 Sample Business Plan | The Startup Garage
 Major Uses of a Business Plan. Funding: Often the primary purpose of a business plan, raising enough funds helps to minimize early problems of a startup company. By presenting a business plan to investors like angel investors, and venture capitalists, they can assess the potential of your company. The better researched, written, and presented business plans often receive the most initial investment.
 Business Plan | The Startup Garage
 The Startup Garage dialed in the Fit4Mom accounting team. We set up their inventory management, analyzed their revenue streams and made recommendations to increase their profitability and revenue. We were first hired to build their business plan and financial model, and have continued with them through our CFO services.
