In *The Ruling Passion*, Christopher Lane examines the relationship between masculinity, homosexual desire, and empire in British colonialist and imperialist fictions at the turn of the twentieth century. Questioning the popular assumption that Britain's empire functioned with symbolic efficiency on sublimated desire, this book presents a counterhistory of the empire's many layers of conflict and ambivalence. Through attentive readings of sexual and political allegory in the work of Kipling, Forster, James, Beerbohm, Firbank, and others—and deft use of psychoanalytic

theory—*The Ruling Passion* interprets turbulent scenes of masculine identification and pleasure, power and mastery, intimacy and antagonism. By foregrounding the shattering effects of male homosexuality and interracial desire, and by insisting on the centrality of unconscious fantasy and the death drive, *The Ruling Passion* examines the startling recurrence of colonial failure in narratives of symbolic doubt and ontological crisis. Lane argues compellingly that Britain can progress culturally and politically only when it has relinquished its residual fantasies of global mastery.

The winners of the Nobel Prize in Economics upend the most common assumptions about how economics works in this gripping and disruptive portrait of

how poor people actually live. Why do the poor borrow to save? Why do they miss out on free life-saving immunizations, but pay for unnecessary drugs? In *Poor Economics*, Abhijit V. Banerjee and Esther Duflo, two award-winning MIT professors, answer these questions based on years of field research from around the world. Called "marvelous, rewarding" by the *Wall Street Journal*, the book offers a radical rethinking of the economics of poverty and an intimate view of life on 99 cents a day. *Poor Economics* shows that creating a world without poverty begins with understanding the daily decisions facing the poor.

The Interlopers Wordsworth Editions

This collection of short stories and plays by H. H. Munro, known by his pen name 'Saki', was originally published in 1924. Its contents include: A Biography by his

Sister, The Square Egg, Birds on the Western Front, The Gala Programme, The Achievement of the Cat, The Death Trap, The Watched Pot and others. Munro was considered the Master of the short story and this book would be an ideal addition to the collector of his works. We are republishing this book with a brand new introductory biography of the author. *The Square Egg and Other Sketches - With Three Plays* Charles Scribners Sons/Reference

George Orwell set out 'to make political writing into an art', and to a wide extent this aim shaped the future of English literature – his descriptions of authoritarian regimes helped to form a new vocabulary that is fundamental to understanding totalitarianism. While 1984 and Animal Farm are amongst the most popular classic novels in the English language, this new series of Orwell's essays seeks to bring a wider selection of his writing on politics and literature to a new readership. In *Politics and the English Language*, the second in the Orwell's Essays series, Orwell takes aim at the language used in politics, which, he says, 'is designed to make lies sound truthful and murder respectable, and to give an appearance of solidity to pure wind'. In an age where the language used in politics is constantly under the microscope, Orwell's *Politics and the English Language* is just as relevant today, and gives the reader a vital understanding of the tactics at play. 'A writer who can – and must – be rediscovered with every age.' — Irish Times

Welcome to the Masters of Prose book series, a selection of the best works by noteworthy authors. Literary critic August Nemo selects the most important writings of each author. A selection based on the author's novels, short stories, letters, essays and biographical texts. Thus providing the reader with an overview of the author's life and work. This edition is dedicated to the British writer Saki, pen name of H. H. Munro. His witty, mischievous and sometimes macabre stories satirize Edwardian society and culture. He is considered by English teachers and scholars as a master of the short story, and often compared to O. Henry and Dorothy Parker. Influenced by Oscar Wilde, Lewis Carroll and Rudyard Kipling, he himself influenced A. A. Milne, Noël Coward and P. G. Wodehouse. This book contains the following writings: Short Stories and Collections: The Chronicles of Clovis; Beasts and Super-Beasts; The Toys of Peace, and Other Papers; The Unbearable Bassington; When William

Came; Reginald. Biographical: Saki, by Rothay Reynolds. If you appreciate good literature, be sure to check out the other Tacet Books titles!

Since the 1800s, the Balkans - the Wild East of Europe - have offered material for the literature and the entertainment industries in Western Europe and America. In this process of imaginative colonization, products developed in the West - lands such as Bram Stoker's Transylvania (in Dracula) and Anthony Hope's Ruritania (in The Prisoner of Zenda) - became lucrative brand-names which remain much better known than their real counterparts.

In *The Pity of War*, Niall Ferguson makes a simple and provocative argument: that the human atrocity known as the Great War was entirely England's fault. Britain, according to Ferguson, entered into war based on naïve assumptions of German aims—and England's entry into the war

transformed a Continental conflict into a world war, which they then badly mishandled, necessitating American involvement. The war was not inevitable, Ferguson argues, but rather the result of the mistaken decisions of individuals who would later claim to have been in the grip of huge impersonal forces. That the war was wicked, horrific, inhuman, is memorialized in part by the poetry of men like Wilfred Owen and Siegfried Sassoon, but also by cold statistics. More British soldiers were killed in the first day of the Battle of the Somme than Americans in the Vietnam War; indeed, the total British fatalities in that single battle—some 420,000—exceeds the entire American fatalities for both World Wars. And yet, as Ferguson writes, while the war itself was a disastrous folly, the great majority of men who fought it did so with enthusiasm. Ferguson vividly brings back to life this terrifying period, not through dry citation of chronological chapter and verse but through a series of brilliant chapters focusing on key ways in which we now view the First World War. For anyone wanting to understand why wars are fought, why men are willing to fight them, and why the world is as it is today, there is no sharper nor more stimulating guide than Niall Ferguson's *The Pity of War*. *Masters of Prose - Saki* Dramatists Play

World Literature Criticism: Kingston-Wilson Renard Press Ltd

The complete works of one of England's greatest Edwardian writers Saki is perhaps the most graceful spokesman for England's 'Golden Afternoon' - the slow and peaceful years before the First World War. Although, like so many of his generation, he died tragically young, in action on the Western Front, his reputation as a writer continued to grow long after his death. His work is humorous, satiric, supernatural, and macabre, highly individual, full of eccentric wit and unconventional situations. With his great gift as a social satirist of his contemporary upper-class Edwardian world, Saki is one of the few undisputed English masters of the short story and one of the great writers of a bygone era. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more

than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.
