"Talk is cheap." A cliché, perhaps, but the idea that what we do is more important than what we say is a fundamental truth. It applies in our personal lives and can extend into our professional work, too. Learning to let your actions do the talking can be revolutionary to a company that struggles to create enduring customer relationships. People who own operate, manage, or otherwise lead a company are always looking for ways to improve productivity, beat the competition, and ensure long-term success. Learning how to put words and ideas into action can be a key to success in the business world. *Hooked on Customers* is not about finding the right words, whether labeled as a "strategy" or not. It is an insightful, highly informative book that propels businesses into action. It explores successful customer-centric businesses, examines the ways they execute their strategies, and provides practical recommendations for business leaders to more effectively outperform their competition. A must-have for any business leader who wants to have a healthy relationship with customers, this book avoids the pitfalls that often plague others that offer business advice. Frequently, company leaders turn to consultants and other resources to recommend strategies that sound great but ultimately don't have any real meaning because they are a series of words without a tie to actions. Combining his own professional experiences working as a CEO with his extensive research and expertise as an international authority on customer-centricity, author Robert Thompson has identified the five routine organizational habits successful customer-centric businesses use when executing strategy. **Legendary leading customer-centric businesses: LISTEN to their customers' values and feedback. THINK about the implications of fact-based decisions on customers EMPOWER employees with the freedom they need to please customers CREATE new value for customers, without being asked DELIGHT customers by exceeding their expectations** Crucial to Thompson's discussion of these habits is the premise that there are no quick fixes. Customer-centricity takes time, determination, and company-wide commitment. It must be maintained and constantly pursued to ensure that it

becomes part of the fabric of a business. In the end, the results are well worth it. *Hooked on Customers* helps leaders understand, adopt, and implement the five crucial habits that enable companies to not only survive in highly competitive, overcrowded markets but to dominate them, creating a legacy of success and inspiration along the way.

In the newest cozy caper in the *New York Times* and *USA Today* bestselling *Tourist Trap* series, a new art studio has opened in the coastal California town of South Cove—but it's about to turn into a crime scene. . . . As the owner of *Coffee, Books, and More*, Jill Gardner likes to support other Main Street businesses, so she attends a paint-and-sip event where, sadly, her brushstrokes look more like blobs. It's still a fun night of DIY crafts and full glasses of wine though—except for a disruption by a couple doing more sipping than painting. Jill's police-detective boyfriend is on alert, but when a designated driver volunteers to take the drunken pair back to their bed and breakfast, everything seems resolved. Until the wife's body turns up the next morning back in the studio. The victim, Nan, is from out of town, so it's hard to imagine who'd have a motive aside from her spouse. Now, in between puzzling over her fortuneteller neighbor's strange behavior, preparing for her best friend's wedding, and pouring cups of java at the bookstore, Jill must uncover the secrets of Nan's life and find out who wanted her out of the picture . . . Praise for Lynn Cahoon "I love the author's style, which was warm and friendly . . . [A] wonderfully appealing series." —*Dru's Book Musings* on the *Tourist Trap* Mysteries "Well-crafted . . . Cat and crew prove to be engaging characters and Cahoon does a stellar job of keeping them—and the reader—guessing." —*Mystery Scene* on *A Story to Kill*

#1 NEW YORK TIMES BESTSELLER • More than one million copies sold! A "brilliant" (*Lupita Nyong'o*, *Time*), "poignant" (*Entertainment Weekly*), "soul-nourishing" (*USA Today*) memoir about coming of age during the twilight of apartheid "Noah's childhood stories are told with all the hilarity and intellect that characterizes his comedy, while illuminating a dark and brutal period in South Africa's history that must never be forgotten."—*Esquire* Winner of the Thurber Prize for American

Humor and an NAACP Image Award • Named one of the best books of the year by The New York Time, USA Today, San Francisco Chronicle, NPR, Esquire, Newsday, and Booklist Trevor Noah's unlikely path from apartheid South Africa to the desk of The Daily Show began with a criminal act: his birth. Trevor was born to a white Swiss father and a black Xhosa mother at a time when such a union was punishable by five years in prison. Living proof of his parents' indiscretion, Trevor was kept mostly indoors for the earliest years of his life, bound by the extreme and often absurd measures his mother took to hide him from a government that could, at any moment, steal him away. Finally liberated by the end of South Africa's tyrannical white rule, Trevor and his mother set forth on a grand adventure, living openly and freely and embracing the opportunities won by a centuries-long struggle. Born a Crime is the story of a mischievous young boy who grows into a restless young man as he struggles to find himself in a world where he was never supposed to exist. It is also the story of that young man's relationship with his fearless, rebellious, and fervently religious mother—his teammate, a woman determined to save her son from the cycle of poverty, violence, and abuse that would ultimately threaten her own life. The stories collected here are by turns hilarious, dramatic, and deeply affecting. Whether subsisting on caterpillars for dinner during hard times, being thrown from a moving car during an attempted kidnapping, or just trying to survive the life-and-death pitfalls of dating in high school, Trevor illuminates his curious world with an incisive wit and unflinching honesty. His stories weave together to form a moving and searingly funny portrait of a boy making his way through a damaged world in a dangerous time, armed only with a keen sense of humor and a mother's unconventional, unconditional love.

Banking supervision and regulation by the Hong Kong Monetary Authority (HKMA) remain strong. This assessment confirms the 2014 Basel Core Principles assessment that the HKMA achieves a high level of compliance with the BCPs. The Basel III framework (and related guidance) and domestic and cross-border cooperation arrangements are firmly in place. The HKMA actively contributes to the development and implementation of relevant international standards. Updating their risk based supervisory approach helped the HKMA optimize supervisory resources. The HKMA's highly experienced supervisory staff is a key driver to achieving one of the most sophisticated levels of supervision and regulation observed in Asia and beyond.
