TOEIC 5000 English Vocabulary, TOEIC 単語辞書 - Classified English Vocabulary According CEFR (単語辞書) 単語辞書 The Test of English for International Communication (TOEIC) is an international standardized test of English language proficiency for non-native speakers. It is intentionally designed to measure the everyday English skills of people working in an international environment. There are different forms of the exam: The TOEIC

Listening & Reading Test consists of two equally graded tests of comprehension assessment activities totaling a possible 990 score; There are also the TOEIC Speaking and Writing Tests. The TOEIC speaking test is composed of tasks that assess pronunciation, intonation and stress, vocabulary, grammar, cohesion, relevance of content and completeness of content. The TOEIC Writing test is composed of tasks that assess grammar, relevance of sentences to the pictures, quality and variety of sentences, vocabulary, organization, and whether the opinion is supported with reason and/or examples. Both assessments use a score scale of 0 - 200. Achievement in this qualification is benchmarked against the Council of Europe's Common European Framework of Reference for Languages (CEFR), from level C1 Advanced (CAE) to C2 Proficiency (CPE) of the CEFR. We collect 2100 English Vocabulary in C1 Advanced (CAE) and 3000 English Vocabulary. Based on our many years' experience in HSK and IGCSE Chinese teaching and course contents preparation, we find vocabulary level classification is so important. Students can use CEFR levels for self-assessment so that they can more clearly define what they need to work on, and work out what they would like to achieve in their target language. We give the Best English-Chinese explanations for better understanding. Many students call it "LIFE SAVING STRAW" for their exam. This book is a valuable contribution to SLA research. Apart from the obvious target of the book, SLA researchers and teachers anywhere in the world, it will be of particular interest to the Japanese community and to Westerners interested in Japanese language and culture. It is not easy to write a book appealing to audiences as disparate as this, but Daulton has managed to do this very well. He writes clearly and lucidly and makes good use of his teaching experience in Japan (Hakan Ringbom, Abo Akademi University). Japan offers a prime example of lexical borrowing which relates to language transfer in second and foreign language learning. The insights gained by examining language borrowing in Japan can be applied wherever language contact has occurred and foreign languages are learned. Many of the most important English vocabulary may already exist in native lexicons. This pioneering book examines Japanese lexical borrowing, clarifies the effect of cognates on foreign language acquisition, assesses Japanese cognates that correspond to high-frequency and academic English, and discusses using this resource in teaching. It includes extensive lists of loanword cognates.
