 The Gingerbread Lady is a play by Neil Simon. It was widely believed to have been written specifically for actress Maureen Stapleton, who won both the Tony Award and Drama Desk Award

for her performance. But in a later autobiography, Simon wrote that he'd feared Stapleton might be "hurt" if she assumed the character's flaws and personal damage were a direct dramatization of her life. Simon said that it was director Mike Nichols' suggestion to cast Stapleton in the role, and that Simon responded, The Gingerbread Lady - Wikipedia This Gingerbread Lady is actually Mrs. Gingebread as she's married to Mr. Gingerbread and he's got his own printable too: Build A Gingerbread Man Printable. The Gingerbread Lady is a dark drama with comic overtones centering on Evy Meara, a cabaret singer whose career, marriage, and health all have been destroyed by alcohol. We meet her at the end of a ten week drying out period at a sanitarium when her friend, her daughter, and an actor try to help her adjust to

sobriety. The Gingerbread Lady (Play) Plot & Characters | StageAgent Hilarious, punchy, tragic, and absolutely heart breaking. "Gingerbread Lady" is a subtle concoction of Chekhov, Arthur Miler, and a dash of Shelagh Delaney. Neil Simon has mastered the delicate balance of wit and great sadness in this perfect cocktail about the things people are willing to sacrifice for those they love.
