them on the other side of the world is nothing like what they've been promised... Based on true history, this is a gripping and unputdownable historical novel, perfect for fans of Girl with a Pearl Earring, The Miniaturist and The Indigo Girl. WINNER OF THE 2021 GOLDEN CROWN LITERARY SOCIETY AWARD FOR DEBUT FICTION. FINALIST FOR THE 2021 BISEXUAL BOOK AWARDS. LONGLISTED FOR THE 2021 HWA DEBUT

CROWN AWARD. What readers are saying about The Company Daughters: 'Blew my mind... a book I've told so many people about purely because I'm still in disbelief that it exists, that it's so magically written and most of all that it is based on true events... a hard-hitting, soul-crushing book of a woman's struggle to survive... I loved every moment of it. Breathlessly, and in a way that took up my entire brain... immersive, heart-wrenching, and I feel emotional writing this review.' Goodreads reviewer, 5 stars 'From the moment I started reading The Company Daughters, I was captivated by this historical tale. Although it does contain a love story, it's not a romance...This was a gripping read.' Goodreads reviewer 'This book is so stunningly tender and beautiful, all mixed in with some seriously tragic and heart-wrenching events... Rajaram is an extremely skilled writer, and I love her writing style... The themes of sisterhood and female love were so present in this book and I found it very moving.' Goodreads reviewer 'I was enchanted by this book! It's a delightful read that will have your emotions all over the place.' Goodreads reviewer 'I love historical fiction, and this book touched on a topic and time I knew nearly nothing about...There's love, there's loss, there's surviving, there's thriving... It was a very beautiful book.' Goodreads reviewer 'The Company Daughters is a beautifully written love story... a perfect example of the power of human will and the endurance and hope that love can give a person.' Goodreads reviewer, 5 stars 'This book has a beauty and grace to it. The author's writing just flows off the page, and although there are struggles and upsets by the time you close the book over you are filled with a warm glow.' Goodreads reviewer 'A powerful and insightful read. I look forward to reading more historical work by Samantha Rajaram!' Goodreads reviewer 'Heartbreaking... a moving book... vivid, with amazing characters... This is a great read.' Goodreads reviewer

The Chainsaw Operator's Manual is an essential safety tool for chainsaw operators. It is the ultimate guide to basic chainsaw operating techniques covering safety, maintenance and cross-cutting, but not tree felling. Detailed diagrams illustrate horizontal, vertical and boring cuts, as well as trimming and cross-cutting techniques. Safety considerations are discussed, including workplace safety, occupational hazards, kick-back and identifying dangerous trees. An explanation of the 'tension' and 'compression' forces in timber is also provided to help you understand where to begin cutting to avoid jamming the saw. The book covers chainsaw maintenance in detail, explains all aspects of the equipment and helps you select the right chainsaw and personal protection equipment for your needs. Trouble-shooting charts are included to help you solve operating problems. This manual has been updated to take into account the most recent changes in nationally accredited competency standards. It is a must-have for anyone operating a chainsaw.

A heart-wrenching colonial love story Mississauga, Ont. : F. Harris Music

Volume Two of 'Imagine, A World Without DIS-EASE' is an autobiographical narrative of the Genesis II Church of Health and Healing told by the Co-founder, Mark S. Grenon. This Amazing Journey started back in 2006 where Mark , then a missionary pilot in the Dominican Republic was working with medical teams in the D.R. and in Haiti when he contracted MRSA, a staph infection along with his three sons while working as interpreters. The MRSA spread to all of his 8 children! Nothing worked to kill this infection. After months of using the 'latest and greatest' antibiotics known at that time, it was getting worse! In desperation to save his son, Jonathan's leg, he found a free eBook on the internet written by a miner named Jim Humble. That book, 'Breakthrough, The Miracle Mineral Supplement of the 21st Century' not only 'restored health' for him and his family from the MRSA but put him on a path that changed his life! Mark and his sons, Jonathan and Joseph went on to help hundreds in the D.R. and Haiti 'restore health' from many different illnesses such as: Diabetes, AIDS, Dengue, Gastritis, Cancer, to name just a few. In 2010, Jim Humble came to live with the Grenon Family at their mission compound in Barahona, D.R. where they founded the G2Church. The G2Church has grown today as of January 2020, to over 3,700 members in 145+ countries with 1997 Health Ministers, 115 Bishops and 252 Church Chapters. For the past 3 years, 10+ testimonies of 'restored health' from 95% of the illnesses in this world are coming in and being read in the free weekly G2Church Newsletter www.g2churchnews.org and on the weekly G2Voice Broadcast at: www.g2voice.is. This book will cover this incredible story starting in 2006 to 2014. May the Lord use this book to help many 'restore health!' Mark S. Grenon

This book consists of two titles, which are the following: Book 1: In this guide, you will learn about all the basics of artificial intelligence. You'll learn what it is, how it works, and where it came from (or, in other words, how it all started). Aside from that, we'll dive into some data analytics and

examples of artificial intelligence. We'll cover several steps in the analytical process, and see what it takes for artificial intelligence to be effective. Last but not least, safety and privacy issues will be brought to light, since today's age is full of hacking, spying, and theft. Therefore, it is mandatory that these devices and systems are kept safe and secure. Book 2: Many people have unanswered questions about artificial intelligence. Today, the majority of those questions will likely be answered. Concerns will be addressed, and examples will be given. This book starts off with a question and answer section about artificial intelligence. It then proceeds to cover specific artificially intelligent applications, such as chatbots and robotics. These pages will show details of things that puzzle many people's minds. But you won't be left in the dark and will enjoy the full benefits of this knowledge. To Mr. Tate Howard, You are quite possibly the most infuriating, annoying and grumpy man I've ever met in my life. I know you think that you're God's gift to women, but I have a secret to let you in on: you're not. You're God's gift to yourself. Get over your wanna-be cool surfer self and grow up. I thought it was time that someone addressed your big head and told you straight to your face that you're not all that. Just because you have an Ivy league education doesn't mean you're the smartest man in the world. In fact, I'm not even sure if you would have gotten in if you didn't have rich parents. Yes, I went there. Every woman doesn't want to sleep with you and I'm sure you're not even good in bed. And I'm someone that would know. From, Your Secret Not Admirer

The Fourth Book of the Corean Chronicles Butterworth-Heinemann

Appropriate for all basic-to-intermediate level courses in Visual Basic 2008 programming. Created by world-renowned programming instructors Paul and Harvey Deitel, Visual Basic 2008 How to Program, Fourth Edition introduces all facets of the Visual Basic 2008 language hands-on, through hundreds of working programs. This book has been thoroughly updated to reflect the major innovations Microsoft has incorporated in Visual Basic 2008 and .NET 3.5; all discussions and sample code have been carefully audited against the newest Visual Basic language specification. The many new platform features covered in depth in this edition include: LINQ data queries, Windows Presentation Foundation (WPF), ASP.NET Ajax and the Microsoft Ajax Library, Silverlight-based rich Internet application development, and creating Web services with Windows Communication Foundation (WCF). New language features introduced in this edition: object anonymous types, object initializers, implicitly typed local variables and arrays, delegates, lambda expressions, and extension methods. Students begin by getting comfortable with the free Visual Basic Express 2008 IDE and basic VB syntax included on the CD. Next, they build their skills one step at a time, mastering control structures, classes, objects, methods, variables, arrays, and the core techniques of object-oriented programming. With this strong foundation in place, the Deitels introduce more sophisticated techniques, including inheritance, polymorphism, exception handling, strings, GUI's, data structures, generics, and collections. Throughout, the authors show developers how to make the most of Microsoft's Visual Studio tools. A series of appendices provide essential programming reference material on topics ranging from number systems to the Visual Studio Debugger, UML 2 to Unicode and ASCII.

The Twilight Years of Lady Osler Routledge

This important new volume discusses the role of emotion, resilience, and well-being in many contexts of human life, including home, school, and workplace. Leading researchers and academicians from around the world and from various fields—such as health, education, information and technology, military, and manufacturing—explore the theoretical and practical implications of many studies in this area. They present new concepts, models, and knowledge for practical applications that address challenges to well-being. The volume also considers the roles of several other influencing factors, such as emotional intelligence, performance, productivity, and employee's health and happiness. The book's editors state that, "At this juncture of human and technological development, when artificial intelligence and automation are slowly taking over the world, holding on to the study of emotions, well-being, and resilience has become imperative, as these influence sustainable performances and growth by individuals as well as organizations."

Life is full of challenges- no matter age, gender, religion, ethnicity, or occupation. Some days can be wonderful and rich with blue skies with rays of yellow, and in a single moment, dark clouds and stormy winds push you to the brink of despair! In those moments, we often find ourselves discouraged and in need of words that speak to the heart of the matter; and it is there that we get a glimpse of the smallest rays of hope, waiting to be put together like pieces of a fragmented puzzle. The question for us then becomes, wherein does this source of enlightenment stem? In this big little book, these simply penned words, steeped in hidden pathways, can have the ability to meet you where you are and change life's trajectory. No matter how deep the pit appears or how hot the fire burns, take comfort in knowing that this collection: Poetry Thoughts & Meditations for the Soul,

are writings inspired just for you. One of the most powerful gifts we have is that of self-expression. So understanding how to build a practical and healthy sense of self does not end when we face adversity; it merely begins when we overcome it. Here a little, there a little, step by step! The creativity He inspires can become an integral part of our lives when we learn how to saturate ourselves in the Son-light. Your journey in the wilderness has been a tedious one. Won't you allow a force higher than yourself to sustain and refresh your soul? Come, eat, and drink from the fountain. I hope that within these pages, you find a breadth of depth in the infinite source you have never known before. On that foundation, that source will unleash within your inner self unconditional Love, Joy, Peace, and the Hope of a Lasting Legacy!
