 ONE OF BARACK OBAMA'S FAVORITE BOOKS OF THE YEAR "The best science-fiction nonfiction novel I've ever read." —Jonathan Lethem "If I could get policymakers, and citizens, everywhere to read just one book this year, it would be Kim Stanley Robinson's *The Ministry for the Future*." —Ezra Klein (Vox) *The Ministry for the Future* is a masterpiece of the imagination, using fictional eyewitness accounts to tell the story of how climate change will affect us all. Its setting is not a desolate, postapocalyptic world, but a future that is almost upon us. Chosen by Barack Obama as one of his favorite books of the year, this extraordinary novel from visionary science fiction writer Kim Stanley Robinson will change the way you think about the climate crisis. "One hopes that this book is read widely—that Robinson's audience, already large, grows by an order of magnitude. Because the point of his books is to fire the imagination."—New York Review of Books "If there's any book that hit me hard this year, it was Kim Stanley Robinson's *The Ministry for the Future*, a sweeping epic about climate change and humanity's efforts to try and turn the tide before it's too late." —Polygon (Best of the Year) "Masterly." —New Yorker "[*The Ministry for the Future*] struck like a mallet hitting a gong, reverberating through the year ... it's terrifying, unrelenting, but ultimately hopeful. Robinson is the SF writer of my lifetime, and this stands as some of his best work. It's my book of the year." —Locus "Science-fiction visionary Kim Stanley Robinson makes the case for quantitative easing our way out of planetary doom." —Bloomberg Green [The Ministry for the Future](#) Taschen America Llc

Wolf Haas' Detective Brenner series has become wildly popular around the world for a reason: They're timely, edgy stories told in a wry, quirky voice that's often hilarious, and with a protagonist it's hard not to love. In this episode, Brenner-forced out of the police force-tries to get away from detective work by taking a job as the personal chauffeur for two-year-old Helena, the daughter of a Munich construction giant and a Viennese abortion doctor. One day, while Brenner's attention is turned to picking out a chocolate bar for Helena at a gas station, Helena gets snatched from the car. Abruptly out of a job, Brenner decides to investigate her disappearance on his own. With both parents in the public eye, there's no scarcity of leads—the father's latest development project has spurred public protest, and the mother's clinic has been targeted by the zealous leader of an anti-abortion group. Brenner and God is told with a dark humor that leaves no character, including Brenner, unscathed. Haas tells the story of a fallible hero who can be indecisive and world-weary, baffled and disillusioned by what he finds, but who presses forward nonetheless out of a stubborn sense of decency—a two-year-old is kidnapped, so you find her, because that's just what you do.

From the mighty halls of ancient Alexandria to a camel bookmobile on the Kenyan-Somali border, human beings have had a long, enraptured relationship with libraries. Like no other concept and like no other space, the collection of knowledge, learning, and imagination offers a sense of infinite possibility. It's the unrivaled realm of discovery, where every faded manuscript or mighty clothbound tome might reveal a provocative new idea, a far-flung fantasy, an ancient belief, a religious conviction, or a whole new way of being in the world. In this new photographic journey, Massimo Listri travels to some of the oldest and finest libraries to reveal their architectural, historical, and imaginative wonder. Through great wooden doors, up spiraling staircases, and along exquisite, shelf-lined corridors, he leads us through outstanding private, public, educational, and monastic libraries, dating as far back as 766. Between them, these medieval, classical, baroque, rococo, and 19th-century institutions hold some of the most precious records of human thought and deed, inscribed and printed in manuscripts, volumes, papyrus scrolls, and incunabula. In each, Listri's poised images capture the library's unique atmosphere, as much as their most prized holdings and design details. Featured libraries include the papal collections of the Vatican Apostolic Library, Trinity College Library, home to the Book of Kells and Book of Durrow, and the priceless holdings of the Laurentian Library in Florence, the private library of the powerful House of Medici, designed by Michelangelo. With meticulous descriptions accompanying each featured library, we learn not only of the libraries' astonishing holdings - from which highlights are illustrated - but also of their often lively, turbulent, or controversial pasts. Like Altenburg Abbey in Austria, an outpost of imperial Catholicism repeatedly destroyed during the European wars of religion. Or the Franciscan monastery in Lima, Peru, with its horde of archival Inquisition documents. At once a bibliophile beauty pageant, an ode to knowledge, and an evocation of the particular magic of print, Listri Libraries is above all a cultural-historical pilgrimage to the heart of our halls of learning, to the stories they tell, as much as those they gather in printed matter along polished shelves --

Tuoko Laaksonen, also known as Tom of Finland (1920-1991), was an iconic and provocative artist who rose to cult status in the international gay community and beyond for his work celebrating gay archetypes and masculinity during a time when being gay was taboo. Created in partnership with the Tom of Finland Estate, Tom of Finland: The Official Life and Work of a Gay Hero is a beautifully detailed visual biography full of never or rarely seen documents from his archive. The text was completed just a few months before the death of the artist and was fully approved by him--making this book the only 100% approved biography of this gay legend responsible for creating the muscled, mustachioed gay archetype of the 1960s and '70s. With an extensive biography, and suggestive photos and illustrations, Tom of Finland: The Official Life and Work of a Gay Hero brings to life the icon whose erotic illustrations of men influenced many artists, including Robert Mapplethorpe and Bruce Weber.

In 1945 Bob Mizer began taking photographs of strapping young men on Muscle Beach in Venice, California. In December of that year he formed the Athletic Model Guild to market his photos, and "physique photography" was born. Before Mizer there were body builders and men who photographed them, but AMG photos, even those of the same men, were different, subtly provocative, discretely aimed at a gay audience. They weren't nude, but showed as much as the law allowed in 1945. ... TASCHEN's two-volume edition of "1000 Model Directory" contains prints from Mizer's original 4 x 5 negatives to present these handsome hunks in stunning clarity. Editor Dian Hanson trawled through a quarter million male nudes to select this lineup of top models, including movie stars Sammy Jackson, Richard Harrison, and Ed Fury. Glenn Corbett of TV's 77 Sunset Strip is also here, as well as Nick Adams, star of The Rebel, and top body builders Chris Dickerson, Dick Dubois, Vince Gironda, Bill Grant, Zabo Koszewski, Henry Lenz, Don Peters, Bob Shealy, Charles Stroeder, Armand Tanny, and John Tristram. --Publisher.

Claudia Corvette. From her tousled bedroom hair to her name--all the porn stars in this world take their names from supermodels and sports cars--she is adult entertainment's prototypical femme fatale. Her life is the collision of countless troubled--childhood cliches and grown-up wet dreams, projected onto her as surely as her videos project their blue light onto lonely men around the world. From its first panel, How to Make Money Like a Porn Star draws the reader into the dark world of girls like Claudia, the men who fantasize about them, and the monsters who control them. In the hands of Rolling Stone writer Neil Strauss and illustrator Bernard Chang, this adult graphic novel weaves together black humor and blacker reality. Like all great American stories, it features humble beginnings, life-changing tragedy, stripping, abuse, implants, fame, addiction, bigger implants, abduction, gunplay, downfall, and even bigger implants. Not to mention a thousand shades of latex and L'Oreal. Part parody, part morality tale, here is the truth about the porn life, its outsized visual splendor captured in a comic parade of doe-eyed centerfolds, its essence distilled in a story that will haunt every reader who has ever wondered where his next fantasy is coming from.

Featuring R. Crumb's most outrageous sexual comics, Bible of Filth is possibly the dirtiest book around. One of America's most celebrated cartoonists, Crumb helped define cartoon and punk subcultures of the 1960s and 1970s with comic strips like Fritz the Cat, Mr. Natural, and Keep on Truckin'. The open sexuality of his work, paired with frequent self-deprecation and a free, almost stream-of-consciousness style, has made Crumb into a global voice and a renowned contemporary artist. Originally published in France in 1986 by Futuropolis, the first edition of Bible of Filth was never distributed in the United States because of its graphic sexual content, which included some of Crumb's most explicit comics from underground magazines such as Snatch, Jiz, Zap, XYZ, Big Ass, and Uneeda. This revised and expanded English edition, published by David Zwirner Books, contains all the original pieces from the 1986 volume, with over one hundred pages of additional material. Organized chronologically, there are comics from 1968 to 1986 that were omitted from the first edition and an entirely new selection of work from after 1986. Printed on bible paper and bound in leather, with gold debossing and edging, this volume looks and feels like a traditional bible, with no outward suggestion of what it contains. This revised and expanded Bible of Filth is the perfect introduction for newcomers, while retaining its status as an important collector's item for Crumb enthusiasts around the world.
