The literary
canon is one
of the most
lively areas of

debate in contemporary literary studies. This set of essays is both timely and original in its focus on the canon in South-East Asian literatures, covering Burma, Cambodia, Indonesia, Laos, Malaysia, Philippines, Thailand and Vietnam. They vary in focus, from the broad panoramic survey of trends in a national literature to very specific discussions of the role of

individuals in shaping a canon or the place of a particular text within a tradition, and from contemporary to traditional literature. They include discussions of the development of prose fiction, censorship and artistic freedom, the role of westerners in codifying indigenous literatures, the writing of literary history, the development of literary criticism and indigenous

aesthetics.

 The Philippine Revolution of 1896–1905, which began against Spain and continued against the United States, took place in the context of imperial subjugation and local

resistance across Southeast Asia. Yet scholarship on the revolution and the turn of the twentieth century in Asia more broadly has largely approached this pivotal moment in terms of relations with the West, at the expense of understanding the East-East and Global South connections that knit together the region's experience. *Asian Place, Filipino Nation*

reconnects the Philippine Revolution to the histories of Southeast and East Asia through an innovative consideration of its transnational political setting and regional intellectual foundations. Nicole CuUnjieng Aboitiz charts turn-of-the-twentieth-century Filipino thinkers' and revolutionaries' Asianist political organizing and proto-national thought, scrutinizing

how their constructions of the place of Asia connected them to their regional neighbors. She details their material and affective engagement with Pan-Asianism, tracing how colonized peoples in the "periphery" of this imagined Asia—focusing on Filipinos, but with comparison to the Vietnamese—reformulated a political and intellectual project that envisioned anticolonial Asian

solidarity with the Asian “center” of Japan. CuUnjieng Aboitiz argues that the revolutionary First Philippine Republic’s harnessing of transnational networks of support, activism, and association represents the crucial first instance of Pan-Asianists lending material aid toward anticolonial revolution against a Western power. Uncovering the Pan-Asianism of the periphery

and its critical role in shaping modern Asia, Asian Place, Filipino Nation offers a vital new perspective on the Philippine Revolution’s global context and content. **Ganap Na Salin Sa Tagalog Ng "el Filibusterismo"** University of Michigan Press Discusses the history of the Philippines, the Filipino immigration to the United States, and the culture of this fast-growing ethnic group. Includes

profiles, most including a photograph, of 150 notable Filipino Americans. **Humanities. Science. Military and Naval science. The most beloved Iranian novel of the twentieth century "God forbid, I've

fallen in love with Layli!" So begins the farce of our narrator's life, one spent in a large extended Iranian family lorded over by the blustering, paranoid patriarch, Dear Uncle Napoleon. When Uncle Napoleon's least-favorite nephew falls for his daughter, Layli, family fortunes are reversed, feuds fired up and resolved, and assignments attempted and thwarted. First published in Iran in the

1970s and adapted into a hugely successful television series, this beloved novel is now "Suggested Reading" in Azar Nafisi's Reading Lolita in Tehran. My Uncle Napoleon is a timeless and universal satire of first love and family intrigue. Marshall Cavendish
The global history of liberalism has paid too much attention to the West, neglecting the contributions of liberals

<p>from colonial nations. This book mines the thought of Filipino propagandist and novelist, Jose Rizal, to present a vision of liberalism for the colonized. It is both an introduction to Rizal and a treatise on rights, freedom, and tyranny in colonial contexts. Though a work on history, it responds to the illiberal present of rising authoritarianism and populism. <u>Noli Me Tangere</u></p>	<p><u>(Touch Me Not)</u> Psychology Press This book examines Jose Rizal's great novels, <u>Noli Me Tangere</u> and <u>El Filibusterismo</u>, through a hitherto untried quantitative analysis of the scope and evolution of their political and social vocabulary, as well as their use of Tagalog and the <u>lengua de Parian</u>. Special attention is given to which characters (including the Narrator) use these terms</p>	<p>and languages and with what frequency. The study aims to throw new light on Rizal's changing political consciousness and use of his native language. The most important questions raised are: the shifting nature of Rizal's intended readership; the geographical location of the birth of a Filipino identity in the modern sense; the odd concealment of the Chinese mestizos</p>

combined with a growing hostility to the Chinese as an alien race; the level and ambit of the author's political sophistication; and the complicated relationship between the colonial-international aspects of Spanish, the ethnic-nationalist claims of Tagalog, and the emergence of a democratic cross-class lingua franca, especially in Manila.

Most of what is known about the outside world remains superficial and stereotypical. *World and Its Peoples: Eastern and Southern Asia* brings a long, rich story to light about ethnic groups, the impact of terrain and natural resources, and the influence of history. This unique reference work maps out how the nations of the modern world became what they are today through photographs of the

geography and people of foreign lands, through discussion of ancient and contemporary works of art and events, and through scores of maps detailing geographical features, historic and modern places, natural habitats, rainfall, locations of ethnic and linguistic groups, natural resources, and centers of industry and transportation. No single resource assembles such

comprehensive insight into the world and the people who live in it. *Neocolonial identity and counter-consciousness* The Floating Press Filipino national hero Jose Rizal wrote *The Social Cancer* in Berlin in 1887. Upon his return to his country, he was summoned to the palace by the Governor General because of the subversive ideas his book had inspired in the nation. Rizal wrote of his

consequent persecution by the church: "My book made a lot of noise; everywhere, I am asked about it. They wanted to anathematize me ['to excommunicate me'] because of it ... I am considered a German spy, an agent of Bismarck, they say I am a Protestant, a freemason, a sorcerer, a damned soul and evil. It is whispered that I want to draw plans, that I have a foreign passport and

that I wander through the streets by night ..." Towards a Theory of Planned Economy Rex Bookstore, Inc. For Westerners and Americans in particular, Philippine culture is deceptively familiar. Vestiges of Spanish and American colonial culture, as well as contemporary American media, have created resonances for identifying American

culture in Philippine culture. This book guides the reader in re-examining these assumptions of sameness. By taking an unfamiliar text of a noted writer of Tagalog fiction, this study restores the sense of wonder in experiencing Tagalog culture on its own terms rather than by tastes dictated from the outside. The book also examines the broader Tagalog traditions in which the

writer, Amado Hernandez, wrote.

El Filibusterismo (The Subversive) is the second novel by José Rizal (1861-1896), national hero of the Philippines. Like its predecessor, the better-known Noli Me Tangere, the Fili was written in Castilian while Rizal was traveling and

studying in Europe. It was published in Ghent in 1891 and later translated into English, German, French, Japanese, Tagalog, Ilonggo, and other languages. A nationalist novel by an author who has been called "the first Filipino," its nature as a social document of the late-nineteenth-century Philippines is often emphasized. For many years copies of the Fili were

smuggled into the Philippines after it was condemned as subversive by the Spanish authorities. Characters from the Noli (Basilio, Doña Victorina, Padre Salvi) return while new ones are introduced: Simoun, the transformed Ibarra; Cabesang Tales and his struggle for justice; the nationalist student Isagani; the Indio priest Padre Florentino. Through them the colonial milieu is expanded—its

officialdom, education, legal system, power plays, social patterns—and seen anew as context for conflict and insight. Translator Soledad Lacson-Locsin is the first to have worked from facsimile editions of the original manuscripts. The result is the most authoritative and faithful English translation to date, one which attempts to preserve in English the cadence and color of the

original. Special Offer for Non-Retail Accounts: Receive a free paperback copy of Noli Me Tangere when you purchase a paperback copy of El Filibusterismo.  Learn the rules of the English language with this easy and engaging style guide. Grammar is complicated. But many textbooks and style guides are often so long and tedious that even English teachers use them as a classroom doorstop. Grammar 101 is a fun, comprehensive guide

focusing on the essentials of grammar. With simple explanations and entertaining examples, you can learn everything you need to know to employ commas, semicolons, and em dashes with confidence. You'll even be prepared to wrangle your run-on sentences and sharpen your syntax with ease. So whether you're looking for an introduction to the rules of grammar or a

refresher to keep on your desk, Grammar 101 has all the answers. *The Canon in Southeast Asian Literature* University Press of America Departing from conventional narratives of the United States and the Americas as fundamentally continental spaces, the contributors to *Archipelagic American Studies* theorize America as constituted by and accountable to

an assemblage of interconnected islands, archipelagoes, shorelines, continents, seas, and oceans. They trace these planet-spanning archipelagic connections in essays on topics ranging from Indigenous sovereignty to the work of Édouard Glissant, from Philippine call centers to US militarization in the Caribbean, and from the great Pacific garbage patch to enduring overlaps

between US imperialism and a colonial Mexican archipelago. Shaking loose the straitjacket of continental exceptionalism that hinders and permeates Americanist scholarship, Archipelagic American Studies asserts a more relevant and dynamic approach for thinking about the geographic, cultural, and political claims of the United States within broader notions of America.

Rex Bookstore, Inc. The Stunning continuation of José Rizal's great revolutionary epic of the Philippines - in a new translation Picking up the story of Noli Me Tangere thirteen years later, El Filibusterismo presents a gripping tale of obsession and revenge. Gone are the Noli's themes of innocent love, its hero, Ibarra, a man of great integrity and vision, replaced by the mysterious jeweller Simoun and a venal-and reprehensible-cast of characters. The result of Rizal's growth as a writer and influenced by his exposure to international events, El Filibusterismo is a riveting and suspenseful account of Filipino resistance to colonial rule that still resonates today. 'Augenbraum has done a masterful job translating El Filibusterismo and provides another elegant, well-researched and thoughtful introduction. Though the Noli remains the better known of the two, this powerful sequel shows us a more complicated, tough-minded Rizal and deserves a wider readership.' - Jessica Hagedorn Translated with an Introduction and Notes by HAROLD AUGENBRAUN
