As Ruben Wells kneels with a gun pointed at his head all he can do is reflect on the life he spoiled. What has led him here? Was it his willingness to always try to do the right thing that has him staring at the barrel of a gun? Or was that he was too much of a people pleaser having a hard time saying no that has led to him begging for his life? Every thing begins and ends with a choice. The moment a choice is made it only takes a second for a life to

change. Ruben made a choice to initiate a relationship with the alluring Bianca Jones. She makes heads turn and every man's dream. She is beautiful as a gazelle, but as dangerous as a lioness, as she's unavailable due to being unhappily married with children. Being married doesn't keep her from wanting to pursue Ruben as well as being pursued by him. Getting involved with Bianca changes Ruben's life in ways he never could have imagined. Choices are a gift constantly given to everyone. The choices made lead to different paths. We all have to choose this day what we're going to do with our own lives not knowing what the end result

will be. What kind of impact will Ruben's choices have on his life?

Customized for the Salem Volcanoes (Minor League Team in Salem Oregon) This book gets rid of all the myths and misunderstandings of the baseball swing. For the first time in 120 years of baseball, we now fully understand the swing from a precise analytical perspective - - and here it is! There are two books: Book 1 (this book) is the stand-alone manual written

specifically (in baseball language) for fans, ballplayers, and coaches of all levels, including Little League coaches and their dads. It carefully walks you through the swing telling you what is happening, how, and why. It's unlike anything you have ever seen in the baseball literature. You'll be amazed. For FANS, certain chapters are written specifically for you, so you (1) know what to watch for during a game; (2) how to classify batters into different styles; and (3) the final chapter describes the styles of different Home Run Kings from Babe Ruth to Barry Bonds. You'll learn lots and enjoy the game that much more. Book 2 is Technical Supplements, which are referenced in Book 1, with lots of graphs and tables - - based on our computer model which exactly matches the swing. Book 2 is for coaches, trainers, weight trainers, as well as teachers and students of the swing. Perfect for a college course!

As a result of the Station's complexity, few understand its configuration, its design and component systems, or the complex operations

required in its construction and operation. This book provides high-level insight into the ISS. The ISS is in orbit today, operating with a crew of three. Its assembly will continue through 2010.
