Modern Dutch Grammar: A Practical Guide is an innovative reference guide to Dutch, combining traditional and function-based grammar in a single volume. With a strong emphasis on contemporary usage, all grammar points and functions are richly illustrated with examples. The Grammar is divided into two parts. Part I covers traditional grammatical categories such as nouns and verbs. Part II is carefully organized around language functions and contexts such as: Giving and seeking information Describing processes and results Expressing attitudes, mental states and emotions Registers and style Formal and informal communication, e.g. youth talk Main features of the Grammar include: Clear, succinct and jargon-free explanations Extensive cross-referencing between the different sections Emphasis on areas of particular difficulty for learners of Dutch This is the ideal reference grammar for learners of Dutch at all levels, from elementary to advanced; no prior knowledge of grammatical terminology is assumed and it provides indices of grammatical terms and functions. This Grammar is complemented by a companion website featuring related exercises and activities to reinforce learning.

The Dutch Language in Britain (1550-1702) Hachette UK

"Constantijn Huygens (1596-1687) was one of the Dutch nation's principal contributions to the transformation of European culture in the early-modern period. As a poet, diplomat, scholar and statesman, he had far-reaching influence on the cultural, scholarly and political life of his time. This collection introduces Huygens' poetry to English-speaking readers and presents a literary counterpart to the much better-known visual arts of the Dutch Golden Age. The poems have been selected to demonstrate the breadth of his interests, his pivotal role in European culture and his mastery of a variety of literary genres and styles. As a poet, Huygens wrote not only in his native Dutch, but also in Latin, French, Italian, German and English, and he made translations from these and other languages." "All poems are presented in both Dutch (or Latin) and English, the translations facing the original, and are provided with headnotes. The concise biographical and cultural introduction, the three extensive appendices and the bibliography and index will present ample suggestions for further investigation of the many areas of possible interest presented in the book, such as architecture, garden design, painting, music, science and politics."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. Classwide Positive Behavior Interventions and Supports Contemporary Studies in Descriptive Linguistics

In *The Dutch Language in Britain (1550-1702)* Christopher Joby offers an account of the knowledge and use of Dutch in early modern Britain. Using extensive archive material from Britain and the Low

Countries, Chris Joby demonstrates that Dutch was both written and spoken in a range of social domains including the church, work, learning, the home, diplomacy, the military and navy, and the court. Those who used the language included artisans and their families fleeing religious and economic turmoil on the continent; the Anglo-Dutch King, William III; and Englishmen such as the scientist Robert Hooke. Joby's account adds both to our knowledge of the use of Dutch in the early modern period and multilingualism in Britain at this time.

The Phonology of Dutch Brepols Publishers

Now available as a paperback edition, this book is the first comprehensive phonological description of Dutch. Booij's analysis engages a number of current issues in phonological theory, and particular attention is paid to the relation between morphology, syntax, and prosodic structure at word- and at sentence-level.

Teach Yourself Beginner's Dutch (Book Only) John Wiley & Sons

This volume focuses on the phonology, phonetics and psycholinguistics of voicing-related phenomena in Dutch. Dutch phonology has played a touchstone role in the past few decades where competing phonological theories regarding laryngeal representation have been concerned. Debates have focused on the phonetic facts (Is final neutralization complete or incomplete? Are the assimilation rules phonetic or phonological?) and the most adequate phonological analyses (Is [voice] a binary feature? What constraints are necessary? What is the best way of implementing the role of morphology?). This volume summarises and adds fuel to these debates on several fronts, by providing an overview of analyses so far (rule-based as well as constraint-based) and proposing a new one, by drawing attention to new facts, such as exceptions to final devoicing in certain dialects and the behaviour of loanwords, and by re-examining the phonetic state of affairs and the behaviour of voiced, voiceless and partially devoiced segments in psycholinguistic experiments.

Routledge Intensive Dutch Course Cambridge University Press

This first academic study of double gender nouns (DGNs) in the Dutch language investigates why certain nouns have more than one gender. DGNs are shown to be part of a generalized restructuring of Dutch gender as a whole, and this study shows them to be catalysts in the transition towards a (more) semantic system.

[Untangling Multiword Expressions](#) Routledge

A vital classroom management resource, this book shows how to implement positive behavior interventions and supports (PBIS) in K-12 classrooms, regardless of whether PBIS is adopted schoolwide. The primary focus is universal (Tier 1) support for all students. Practical, step-by-step guidelines are provided for structuring the classroom environment, actively engaging students in instruction, teaching positive expectations, and establishing a continuum of strategies to reinforce positive behavior and respond to inappropriate behavior. Numerous real-world examples and learning exercises are included. In a large-size format with lay-flat binding for easy photocopying, the book includes reproducible tools for classwide PBIS planning and implementation. Purchasers get access to a Web page where they can download and print the reproducible materials.

Dutch Translation in Practice Palgrave Macmillan

Packed with practical teaching strategies, *Making Every Lesson Count* bridges the gap between research findings and classroom practice. Shaun Allison and Andy Tharby examine the evidence behind what makes great teaching and explore how to implement this in the classroom to make a difference to learning. They distil teaching and learning down into six core principles challenge, explanation, modelling, practice, feedback and questioning and show how these can inspire an ethos of excellence and growth, not only in individual classrooms but across a whole school too. Combining robust evidence from a range of fields with the practical wisdom of experienced, effective classroom teachers, the book is a complete toolkit of strategies that teachers can use every lesson to make that lesson count. There are no gimmicky ideas here just high impact, focused teaching

that results in great learning, every lesson, every day. To demonstrate how attainable this is, the book contains a number of case studies from a number of professionals who are successfully embedding a culture of excellence and growth in their schools. Making Every Lesson Count offers an evidence-informed alternative to restrictive Ofsted-driven definitions of great teaching, empowering teachers to deliver great lessons and celebrate high-quality practice. Suitable for all teachers including trainee teachers, NQTs, and experienced teachers who want quick and easy ways to enhance their practice and make every lesson count. Educational Book Award winner 2016 Judges' comments: A highly practical and interesting resource with loads of information and uses to support and inspire teachers of all levels of experience. An essential staffroom book.

Your essential guide to understanding and speaking Dutch Builds vocabulary through word lists, key phrases, and model sentences Explains essential grammar Develops conversation skills through exercises based on real-life scenarios Includes a mini Dutch-English dictionary

Short Stories in Dutch for Beginners Courier Corporation

This book highlights the need to develop new educational perspectives in which multilingualism is valorised and strategically used in settings and contexts of instruction and learning. Situated in the current educational debate about multilingualism and ethno-linguistic minorities, chapter authors examine the polarised response to heightened linguistic diversity and how the debate is very much premised on binary views of monolingualism and multi- or bilingualism. Contributors argue that the diverse linguistic backgrounds of immigrant and minority students should be considered an asset, instead of being regarded as a barrier to teaching and learning. From its title through to its conclusion, this book underlines the current perspective of multilingualism as possessing cutting edge potential for transforming diverse classrooms into more inhabitable, more equitable and more efficiently organised spaces for learning. This book will be of interest to scholars and researchers in educational linguistics, applied linguistics, sociolinguistics, anthropological linguistics, pedagogics, educational studies, and educational anthropology.

Learn Dutch: Must-Know Dutch Slang Words & Phrases McGraw-Hill

Dutch Translation in Practice provides an accessible and engaging course in modern Dutch translation. Taking a highly practical approach, it introduces students to the essential concepts of translation studies, heightens their awareness of the problems posed in Dutch translation, and teaches them how to tackle these difficulties successfully. Featured texts have been carefully chosen for their thematic and technical relevance, and a wide range of discursive and grammatical issues are covered throughout. Features include: Nine chapters reflecting different areas of contemporary life and culture in Belgium and the Netherlands such as People and Places, Dutch Language and Culture, Literature, Employment, Finance and Economics, Media and Communications, Art History and Exhibitions, Fashion and Design and the Earth, Energy and the Environment Authentic extracts drawn from up-to-date Dutch texts used throughout to illustrate and practise various topical and translation issues, with many supporting exercises and open translation activities to encourage active engagement with the material, the development of strong translation skills, and vocabulary acquisition Chapters structured to provide progressive learning, moving from an introductory section explaining the context for the texts to be translated to information on translation techniques, detailed close readings and analyses of words, phrases, style, register and tone A strong focus throughout on addressing issues relevant to contemporary Dutch translation, with practical tips offered for translating websites, dealing with names and handling statistics and numbers in translation Attention to language areas of particular difficulty, including translating 'er', passive constructions, punctuation, conjunctions and separable verbs Helpful list of grammatical terms, information on useful resources for translators and sample translations of texts available at the back of the book Written by experienced instructors and extensively trialled at University

The Acquisition of Dutch John Wiley & Sons

As modern medievalists have repeatedly established, harmful speech conduct ('sins of the tongue') aroused considerable interest among medieval authors. Lying, boasting, flattering, railing, backbiting, grumbling, false swearing, and garrulous and incendiary speech were but a few of the speech acts that provoked moral condemnation all over Western Europe from the thirteenth century onward. This study examines medieval notions of harmful speech conduct as reflected in Middle Dutch ecclesiastical, secular-ethical, and legal textual sources. According to these texts, the tongue was able to 'break bones' and inflict considerable damage on the speaker, on listeners, and on other relevant participants in speech situations. The book utilises two novel approaches. First, the subject is systematically explored in terms of three different types of behaviour in order to discover an overarching discourse: harmful speech as a sin, as moral misbehaviour, and as a crime. Second, ideas from modern language theory are used to analyse the textual sources. By adopting these two approaches, the book asserts that an overarching discourse of harmful speech can be found in the Middle Dutch ecclesiastical, secular-ethical, and legal domains, a discourse coined in this study as 'the discourse of the untamed tongue'.

A Selection of the Poems of Sir Constantijn Huygens (1596-1687) Oxford University Press

This book takes teachers and language testers through the research on the assessment of speaking.

Social Thinking Thinksheets for Tweens and Teens Leiden University Press

Short Stories in French for Beginners Cambridge University Press

- A refreshing look at Mexican culture, people and photograph - Mexico Megalopolis will also be the catalog for the exhibition of the International Fotofestival in Knokke, Belgium Mexico city is one of the most glamorous but also one of the most dramatic cities in the world. The many challenges and opportunities the city faces (migration, segregation, urbanization but also resilience, pride, political consciousness) are an omen for the future of other world cities. This book presents the best Mexico has to offer when it comes to contemporary photography, with a focus on the capital Mexico City. Breathtaking panoramic landscapes from Pablo Lopez Luz, humorous images from Alejandro Cartagena, street photography by Mark Alor Powel, portraits of rich people by Yvonne Venegas. The most important artist in the book is Graciele Iturbide, one of the most influential Latin American photographers of the past four decades. Her powerful black and white images have received many awards, such as the W Eugene Smith Memorial Foundation Award and the Cornell Capa Lifetime Achievement Infinity Award 2015. This book is a unique document of a unique country and its capital and will also be the catalog for the exhibition of the International Fotofestival in Knokke, Belgium. Text in English and Spanish. Also available by the same authors: Haute Africa: People. Photography. Fashion ISBN 9789401414586
