English Vocabulary in Use Pre-intermediate and Intermediate with Answers OXFORD University Press

If you need a quick and effective guide to correct English, then Oxford A-Z of English Usage is just what you are looking for, containing a gold mine of useful advice on a wide array of common writing and speaking problems. Based on Oxford's world-renowned dictionary research program and packed with vivid examples of real usage (and misuse) from contemporary sources, this guide provides essential information on the kind of issues writers face every day. Readers will find more than 600 entries arranged in alphabetical order, shedding light on common issues of uncertainty and confusion (affect / effect; compliment / complement; loath / loathe), on questions of punctuation and pronunciation, on grammatical terms, and much more. In addition, there are more than 20 special feature articles on specific topics such as abbreviation, euphemism, hyphenation, and folk etymology.

Candide Oxford University Press

This advanced English grammar course features: short, clear explanations that are easy to remember; real examples to show how grammar works in practice; engaging practice activities including Internet exercises, grammar in a text, and vocabulary; grammar for reading, writing, and speaking; and a pronunciation CD-ROM.

Reading the OED Oxford University Press

The Good Grammar Book teaches all the grammar needed for speaking and writing in English. It explains the rules, shows how the language works, and gives plenty of practice. It can be used either with the coursebook in class or as extra practice at home.

The Teacher's Grammar of English with Answers Prentice Hall

An obsessive word lover's account of reading the entire Oxford English Dictionary, hailed as "the Super Size Me of lexicography." "I'm reading the OED so you don't have to," says Ammon Shea on his slightly masochistic journey to scale the word lover's Mount Everest: the Oxford English Dictionary. In 26 chapters filled with sharp wit, sheer delight, and a documentarian's keen eye, Shea shares his year inside the OED, delivering a hair-pulling, eye-crossing account of reading every word.

Oxford English for Computing John Wiley & Sons

Helps students to combine their knowledge of English with their technical knowledge. Develops all four skills through varied activities, with special emphasis on vocabulary acquisition and grammatical accuracy. Up-to-date technical content. Authentic reading and listening passages covering a wide range of topics, e.g. the use of virtual reality in industry, personal computing, viruses and security, information systems, and multimedia. Letter-writing section offering a complete guide to writing simple, work-related letters. Comprehensive glossary of technical terms which forms a useful mini-dictionary of computing terminology. Separate Answer Book with a key to

all exercises, the tapescripts, and useful unit-by-unit teaching notes. Designed for easy use by the non-specialist teacher.

English in Electrical Engineering and Electronics OUP Oxford

The Oxford Dictionary of English offers authoritative and in-depth coverage of over 350,000 words, phrases, and meanings. The foremost single-volume authority on the English language.

How English Works Oxford University Press

The Concise Oxford English Dictionary is one of the most popular choices in Oxford's renowned dictionary line. This Luxury Edition is perfect for anyone looking to invest in a reliable resource for home, school, or office. It includes unique features such as cut thumb tabs, printed endpapers, ribbon marker, with coloured head and tailbands making it a centerpiece for all bookshelves. This centenary edition of the Concise Oxford English Dictionary Luxury Edition presents the most accurate picture of English today. It contains over 240,000 words, phrases, and definitions, providing superb coverage of contemporary English, including rare, historical, and archaic terms, scientific and technical vocabulary, and English from around the world. The dictionary has been updated with hundreds of new words--including sub-prime, social networking, and carbon footprint--all based on the latest research from the Oxford English Corpus. In addition, the dictionary features an engaging new center section, with quick-reference word lists (containing, for example, lists of Fascinating Words and Onomatopoeic Words), and a revised and updated English Uncovered supplement, which examines interesting facts about the English language. Sprinkled throughout the text are intriguing Word Histories, detailing the origins and development of numerous words. The volume also retains such popular features as the hundreds of usage notes which give advice on tricky vocabulary and pointers to help you improve your use of English. Finally, the dictionary contains full appendices on topics such as alphabets, currencies, electronic English, and the registers of language (from formal to slang), plus a useful Guide to Good English with advice on grammar, punctuation, and spelling. This Luxury Edition also includes 12 months' of access to Oxford Dictionaries Online at oxforddictionaries.com.

Oxford Dictionary of English Broadview Press

Written and revised by the developers of the programme, this resource provides therapists with the tools necessary to deliver effective treatment for panic disorder and agoraphobia. It provides step-by-step instructions for teaching clients the skills to overcome their fear of panic and panic attacks, as well as case vignettes and techniques for addressing atypical and problematic responses. The programme makes treatment able to be tailored to the individual, and also includes a new chapter for adapting the treatment for effective delivery in 6 sessions within primary care settings.

Oxford Practice Grammar Intermediate OUP Oxford

Oxford A-Z of English Usage Oxford University Press, USA

The Oxford Guide to English Grammar is a systematic account of grammatical forms and the way they are used in modern standard English. It is designed for learners at intermediate and advanced levels and for teachers, and is equally suitable for quick reference to details or for the more leisured study of grammatical topics. The emphasis is on meaning in the choice of grammatical pattern, and on the use of patterns in texts and in conversations.

A Dictionary of Electronics and Electrical Engineering OUP Oxford

This handbook is the first volume to provide a comprehensive, in-depth, and balanced discussion of ellipsis, a phenomena whereby expressions in natural language appear to be incomplete but are still understood. It explores fundamental questions about the workings of grammar and provides detailed case studies of inter- and intralinguistic variation.
