 An exuberant self-portrait of Christian Louboutin and his myriad inspirations, this volume is an exclusive glimpse into the mind and soul of the man behind the shoes. Perhaps one of the most influential luxury shoe designers of our time, Christian Louboutin's signature high stilettos and lacquer-red soles have become true cultural staples and fashion must-haves. In this new volume the inimitable designer reveals the influences behind his shoes, drawing on his encyclopedic knowledge of objects and artworks. A journey into nearly thirty years of footwear design and excellence, readers uncover Louboutin's vivid creative universe--filled with Amazonian bird feathers, Kachina dolls, crosses, masks, crowns, and the shoes they inspired. A true look into the master's references, exquisite drawings and sketches of

footwear juxtapose against artworks from international museum collections and some of the designer's cherished objects, which Louboutin personally selected in tandem with Olivier Gabet, the director of the Musée des Arts Décoratifs. Surrealist photographs of Louboutin's dazzling creations by Jean-Vincent Simonet bring electric, sensual style to the pages while a visceral dialogue between the designer and writer Éric Reinhardt runs through this veritable Wunderkammer of a book. Published on the occasion of the Christian Louboutin Exhibition show at the Palais de la Porte Dorée in Paris (February 20- July 28, 2020), this exquisite piece of bookmaking offers a highly personal, vivid glimpse into the designer's life and genius.

Afterlives of the Lady of Shalott and Elaine of Astolat Editions Assouline

Drawing on literature, art, film theatre, music and much more, *American Cultural Studies* is an interdisciplinary introduction to American culture for those taking American Studies. This textbook: * introduces the full range and variety of American culture including issues of race, gender and youth * provides a truly interdisciplinary methodology * suggests and discusses a

variety of approaches to study * highlights American distinctiveness * draws on literature, art, film, theatre, architecture, music and more * challenges orthodox paradigms of American Studies. This is a fast-expanding subject area, and Campbell and Kean's book will certainly be a staple part of any cultural studies student's reading diet.

The Pity of War Open Book Publishers

Leading scholars examine the history of linguistics from ancient origins to the present. They consider every aspect of the field from language origins to neurolinguistics, explore the linguistic traditions in different parts of the world, examine how work in linguistics has influenced other fields, and look at how it has been practically applied

The Night Watch Springer Science & Business Media

Step behind the scenes with Guendalina Litta--a preeminent party designer who has invented magical moments for her rarified clientele for more than thirty years. Guendalina Litta is a veritable dream maker and a sought-after bespoke event planner. From the simplest decor to an extravaganza spread over a vast locale, her unique gatherings are conceived for delight. Follow a candlelit path into an enchanted forest for an evening under the stars, take cues from a masterpiece painting for an immersive experience, dine at a glass table embedded with riotous flowers in an elegant greenhouse, or be transported to an exotic land while never leaving your own property. Guendalina never ceases to reinvent her signature art of entertaining, cultivating a welcoming, convivial atmosphere that brings people together as she masterfully orchestrates the magical celebration. Guendalina's creativity and style, combined with logistical prowess, are unparalleled. She and her exceptional team of artisans--caterers, florists, interior designers, architects, calligraphers, costumers, artists, and performers--attend to every detail in order to create ephemeral experiences that will linger forever in the memory of each guest. This new book, featuring previously unpublished photography of her most recent events, serves as an artistic mood board to inspire event planners and creatives of every stripe. The pairings of behind-the-scene and front-of-house photographs create associations designed to spark creativity, and the clothbound cover reproduces a custom-designed, hand-painted fabric from one of the celebrations. Guendalina--who has crafted experiences to mark life's treasured moments for thirty years--shares her inimitable style and expertise with readers.

The Singing Bourgeois Routledge

Good, well-written sketch of Frederick & his influence on Prussia's development; accords him favorable judgment. Illus. Maps.

Crescendo of the Virtuoso Oxford University Press

I thought everything would change, after the war. And now, no one even mentions it. It is as if we all got together in private and said whatever you do don't mention that, like it never happened. It's the late 1940s. Calm has returned to London and five people are recovering from the chaos of war. In scenes set in a quiet dating agency, a bombed-out church and a prison cell, the stories of these five lives begin to intertwine and we uncover the desire and regret that has bound them together. Sarah Waters's story of illicit love and everyday heroism takes us from a dazed and shattered post-war Britain back into the heart of the Blitz, towards the secrets that are hidden there. Olivier-nominated playwright Hattie Naylor has created a thrilling and theatrically inventive adaptation of a great modern novel. The stage adaptation of *The Night Watch* was premiered at the Royal Exchange Theatre, Manchester, on 16 May 2016.

Historical and Interdisciplinary Perspectives on Applied Linguistic Research New York, N.Y. : Holt, Rinehart, and Winston
Based on the author's thesis (Ph.D., Anglia Ruskin University).

A Short History of Newnham College, Cambridge Cambridge University Press

During the Age of Revolution, Paris came alive with wildly popular virtuoso performances. Whether the performers were musicians or chefs, chess players or detectives, these virtuosos transformed their technical skills into dramatic spectacles, presenting the marvelous and the outré for spellbound audiences. Who these characters were, how they attained their fame, and why Paris became the focal point of their activities is the subject of Paul Metzner's absorbing study. Covering the years 1775 to 1850, Metzner describes the careers of a handful of virtuosos: chess masters who played several games at once; a chef who sculpted hundreds of four-foot-tall architectural fantasies in sugar; the first police detective, whose memoirs inspired the invention of the detective story; a violinist who played whole pieces on a single string. He examines these virtuosos as a group in the context of the society that was then the capital of Western civilization. This title is part of UC Press's Voices Revived program, which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice, reach, and impact. Drawing on a backlist dating to 1893, Voices Revived makes high-quality, peer-reviewed scholarship accessible once again using print-on-demand technology. This title was originally published in 1999.

True British: Alice Temperley Routledge

"Why is it really that architects wear black?" was a question put to Cordula Rau by an automotive industry manager during an architectural competition. Even though she herself is an architect, and wears black, she did not have an answer on the spot. So she decided to ask other architects, as well as artists and designers. She has been collecting their handwritten replies in a notebook since 2001. In 2008, this collection of autographs appeared as a small publication - obviously bound in black. For the purpose of the new edition, this legendary collection was expanded by new notable, amusing, pragmatic, and quirky reasons: "Please read - and don't ask me why architects wear black!". (Cordula Rau)
Spectacle, Skill, and Self-Promotion in Paris During the Age of Revolution University of Ottawa Press

60 years after the trials of the main German war criminals, the articles in this book attempt to assess the Nuremberg Trials from a historical and legal point of view, and to illustrate connections, contradictions and consequences. In view of constantly reoccurring reports of mass crimes from all over the world, we have only reached the halfway point in the quest for an effective system of international criminal justice. With the legacy of Nuremberg in mind, this volume is a contribution to the search for answers to questions of how the law can be applied effectively and those committing crimes against humanity be brought to justice for their actions.

Fundamental Concepts of Language Teaching Springer Nature

In his latest book, fairy tales expert Jack Zipes explores the question of why some fairy tales "work" and others don't, why the fairy tale is uniquely capable of getting under the skin of culture and staying there. Why, in other words, fairy tales "stick." Long an advocate of the fairy tale as a serious genre with wide social and cultural ramifications, Jack Zipes here makes his strongest case for the idea of the fairy tale not just as a collection of stories for children but a profoundly important genre. *Why Fairy Tales Stick* contains two chapters on the history and theory of the genre, followed by case studies of famous tales (including *Cinderella*, *Snow White*, and *Bluebeard*), followed by a summary chapter on the problematic nature of traditional storytelling in the twenty-first century.

Nürnberg Prozesse : Völkerstrafrecht Seit 1945 University of Illinois Press

Girls learn about "femininity" from childhood onwards, first through their relationships in the family, and later from their teachers and peers. Using sources which vary from diaries to Inspector's reports, this book studies the socialization of middle- and working-class girls in late Victorian and early-Edwardian England. It traces the ways in which schooling at all social levels at this time tended to reinforce lessons in the sexual division of labour and patterns of authority between men and women, which girls had already learned at home. Considering the social anxieties that helped to shape the curriculum offered to working-class girls through the period 1870-1920, the book goes on to focus on the emergence of a social psychology of adolescent girlhood in the early-twentieth century and finally, examines the relationship between feminism and girls' education.

Why Fairy Tales Stick Oxford University Press

From the time of the Treaty of Utrecht in 1713, people of British origin have shared the area of New Brunswick, Nova Scotia, and Prince Edward Island, traditionally called Acadia, with Eastern Canada's Algonkian-speaking peoples, the Mi'kmaq. This historical analysis of colonial Acadia from the perspective of symbolic and mythic existence will be useful to those interested in Canadian history, native Canadian history, religion in Canada, and history of religion.

The End of Early Music OUP Oxford

Since its founding nearly a century ago, Bentley has become an arresting and eloquent voice for the British persona. This book not only illustrates the engineering excellence of the marque, but also introduces "today's Bentley Boys"--a tribe of Bentley and Britain adherents both inspired and motivated by what it means to be British. Featuring such varied creatives as Pink Floyd's Nick Mason, Alice Temperley, and interior designer Kelly Hoppen, Bentley: Be Extraordinary is a celebration of the enlivening fire behind the brand as synonymous with the UK as the Union Jack. With Bentley, you have arrived.

Economic Nationalizing in the Ethnic Borderlands of Hungary and Romania Palgrave Macmillan

This book shows that the domestic institutions associated with capitalism have promoted peace between states over the past two centuries.

Alice Temperley New York : G.P. Putnam

George Platt Lynes: *The Daring Eye* is a life of the gregarious American portrait, dance, fashion, and male nude photographer whose career spanned the late 1920s to 1955. From age 18, Lynes entered the cosmopolitan world of the American expatriate community in Paris when he became acquainted with the salon of Gertrude Stein and Alice B. Toklas. Intending to pursue a literary and small press publishing career, Lynes also began photographing authors like Stein, Jean Cocteau, André Gide, and Colette. Soon, he turned exclusively to photography, establishing himself as one of the premier fashion photographers in the Condé Nast stable, documenting the early ballets of George Balanchine, and pursuing his private obsession with seductive images of young male nudes almost never published in his time. Lynes's private life was as glamorous and theatrical as his images with their brilliant studio lighting and dramatic Surrealist set-ups. Barely out his teens, he met the publisher Monroe Wheeler who was already in a relationship with the emerging expatriate novelist Glenway Wescott. The peripatetic threesome maintained a polyamorous connection that lasted some 15 years. Their New York apartment became a mecca for elegant cocktail and name-dropping dinner parties. Their ménage-à-trois complicates our understanding of the pre-Stonewall gay "closet." This biography, drawing upon intimate letters and an unpublished memoir of Lynes's life by his brother, writer and editor Russell Lynes, paints

a portrait of the emerging influence of gays and lesbians in the visual, literary, and performing arts that defined transatlantic cosmopolitan culture and presaged later gay political activism.

The Ecology and Semiotics of Language Learning Routledge

In *The Pity of War*, Niall Ferguson makes a simple and provocative argument: that the human atrocity known as the Great War was entirely England's fault. Britain, according to Ferguson, entered into war based on naïve assumptions of German aims—and England's entry into the war transformed a Continental conflict into a world war, which they then badly mishandled, necessitating American involvement. The war was not inevitable, Ferguson argues, but rather the result of the mistaken decisions of individuals who would later claim to have been in the grip of huge impersonal forces. That the war was wicked, horrific, inhuman, is memorialized in part by the poetry of men like Wilfred Owen and Siegfried Sassoon, but also by cold statistics. More British soldiers were killed in the first day of the Battle of the Somme than Americans in the Vietnam War; indeed, the total British fatalities in that single battle—some 420,000—exceeds the entire American fatalities for both World Wars. And yet, as Ferguson writes, while the war itself was a disastrous folly, the great majority of men who fought it did so with enthusiasm. Ferguson vividly brings back to life this terrifying period, not through dry citation of chronological chapter and verse but through a series of brilliant chapters focusing on key ways in which we now view the First World War. For anyone wanting to understand why wars are fought, why men are willing to fight them, and why the world is as it is today, there is no sharper nor more stimulating guide than Niall Ferguson's *The Pity of War*.

The Invisible Hand of Peace Oxford University Press

Part of the seminal Cambridge History of Music series, this volume departs from standard histories of early modern Western music in two important ways. First, it considers music as something primarily experienced by people in their daily lives, whether as musicians or listeners, and as something that happened in particular locations, and different intellectual and ideological contexts, rather than as a story of genres, individual counties, and composers and their works. Second, by constraining discussion within the limits of a 100-year timespan, the music culture of the sixteenth century is freed from its conventional (and tenuous) absorption within the abstraction of 'the Renaissance', and is understood in terms of recent developments in the broader narrative of this turbulent period of European history. Both an original take on a well-known period in early music and a key work of reference for scholars, this volume makes an important contribution to the history of music.

Why Do Architects Wear Black? Studies on the History of Society and Culture

This book investigates adaptations of *The Lady of Shalott* and *Elaine of Astolat* in Victorian and post-Victorian popular culture to explore their engagement with medievalism, social constructions of gender, and representations of the role of art in society. Although the figure of Elaine first appeared in medieval texts, including Malory's *Le Morte Darthur*, Tennyson's poems about the Lady and Elaine drew unprecedented response from musicians, artists, and other authors, whose adaptations in some cases inspired further adaptations. With chapters on music, art, and literature (including parody, young people's literature, and historical fiction and fantasy), this book seeks to trace the evolution of these characters and the ways in which they reinforce or challenge conventional gender roles, represent the present's relationship to the past, and highlight the power of art.
