Flashback

Random House
When Paha Sapa, a young Sioux warrior, "counts coup" on General George Armstrong Custer as Custer lies

dying on the battlefield at the Little Bighorn, the legendary general's ghost enters him - and his voice will speak to him for the rest of his event-filled life. Seamlessly weaving together the stories of Paha

Sapa, Custer, and the American West, Dan Simmons depicts a tumultuous time in the history of both Native and white Americans. Haunted by Custer's ghost, and also by his ability to see

into the memories and futures of legendary men like Sioux war-chief Crazy Horse, Paha Sapa's long life is driven by a dramatic vision he experienced as a boy in his people's sacred Black Hills. In August of 1936, a dynamite worker on the massive Mount Rushmore project, Paha Sapa plans to silence his ghost forever and reclaim his people's legacy-on the very day FDR

comes to Mount Rushmore to dedicate the face. Man Walks Into a Room Spectra A thrilling tale of a scientist turned Nazi spy informing on America's nuclear war program. The location and mission of Omega Canyon were top secret. During World War II, it served as the most restricted area on the Los Alamos atomic-bomb research and testing grounds. Paul Haber was a

physicist banished by the Nazi party during the war. Like many academics in Germany, he came to America to help with the war effort and to avenge the loss of his wife and child to a Nazi concentration camp. But after being approached by a German spy, he is presented with proof that his family is alive. And to keep them so he must become a spy for the Nazis and betray the country that

Nothing is what it seems—not the McMahon investigation or the car accident. As Sean and Lucy dig deep into the lives of everyone

involved, one thing becomes clear: If they don't find the truth fast, everyone they care about is in danger.

The Terror

Bad Kitty
A thrilling tale of high-altitude death and survival set on the snowy summits of Mount Everest, from the bestselling author of *The Terror*. It's 1924 and the race to summit the world's highest mountain has been brought to a terrified pause by the shocking

disappearance of George Mallory and Sandy Irvine high on the shoulder of Mt. Everest. By the following year, three climbers -- a British poet and veteran of the Great War, a young French Chamonix guide, and an idealistic young American -- find a way to take their shot at the top. They arrange funding from the grieving Lady Bromley, whose son also disappeared on Mt. Everest in 1924.

Young Bromley must be dead, but his mother refuses to believe it and pays the trio to bring him home. Deep in Tibet and high on Everest, the three climbers -- joined by the missing boy's female cousin -- find themselves being pursued through the night by someone . . . or something. This nightmare becomes a matter of life and death at 28,000 feet - but what is pursuing them? And

what is the truth behind the 1924 disappearance s on Everest? As they fight their way to the top of the world, the friends uncover a secret far more abominable than any mythical creature could ever be. A pulse-pounding story of adventure and suspense, *The Abominable* is Dan Simmons at his spine-chilling best. [The Hunger](#) St. Martin's Paperbacks After having travelled west

for weeks, the party of pioneers comes to a crossroads. It is time for their leader, George Donner, to make a choice. They face two diverging paths which lead to the same destination. One is well-documented - the other untested, but rumoured to be shorter. Donner's decision will shape the lives of everyone travelling with him. The searing heat of the desert

gives way to biting winds and a bitter cold that freezes the cattle where they stand. Driven to the brink of madness, the ill-fated group struggles to survive and minor disagreements turn into violent confrontations. Then the children begin to disappear. As the survivors turn against each other, a few begin to realise that the threat they face reaches beyond the fury of the

natural elements, to something more primal and far more deadly. Based on the true story of The Donner Party, The Hunger is an eerie, shiver-inducing exploration of human nature, pushed to its breaking point.

Dark Matter

St. Martin's Griffin
 "A fast-paced, gripping story set in a world of gruesome violence and perversity, where 'why?' is not a question and murder happens on a

whim: but where a very faint ray of grace and hope lights up the landscape of salt and blood and ice. A tour de force of narrative tension and a masterful reconstruction of a lost world that seems to exist at the limits of the human imagination." - Hilary Mantel
 "This is a novel that takes us to the limits of flesh and blood. Utterly convincing and compelling, remorselessly vivid, and

insidiously witty, The North Water is a startling achievement.” --Martin Amis
 A nineteenth-century whaling ship sets sail for the Arctic with a killer aboard in this dark, sharp, and highly original tale that grips like a thriller. Behold the man: stinking, drunk, and brutal. Henry Drax is a harpooner on the Volunteer, a Yorkshire whaler bound for the rich hunting waters of the arctic circle. Also aboard for the first

time is Patrick Sumner, an ex-army surgeon with a shattered reputation, no money, and no better option than to sail as the ship's medic on this violent, filthy, and ill-fated voyage. In India, during the Siege of Delhi, Sumner thought he had experienced the depths to which man can stoop. He had hoped to find temporary respite on the Volunteer, but rest proves impossible with Drax on

board. The discovery of something evil in the hold rouses Sumner to action. And as the confrontation between the two men plays out amid the freezing darkness of an arctic winter, the fateful question arises: who will survive until spring? With savage, unstoppable momentum and the blackest wit, Ian McGuire's The North Water weaves a superlative story of humanity under the

most extreme conditions. *Sir John Franklin's Erebus and Terror Expedition* Reagan Arthur Books "Simmons writes like a hot-rodding angel." -Stephen King An evil legacy comes to life in this classic and ultimately human novel about believable vampires, featuring a brand-new introduction by Dan Simmons. *Children of the Night* will take you to a place that no one knows—yet all of us fear. In a desolate orphanage in post-Communist Romania, a desperately ill infant is given the wrong blood transfusion—and flourishes rather than dies. For immunologist Kate Neuman, the infant's immune system may hold the key to cure cancer and AIDS. Kate adopts the baby and takes him home to the States. But baby Joshua holds a link to an ancient clan and their legendary leader—Vlad Tsepes, the original Dracula - whose agents kidnap the child. Against impossible odds and vicious enemies- both human and vampire - Kate and her ally, Father Mike O'Rourke, steal into Romania to get her baby back. "A mesmerizing tour through the ghostly, gray tatters of Romania." -Publishers Weekly "Simmons gives a chilling description of

post-Ceausescu Romania and neatly ties the vampire legend into political history to create a new and clever twist to the idea of the vampire's craving for blood."
 -Library Journal "His best novel ever... Toothsomely well written."
 -Kirkus "Brilliant ideas... The most rigorous and interesting scientific rationale for vampirism I've ever seen... You keep

turning the pages."
 -Locus The Best American Short Stories 2019 Simon and Schuster Jeremy Bremen has a secret. All his life he's been cursed with the ability to read minds. He knows the secret thoughts, fears, and desires of others as if they were his own. For years, his wife, Gail, has served as a shield between Jeremy and the burden of this terrible knowledge.

But Gail is dying, her mind ebbing slowly away, leaving him vulnerable to the chaotic flood of thought that threatens to sweep away his sanity. Now Jeremy is on the run-- from his mind, from his past, from himself-- hoping to find peace in isolation. Instead he witnesses an act of brutality that propels him on a treacherous trek across a dark and dangerous America. From a fantasy theme park to

the lair of a killer to a sterile hospital room in St. Louis, he follows a voice that is calling him to witness the stunning mystery at the heart of mortality. A Novel Back Bay Books Suspense fiction. The men on board Her Britannic Majesty's Ships Terror and Erebus had every expectation of triumph. They were part of Sir John Franklin's 1845 expedition - as scientifically advanced an enterprise as

had ever set forth - and theirs were the first steam-driven vessels to go in search of the fabled North-West Passage. But the ships have now been trapped in the Arctic ice for nearly two years. Coal and provisions are running low. Yet the real threat isn't the constantly shifting landscape of white or the flesh-numbing temperatures, dwindling supplies or the vessels being slowly crushed by the

unyielding grip of the frozen ocean. No, the real threat is far more terrifying. There is something out there that haunts the frigid darkness, which stalks the ships, snatching one man at a time - mutilating, devouring. A nameless thing, at once nowhere and everywhere, this terror has become the expedition- 's nemesis. When Franklin meets a terrible death, it falls to Captain

Francis Crozier of HMS Terror to take command and lead the remaining crew on a last, desperate attempt to flee south across the ice. With them travels an Eskimo woman who cannot speak. She may be the key to survival - or the harbinger of their deaths. And as scurvy, starvation and madness take their toll, as the Terror on the ice become evermore bold, Crozier and his men

begin to fear there is no escape. *A Novel* Mulholland Books
A once-respected college professor and novelist, Dale Stewart has sabotaged his career and his marriage -- and now darkness is closing in on him. In the last hours of Halloween he has returned to the dying town of Elm Haven, his boyhood home, where he hopes to find peace in isolation. But moving into a long-deserted

farmhouse on the far outskirts of town -- the one-time residence of a strange and brilliant friend who lost his young life in a grisly "accident" back in the terrible summer of 1960 -- is only the latest in his long succession of recent mistakes. Because Dale is not alone here. He has been followed to this house of shadows by private demons who are now twisting his reality into

horrifying new forms. And a thick, blanketing early snow is starting to fall ...

A trio of mismatched mercenaries is hired by a young woman to evaluate the safety of a boy who may have been taken against his will to a New Mexico backwoods settlement, where the mercenaries encounter paranoia, mistrust, and insanity in the shadow of a monolithic idol.

Children of the Night Harper Collins

A provocative dystopian thriller set in a future that seems scarily possible,

Flashback proves why Dan Simmons is one of our most exciting and versatile writers. The United States is near total collapse. But 87% of the population doesn't care: they're addicted to flashback, a drug that allows its users to re-experience the best moments of their lives.

After ex-detective Nick Bottom's wife died in a car accident, he went under the flash to be with her; he's lost his job,

his teenage son, and his livelihood as a result. Nick may be a lost soul but he's still a good cop, so he is hired to investigate the murder of a top governmental advisor's son. This flashback-addict becomes the one man who may be able to change the course of an entire nation turning away from the future to live in the past.

A Novel The Terror A Novel This masterfully crafted horror

classic, featuring a brand-new introduction by Dan Simmons, will bring you to the edge of your seat, hair standing on end and blood freezing in your veins It's the summer of 1960 and in the small town of Elm Haven, Illinois, five twelve-year-old boys are forging the powerful bonds that a lifetime of change will not break. From sunset bike rides to shaded hiding places in the woods, the boys' days are

marked by all of the secrets and silences of an idyllic middle-childhood. But amid the sundrenched cornfields their loyalty will be pitilessly tested. When a long-silent bell peals in the middle of the night, the townsfolk know it marks the end of their carefree days. From the depths of the Old Central School, a hulking fortress tinged with the mahogany scent of coffins, an

invisible evil is rising. Strange and horrifying events begin to overtake everyday life, spreading terror through the once idyllic town. Determined to exorcize this ancient plague, Mike, Duane, Dale, Harlen, and Kevin must wage a war of blood—against an arcane abomination who owns the night...
The Fifth Heart Little, Brown
 Beneath the gaze of the gods, the mighty armies of Greece and Troy met in

fierce and glorious combat, scrupulously following the text set forth in Homer's timeless narrative. But that was before twenty-first-century scholar Thomas Hockenberry stirred the bloody brew, causing an enraged Achilles to join forces with his archenemy Hector and turn his murderous wrath on Zeus and the entire pantheon of divine manipulators; before the swift and

terrible mechanical creatures that catered for centuries to the pitiful idle remnants of Earth's human race began massing in the millions, to exterminate rather than serve. And now all bets are off. *A Novel* Harper Collins "Intriguing [and] enjoyable." —Ian McGuire, New York Times Book Review *Ice Ghosts* weaves together the epic story of the lost Franklin Expedition of

1845—whose two ships, HMS Erebus and HMS Terror, and their crew of 129 were lost to the Arctic ice—with the modern tale of the scientists, divers, and local Inuit behind the recent incredible discoveries of the wrecks. Paul Watson, a Pulitzer Prize-winning journalist who was on the icebreaker that led one of the discovery expeditions, tells a fast-paced historical adventure story and

reveals how a combination of faith in Inuit knowledge and the latest science yielded a discovery for the ages. *Carrion Comfort* Mulholland Books A New York Times–bestselling author’s moving novel about an astronaut returning to Earth, and the small steps and giant leaps love requires. Richard Baedeker thinks his greatest challenge was walking on the moon, but

then he meets a mysterious woman who shows him his past. Join Baedeker as he comes to grips with the son and wife he lost owing to his passion for space exploration, his forgotten childhood, and the loss he experienced during the deadly flight of the Challenger. The most difficult exploration of his life is not the cold, rocky crevices of the moon, but the warm interior of his heart. Brilliant and beautifully

written, *Phases of Gravity* is a masterpiece about love and loss that transports readers far beyond the confines of space and time. *Phases of Gravity* is a thoughtful, deeply involving novel from an author who has earned numerous honors, including the World Fantasy Award for *Song of Kali* and the Hugo Award for *Hyperion*. **Too Far Gone** Bloodshot Books

"CARRION COMFORT is one of the three greatest horror novels of the 20th century. Simple as that." -- Stephen King "Epic in scale and scope but intimately disturbing, CARRION COMFORT spans the ages to rewrite history and tug at the very fabric of reality. A nightmarish chronicle of predator and prey that will shatter your world view forever. A true classic." -- Guillermo del Toro

"CARRION COMFORT is one of the scariest books ever written. Whenever I get the question asked Who's your favorite author? my answer is always Dan Simmons." -- James Rollins "One of the few major reinventions of the vampire concept, on a par with Jack Finney's Invasion of the Body Snatchers, Richard Matheson's I Am Legend, and Stephen King's Salem's Lot. --David Morrell THE

PAST... Caught behind the lines of Hitler's Final Solution, Saul Laski is one of the multitudes destined to die in the notorious Chelmno extermination camp. Until he rises to meet his fate and finds himself face to face with an evil far older, and far greater, than the Nazis themselves... THE PRESENT... Compelled by the encounter to survive at all costs, so begins a journey that for Saul will

span decades and cross continents, plunging into the darkest corners of 20th century history to reveal a secret society of beings who may often exist behind the world's most horrible and violent events. Killing from a distance, and by darkly manipulative proxy, they are people with the psychic ability to 'use' humans: read their minds, subjugate them to their wills, experience

through their senses, feed off their emotions, force them to acts of unspeakable aggression. Each year, three of the most powerful of this hidden order meet to discuss their ongoing campaign of induced bloodshed and deliberate destruction. But this reunion, something will go terribly wrong. Saul's quest is about to reach its elusive object, drawing hunter and hunted alike into a struggle

that will plumb the depths of mankind's attraction to violence, and determine the future of the world itself...

The Abominable

Hachette UK
In 1845, British explorer Sir John Franklin set out on a voyage to find the North-West Passage - the sea route linking the Atlantic Ocean to the Pacific. The expedition was expected to complete its mission within three years and return home

in triumph but the two ships, HMS Erebus and HMS Terror, and the 129 men aboard them disappeared in the Arctic. The last Europeans to see them alive were the crews of two whaling ships in Baffin Bay in July 1845, just before they entered the labyrinth of the Arctic Archipelago. The loss of this British hero and his crew, and the

many rescue expeditions and searches that followed, captured the public imagination, but the mystery surrounding the expedition's fate only deepened as more clues were found. How did Franklin's final expedition end in tragedy? What happened to the crew? The thrilling discoveries in

the Arctic of the wrecks of Erebus in 2014 and Terror in 2016 have brought the events of 170 years ago into sharp focus and excited new interest in the Franklin expedition. This richly illustrated book is an essential guide to this story of heroism, endurance, tragedy and dark desperation.
