to trading success. WHY
TRADE FOREX? With
average daily turnover of
US \$5 trillion, forex is the
most traded financial
market in the world. A
true 24-hour market from
Sunday 5 PM ET to Friday
5 PM ET, forex trading
begins in Sydney, and
moves around the globe
as the business day
begins, first to Tokyo,
London, and New York.
Unlike other financial
markets, investors can
respond immediately to
currency fluctuations,

whenever they occur -
day or night. In any
business or moneymaking
venture, preparation and
foreknowledge are the
keys to success. Without
this sort of insight, the
attempt to make a
profitable financial
decision can only end in
disaster and failure,
regardless of your level of
motivation and
determination or the
amount of money you
plan to invest. In the stock
market, this rule applies
to the nth degree, as you
are investing your own
money in what could be

considered a high risk wager, and you are playing with fire if you do not have at least a general background knowledge of how it functions.
