together the contributions
of professionals with
considerable expertise in

Readers of Diary of a
Wimpy Kid and The Name
of This Book Is Secret will
love Cheesie's wacky lists,
drawings, and made-up
words as he tells the story
of the time he became
famous! Sort of. In his
fourth adventure, Cheesie
and his best friend,

Georgie, are exploring a construction site when they find a weird-looking . . . thingie . . . sticking out of the muddy ground. Whatever it is, it's very old. And very valuable! Before they know it, Cheesie and Georgie discover they're in possession of an object that dates all the way back to Colonial times. They're instant celebrities! At least at school. Will Cheesie and Georgie hold on to the ancient artifact and the fame it brings, or give it away for the good of all?

Only time will tell!

 Three tales of wonder

Three quests for greatness Three feats of imagination Norton Juster, author of the beloved classic *The Phantom Tollbooth*, shares spellbinding stories that entertain and delight. The first is of Alberic and his endless search for wisdom—will his journey satisfy him in the end? The second reveals a boy with no illusions and a princess with no kingdom. The third is the tale of the richest monarch in the world—and the poorest. What they discover is as amusing as it is

unexpected. With beautiful illustrations by Domenico Gnoli, *Alberic the Wise and Other Journeys* is a book as rich in meaning as it is fun to read. [The Mysterious Mask](#) Simon and Schuster A 17th-century French haberdasher invented the Black Mass. An 18th-century English Cabinet Minister administered the Eucharist to a baboon. High-ranking Catholic authorities in the 19th century believed that Satan appeared in Masonic lodges in the

shape of a crocodile and played the piano there. A well-known scientist from the 20th century established a cult of the Antichrist and exploded in a laboratory experiment. Three Italian girls in 2000 sacrificed a nun to the Devil. A Black Metal band honored Satan in Krakow, Poland, in 2004 by exhibiting on stage 120 decapitated sheep heads. Some of these stories, as absurd as they might sound, were real. Others, which might appear to be equally well reported, are false. But even false

stories have generated real societal reactions. For the first time, Massimo Introvigne proposes a general social history of Satanism and anti-Satanism, from the French Court of Louis XIV to the Satanic scares of the late 20th century, satanic themes in Black Metal music, the Church of Satan, and beyond. *The Last Rabbit* Penguin

"Forget that I am deaf and blind and think of me as an ordinary woman," wrote Helen Keller--but she was anything but ordinary. When Helen was growing up, there were no facilities to help handicapped students. Still, she learned to speak, read, and write, attended Radcliffe College, wrote five books, and lectured all over the world. It wasn't enough to prove that she could do

anything. Helen wanted other handicapped people to know that they could, too. And Helen achieved her purpose: the world saw a real woman behind the handicaps, and an extraordinary human being behind the legend.

"To know things, for us to know things, is bad for them. We get to wanting and when we get to wanting it's bad for them. They think we want what they got . . . That's why they don't want us reading." -- Nightjohn "I

didn't know what letters was, not what they meant, but I thought it might be something I wanted to know. To learn."--Sarny Sarny, a female slave at the Waller plantation, first sees Nightjohn when he is brought there with a rope around his neck, his body covered in scars. He had escaped north to freedom, but he came back--came back to teach reading. Knowing that the penalty for reading is dismemberment Nightjohn still returned to slavery to teach others

how to read. And twelve-year-old Sarny is willing to take the risk to learn. Set in the 1850s, Gary Paulsen's groundbreaking new novel is unlike anything else the award-winning author has written. Larry Mullet is your typical fourth grader. He's not the biggest kid or the

smartest kid or the best looking kid. He rides his bike, plays baseball, takes the school bus, avoids cafeteria food, and—oh yeah, he's a zombie hunting expert. Larry was just doing his usual thing when Alex Bates from Ms Hoag's class tried to eat him. Sadly, that was only the beginning. Something odd was going on at Brooks Elementary... and it was up to Larry and his friends to take charge (for some reason). Hilariously told interview-style as a record of the REAL story, and peppered with

zombie tips and facts, zombie cheerleaders and plenty of gore, this book will be a surefire hit for anyone interested in a ghoulishly good life-or-death comedy.
