Successful Serging Creative Publishing international

A great plan, a great pattern, a great fit, a great fabric, and a great finish: These are the five fundamentals for perfecting any sewing project. Sarai Mitnick, an independent pattern designer setting the high water mark in the industry, shares her knowledge of these fundamentals and offers five beautiful projects to go with them. Powerful instruction: A former expert in user experience in the tech industry, Sarai Mitnick's Colette Patterns line has gained a great deal of respect for comprehensive, clear instruction. Comprehensive resource: The chapters cover sewing techniques, planning and fitting, working with patterns, working with fabrics, working with linings, finishing techniques--in essence, each chapter focuses on what the entirety of another book might cover. Gorgeous package: Pitch-perfect combination of illustration, step-by-step photography and beautiful project shots, all with a clean, lovely design. \*Disclaimer: eBook does not include Tissue Enclosures as enclosed with print book. Createspace Independent Publishing Platform

Automation in Garment Manufacturing provides systematic and comprehensive insights into this multifaceted process. Chapters cover the role of automation in design and product development, including color matching, fabric inspection, 3D body scanning, computer-aided design and prototyping. Part Two covers automation in garment production, from handling, spreading and cutting, through to finishing and pressing techniques. Final chapters discuss advanced tools for assessing productivity in manufacturing, logistics and supply-chain management. This book is a key resource for all those engaged in textile and apparel development and production, and is also ideal for academics engaged in research on textile science and technology. Delivers theoretical and practical guidance on automated processes that benefit anyone developing or manufacturing textile products Offers a range of perspectives on manufacturing from an international team of authors Provides systematic and comprehensive coverage of the topic, from fabric construction,

through product development, to current and potential applications

### **A Complete Reference from America's Best-loved Sewing Magazine** Creative Publishing International

A complete course on sewing—from threading a needle to couture hemming Finally someone has created every sewer's ideal companion: a comprehensive book on every aspect of hand and machine sewing—from the most basic to the most advanced—with a modern aesthetic and 20 projects to boot. From simple tutorials to in-depth masterclasses, Ruth Singer packs in lesson after lesson on both practical and decorative techniques. The Sewing Bible includes: • Easy-to-use instructions accompanied by hundreds of beautiful photographs detailing every stage of each technique • 20 functional, fashionable sewing projects that illustrate many of the lessons—from an easy T-shirt transformation to a complex handbag—making this a how-to guide and pattern book in one • Extensive guides to fabrics and tools, and resources to help you choose the perfect materials and equipment for your projects • Advice on using organic and eco fabrics and working with recycled and vintage fabrics With more excitement than traditional sewing manuals, and much more depth than a book of projects, The Sewing Bible is an easy-to-use guide that's as attractive as it is comprehensive. This is the one book you need whether you're a beginner, an expert, or anywhere in between.

Hands-On Learning to Improve Your Skills Storey Publishing

In this volume, the authors reflect on the question “what is socialism” as it pertains to today’s economy. There is particular emphasis on democratic socialism models as a potential alternative to classic authoritarian socialism. A number of topical questions are addressed such as: What is democratic socialism and is it feasible, or even viable? What can be learnt from existing democratic socialist experiences? What would an ideal democratic socialist society look like today? Under what circumstances, and where, could such a model emerge today? In exploring these questions, several themes arise within these chapters such as the role of socialist values and inspirations in capitalist societies; and how capitalism and socialism relate to the knowledge economy. The contemporary world is showing many contradictions with

uncertain future scenarios that preoccupy mankind. The global capitalist system as we know it is in deep crisis—and some even predict its slow death, because of its inability to handle the environmental imperative. At the same time, classic socialism as experienced in the Soviet Union and its proxies is a stone dead alternative to capitalism today. So what options remain? The book considers this question as it examines a range of countries where socialism (in one form or another) has arisen, or where democratic socialism could be possible, including Brazil, Chile, Cuba, Sweden and the United States.

Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.

*Serger Repair for the Home Sewer* Macmillan

Follow Wendy Ward's tutorials to make a collection of comfortable and stylish garments. Wendy's style is functional but beautiful basics, and you will learn the skills to make garments out of knitted fabrics that drape beautifully and are a joy to wear. There are t-shirts, wide-leg trousers, lounge trousers, tank tops, cardigans, skirts, and dresses made in versatile fabrics that can be dressed up or down. Both beginners and more experienced dressmakers often avoid using knitted fabrics, but Wendy will

show you how to successfully sew them with just a regular sewing machine. You will learn essential skills with the help of a comprehensive techniques section that includes a guide to different types of knitted fabrics and their uses (including jersey, sweatshirt fabric, boiled wool, and many more), how to prepare them for making clothes, setting up your sewing machine, which needles you need, sewing seams and hems, and using elastic. There are also full-size patterns for every garment included at the back of the book, so you will have all the information you need to start making your own perfect wardrobe!

**How to Use a Sewing Machine** Good Press

Mollie Makes is the UK's most successful lifestyle and craft magazine, bringing you the best of contemporary craft. The Mollie Makes team have hand-picked projects from their favourite international designers.

Mechanics of the Sewing Machine Creative Publishing International

Machine-quilting pro Lori Kennedy has taught hundreds of quilters how to start and, more importantly, how to improve their machine quilting. Now she's packed her vast knowledge, and more than 150 up-close photos, into 25 hands-on lessons you can turn to anytime you need guidance. Each lesson has a practice session and questions to help you evaluate what worked and where you may need a bit more practice. Whether you stitch your way through a lesson a day or save them for weekend quilting time, you'll soon be building skills and confidence, and quilting your projects with ease. You'll learn: Why it's important to start doodling (page 19) How to prevent drag or resistance when quilting a big quilt (page 44) When to mark, and ways to avoid marking pitfalls (page 72) How to create focal points and contrast with your quilting (page 116)

**A Modern Manual of Practical and Decorative Sewing Techniques** Pavilion

"There's nothing better than an author who's made all the mistakes herself, has taught hundreds of others, and writes with humor. Chris James fills the bill. This beautiful book talks about

knits, rolled hems, and flatlocking. At the end is a troubleshooting guide....The close-up color photos make her text even more understandable....highly recommended."—The Creative Machine. "The most comprehensive reference on serging to date."—Craft & Needlework Age.

Everything you need to know to make 20 essential garments Creative Pub International

The second edition of Modern Brazilian Portuguese Grammar Workbook is an innovative book of exercises and language tasks for all learners of Brazilian Portuguese. The book is divided into two sections: • Part A provides exercises based on essential grammatical structures • Part B practises everyday functions (e.g. making social contact, asking questions and expressing needs). A comprehensive answer key at the back of the book enables you to check on your progress. The Modern Brazilian Portuguese Grammar Workbook is ideal for all learners who have a basic knowledge of Brazilian Portuguese, including undergraduates taking Brazilian Portuguese as a major or minor part of their studies, as well as intermediate and advanced school, adult education and self-study students. While primarily intended for use in conjunction with Modern Brazilian Portuguese Grammar: A Practical Guide, it can also serve as an independent resource.
