This coming-of-age memoir, set during the Iranian Revolution, tells the true story of a young girl who moves to Tehran from the U.S. and has to adjust to living in a new country, learning a new language, and starting a new school during one of the most turbulent periods in Iran's history. When five-year-old Nioucha Homayoonfar moves from the U.S. to Iran in 1976, its open society means a life with dancing, women's rights, and other freedoms. But soon the revolution erupts and the rules of life in Iran change. Religion classes become mandatory. Nioucha has to cover her head and wear robes. Opinions at school are not welcome. Her cousin is captured and tortured after he is caught trying to leave the country. And yet, in the midst of so much change and challenge, Nioucha is still just a girl who wants to play with her friends, please her parents, listen to pop music, and, eventually, have a boyfriend. Will she ever get used to this new culture? Can she break the rules without consequences? Nioucha's story sheds light on the timely conversation about religious, political, and social freedom, publishing in time for the 40th anniversary of the Iranian Revolution.

"A California classic . . . California, it should be remembered, was very much the wild west, having to wait until 1850 before it could force its way into statehood. so what tamed it? Mr. Starr's answer is a combination of great men, great ideas and great projects."—The Economist From the age of exploration to the age of Arnold, the Golden State's premier historian distills the entire sweep of California's history into one splendid volume. Kevin Starr covers it all: Spain's conquest of the native peoples of California in the early sixteenth century and the chain of missions that helped that country exert control over the upper part of the territory; the discovery of gold in January 1848; the incredible wealth of the Big Four railroad tycoons; the devastating San Francisco earthquake of 1906; the emergence of Hollywood as the world's entertainment capital and of Silicon Valley as the center of high-tech research and development; the role of labor, both organized and migrant, in key industries from agriculture to aerospace. In a rapid-fire epic of discovery, innovation, catastrophe, and triumph, Starr gathers together everything that is most important, most fascinating, and most revealing about our greatest state. Praise for California "[A] fast-paced and wide-ranging history . . . [Starr] accomplishes the feat with skill, grace and verve."—Los Angeles Times Book Review "Kevin

Starr is one of California's greatest historians, and California is an invaluable contribution to our state's record and lore."—Marla Shriver, journalist and former First Lady of California "A breeze to read."—San Francisco

What is the President, Congress, and the Supreme Court really allowed to do? This unique and handy guide includes the documents that guide our government, annotated with accessible explanations from one of America's most esteemed constitutional scholars. Known across the country for his appearance on The Daily Show with Jon Stewart, Professor Richard Beeman is one of the nation's foremost experts on the United States Constitution. In this book, he has produced what every American should have: a compact, fully annotated copy of the Declaration of Independence, the Constitution and amendments, all in their entirety. A marvel of accessibility and erudition, the guide also features a history of the making of the Constitution with excerpts from The Federalist Papers and a look at crucial Supreme Court cases that reminds us that the meaning of many of the specific provisions of the Constitution has changed over time. "Excellent . . . valuable and judicious." -Jill Lepore, The New Yorker

During World War II a community called Manzanar was hastily created in the high mountain desert country of California, east of the Sierras. Its purpose was to house thousands of Japanese American internees. One of the first families to arrive was the Wakatsukis, who were ordered to leave their fishing business in Long Beach and take with them only the belongings they could carry. For Jeanne Wakatsuki, a seven-year-old child, Manzanar became a way of life in which she struggled and adapted, observed and grew. For her father it was essentially the end of his life. At age thirty-seven, Jeanne Wakatsuki Houston recalls life at Manzanar through the eyes of the child she was. She tells of her fear, confusion, and bewilderment as well as the dignity and great resourcefulness of people in oppressive and demeaning circumstances. Written with her husband, Jeanne delivers a powerful first-person account that reveals her search for the meaning of Manzanar. Farewell to Manzanar has become a staple of curriculum in schools and on campuses across the country. Last year the San Francisco Chronicle named it one of the twentieth century's 100 best nonfiction books from west of the Rockies. First published in 1973, this new edition of the classic memoir of a devastating Japanese American experience includes an inspiring afterword by the authors.

Tim Euston was willing to risk his life for his nation's independence and his opportunity came when a murder led him into a dangerous involvement with smugglers and spies. It was 1777, the end of the second year of the American Revolution, and the town of Yonkers was on the Neutral Ground - the no man's land that separated the British on Manhattan Island from the Americans to the north. On a cold January night, Tim Euston was thrown in jail - accused of robbery by the man who had his hands on Tim's fourteen-year-old sister, Sadie. Two days later the only adult who could testify to Tim's innocence was found dead. Testimonies of friends were enough to get Tim out of jail but the father of one of these boys was wrongfully convicted. Who was the real killer? Those with motives had alibis, and many just did not care. Both the man killed and the man punished were poor and powerless. But Tim Euston cared. They were his friends. Tim wanted justice and he would keep looking until the real killer was identified.

The young adult adaptation of the acclaimed, #1 New York Times bestseller *Just Mercy*—soon to be a major motion picture starring Michael B. Jordan, Jaime Foxx, and Brie Larson and now the subject of an HBO documentary feature! In this very personal work—adapted from the original #1 bestseller, which the New York Times calls "as compelling as *To Kill a Mockingbird*, and in some ways more so"—acclaimed lawyer and social justice advocate Bryan Stevenson offers a glimpse into the lives of the wrongfully imprisoned and his efforts to fight for their freedom. Stevenson's story is one of working to protect basic human rights for the most vulnerable people in American society—the poor, the wrongly convicted, and those whose lives have been marked by discrimination and marginalization. Through this adaptation, young people of today will find themselves called to action and compassion in the pursuit of justice. Proceeds of this book will go to charity to help in Stevenson's important work to benefit the voiceless and the vulnerable as they attempt to navigate the broken U.S. justice system. *Farewell to Manzanar* New Amer Library

Voted America's Best-Loved Novel in PBS's *The Great American Read* Harper Lee's Pulitzer Prize-winning masterwork of honor and injustice in the deep South—and the heroism of one man in the face of blind and violent hatred One of the most cherished stories of all time, *To Kill a Mockingbird* has been translated into more than forty languages, sold more than forty million copies worldwide, served as the basis for an enormously popular motion picture, and was voted one of the best novels of the twentieth century by librarians across the country. A gripping, heart-wrenching, and wholly remarkable tale of coming-of-age in a South poisoned by virulent prejudice, it views a world of great beauty and savage inequities through the eyes of a young girl, as her father—a crusading local lawyer—risks everything to defend a black man unjustly accused of a terrible crime.
