FOR UNIVERSITY & COLLEGE STUDENTS IN INDIA & ABROAD Due to expanding horizon of biotechnology, it was difficult to accommodate the current information of biotechnology in detail. Therefore, a separate book entitled *Advanced Biotechnology* has been written for the Postgraduate students of Indian University and Colleges. Therefore, the present form of *A Textbook of Biotechnology* is totally useful for undergraduate students. A

separate section of Probiotics has been added in Chapter 18. Chapter 27 on Experiments on Biotechnology has been deleted from the book because most of the experiments have been written in 'Practical Microbiology' by R.C. Dubey and D.K. Maheshwari. Bibliography has been added to help the students for further consultation of resource materials.
