Book Review Theo
Decker, a 13-year-old
New Yorker,
miraculously survives
an accident that kills
his mother. Abandoned
by his father, Theo is
taken in by the family
of a wealthy friend.
Bewildered by his
strange new home on
Park Avenue, disturbed
by schoolmates who
don't know how to talk
to him, and tormented
above all by his longing

for his mother, he clings to the one thing that reminds him of her: a small, mysteriously captivating painting that ultimately draws Theo into the underworld of art. As an adult, Theo moves silkily between the drawing rooms of the rich and the dusty labyrinth of an antiques store where he works. He is alienated and in love--and at the center of a narrowing, ever more dangerous circle. The Goldfinch is a mesmerizing, stay-up-all-night and tell-all-your-friends triumph, an old-fashioned story of loss and obsession, survival and self-invention, and the ruthless machinations of fate.

One of the questions Geoff Nicholson is frequently asked is whether he has a favourite walk? In 'The Lost Art of Walking' he answers 'no' but this isn't quite the case. Geoff doesn't have a favourite walk but he does have favoured walks and these almost

always involve ruins. 'Walking with Ruins' describes some of these walks - which are mainly in Britain and the USA - and reflects on both what constitutes a ruin and on what makes them attractive.

The New York Times bestseller by the author of the forthcoming novel *Alice & Oliver* | Winner of the Sue Kaufman Prize for First Fiction from the American Academy of Arts and Letters | A New York Times Notable Book "One word: bravo."—The New York Times Book Review "Truly powerful . . . Beautiful Children dazzles its readers on almost every page. . . . [Charles Bock] knows how to tug at your

heart, and he knows how to make you laugh out loud, often on the same page, sometimes in the same sentence.”—Newsweek

One Saturday night in Las Vegas, twelve-year-old Newell Ewing goes out with a friend and doesn’t come home. In the aftermath of his disappearance, his mother, Lorraine, makes daily pilgrimages to her son’s room and tortures herself with memories. Equally distraught, the boy’s father, Lincoln, finds himself wanting to comfort his wife even as he yearns for solace, a loving touch, any kind of intimacy. As the Ewings navigate the mystery of what’s become of their son, the circumstances surrounding Newell’s vanishing and other

events on that same night reverberate through the lives of seemingly disconnected strangers: a comic book illustrator in town for a weekend of debauchery; a painfully shy and possibly disturbed young artist; a stripper who imagines moments from her life as if they were movie scenes; a bubbly teenage wiccan anarchist; a dangerous and scheming gutter punk; a band of misfit runaways. The people of Beautiful Children are “urban nomads,” each with a past to hide and a pain to nurture, every one of them searching for salvation and barreling toward destruction, weaving their way through a neon underworld of sex, drugs, and the spinning

wheels of chance. In this masterly debut novel, Charles Bock mixes incandescent prose with devious humor to capture Las Vegas with unprecedented scope and nuance and to provide a glimpse into a microcosm of modern America. *Beautiful Children* is an odyssey of heartache and redemption heralding the arrival of a major new writer. Praise for *Beautiful Children* “Exceptional . . . This novel deserves to be read more than once because of the extraordinary importance of its subject matter.”—The Washington Post Book World “Magnificent . . . a hugely ambitious novel that succeeds . . . *Beautiful Children* manages to feel completely of its

moment while remaining unaffected by literary trends. . . . Charles Bock is the real thing.”—The New Republic “A wildly satisfying and disturbing literary journey, led by an author of blazing talent.”—The Dallas Morning News “Wholly original—dirty, fast, and hypnotic. The sentences flicker and skip and whirl.”—Esquire “An anxious, angry, honest first novel filled with compassion and clarity . . . The language has a rhythm wholly its own—at moments it is stunning, near genius.”—A. M. Homes “From start to finish, Bock never stops tantalizing the reader.”—San Francisco Chronicle “Rich and compelling . . . captures the

hallucinogenic setting like a fever dream.” —Los Angeles Times

A Novel Little, Brown Reality and dream collide in Amy Bonnaffons's dazzling, darkly playful debut novel about a love affair between the living and the dead. For weeks, Rachel has been noticing the same golden-haired young man sitting at her Brooklyn bus stop, staring off with a melancholy air. When, one day, she finally musters the courage to introduce herself, the chemistry between them is undeniable: Thomas is wise, witty, handsome, mysterious, clearly a kindred spirit. There's just one tiny problem: He's dead. Stuck in a surreal limbo governed by bureaucracy, Thomas is unable to "cross

over" to the afterlife until he completes a 90-day stint on earth, during which time he is forbidden to get involved with a member of the living -- lest he incur "regrets." When Thomas and Rachel break this rule, they unleash a cascade of bizarre, troubling consequences. Set in the hallucinatory borderland between life and death, *The Regrets* is a gloriously strange and breathtakingly sexy exploration of love, the cataclysmic power of fantasies, and the painful, exhilarating work of waking up to reality, told with uncommon grace and humor by a visionary artist at the height of her imaginative power. *The Goldfinch* Redhook A lyrical and deeply affecting novel

recounting the seven days a father spends on the road with his daughter after kidnapping her during a parental visit. Attending a New England summer camp, young Eric Schroder—a first-generation East German immigrant—adopts the last name Kennedy to more easily fit in, a fateful white lie that will set him on an improbable and ultimately tragic course. SCHRODER relates the story of Eric's urgent escape years later to Lake Champlain, Vermont, with his six-year-old daughter, Meadow, in an attempt to outrun the authorities amid a heated custody battle with his wife, who will soon discover that her husband is not who he says he is. From a

correctional facility, Eric surveys the course of his life to understand—and maybe even explain—his behavior: the painful separation from his mother in childhood; a harrowing escape to America with his taciturn father; a romance that withered under a shadow of lies; and his proudest moments and greatest regrets as a flawed but loving father.

Alternately lovesick and ecstatic, Amity Gaige's deftly imagined novel offers a profound meditation on history and fatherhood, and the many identities we take on in our lives—those we are born with and those we construct for ourselves.

In this moving, emotional narrative of love and resilience, a young couple confronts the start of Argentina's Dirty War in the 1970s, and a daughter searches for truth twenty years later. New York, 1998. Santiago Larrea, a wealthy Argentine diplomat, is holding court alongside his

wife, Lila, and their daughter, Paloma, a college student and budding jewelry designer, at their annual summer polo match and soiree. All seems perfect in the Larreas' world—until an unexpected party guest from Santiago's university days shakes his usually unflappable demeanor. The woman's cryptic comments spark Paloma's curiosity about her father's past, of which she knows little. When the family travels to Buenos Aires for Santiago's UN ambassadorial appointment, Paloma is determined to learn more about his life in the years leading up to the military dictatorship of 1976. With the help of a local university student, Franco Bonetti, an

activist member of H.I.J.O.S.—a group whose members are the children of the desaparecidos, or the “disappeared,” men and women who were forcibly disappeared by the state during Argentina’s “Dirty War”—Paloma unleashes a chain of events that not only leads her to question her family and her identity, but also puts her life in danger. In compelling fashion, *On a Night of a Thousand Stars* speaks to relationships, morality, and identity during a brutal period in Argentinian history, and the understanding—and redemption—people crave in the face of tragedy.

 The inspiration for the film starring Tilda Swinton and John C. Reilly, this resonant story of a mother’s unsettling quest to understand her teenage son’s deadly violence, her own ambivalence toward motherhood, and the explosive link between them remains terrifyingly prescient. Eva never really wanted to be a mother. And certainly not the mother of a boy who murdered seven of his fellow high school students, a cafeteria worker, and a much-adored teacher in a school shooting two days before his sixteenth birthday. Neither nature nor nurture exclusively shapes a child’s

character. But Eva was always uneasy with the sacrifices and social demotion of motherhood. Did her internalized dislike for her own son shape him into the killer he's become? How much is her fault? Now, two years later, it is time for her to come to terms with Kevin's horrific rampage, all in a series of startlingly

direct correspondences with her estranged husband, Franklin. A piercing, unforgettable, and penetrating exploration of violence and responsibility, a book that the Boston Globe describes as "impossible to put down," is a stunning examination of how tragedy affects a town, a marriage, and a family.
