The School Edition has been carefully edited, with additional director's notes throughout, to make the show more producible for high school groups. In some cases problematic language has been changed, while in others an alternate choice is offered at the discretion of the director.

Like the motion picture, it is a highly irreverent parody of the Arthurian legend, but it differs from the film in many ways.  Monty Python's Spamalot Broadway Original Cast
 Spamalot originated from the much-loved 1975 Holy Grail film, which was a satire of the British Arthurian legend and gave the world many quotable lines and sketches. The play is a musical comedy that basically follows the same 'plot' as the film, but adds in extra doses of Python from other sources, like the song ' Always Look on the Bright Side of Life ' from Python's Life of Brian .
