Tough Test Questions? Missed Lectures? Not Enough Time? Fortunately, there's Schaum's. This all-in-one-package includes more than 1,800 fully solved problems, examples, and practice exercises to sharpen your problem-solving skills. Plus, you will have access to 24 detailed videos featuring Chemistry instructors who explain the most commonly tested concepts--it's just

like having your own virtual tutor! You'll find everything you need to build confidence, skills, and knowledge for the highest score possible. More than 40 million students have trusted Schaum's to help them succeed in the classroom and on exams. Schaum's is the key to faster learning and higher grades in every subject. Each Outline presents all the essential course information in an easy-to-follow, topic-by-topic format. You also get hundreds of examples, solved problems, and practice exercises to test your skills. This Schaum's Outline gives you 1,806 fully solved problems. Hundreds of examples with explanations of organic chemistry concepts. Support for all the major textbooks for organic chemistry courses. Fully compatible with your classroom text, Schaum's highlights all the important facts you need to know. Use Schaum's to shorten your study time--and get your best test scores!

Schaum's Outline of Organic Chemistry, Sixth Edition McGraw-Hill Companies

Confusing Textbooks? Missed Lectures? Not Enough Time? Fortunately for you, there's Schaum's Outlines. More than 40 million students have trusted Schaum's to help them succeed in the classroom and on exams. Schaum's is the key to faster learning and higher grades in every subject. Each Outline presents all the essential course information in an easy-to-follow, topic-by-topic format. You also get hundreds of examples, solved problems, and practice exercises to test your skills. This Schaum's Outline gives you: Practice problems with full explanations that reinforce knowledge. Coverage of the most up-to-date developments in your course field. In-depth review of practices and applications. Fully compatible with your classroom text, Schaum's highlights all the important facts you need to know.

Use Schaum's to shorten your study time--and get your best test scores!

Schaum's Outlines-Problem Solved.
Schaum's Outline of Theory and Problems of College Chemistry McGraw-Hill Professional

The best and most up-to-date study guide of its kind, this book summarizes the chemical principles of a first course in college chemistry through problems with clearly explained solutions. This new edition reflects changes in the major current textbooks, and it contains up-to-date information about newer techniques used in environmental chemistry, biochemistry and medicinal chemistry.

College Chemistry Wiley

A study guide for beginning college chemistry students that covers the essential course information and includes 1,340 fully solved problems, hundreds of examples, and concise explanations of chemistry concepts.
Outlines of Chemistry Harcourt Publishing

Learning the fundamentals of chemistry can be a difficult task to undertake. The market leader for 35 years, Foundations of College Chemistry has helped countless readers master the chemistry skills they need to succeed. The book is known for its accuracy and direct writing style. Hein follows a step-by-step approach to problem solving with alternate methods of solution when appropriate. The new 12th edition has also been updated throughout with the latest information in the field.

Schaum's Outline of Theory and Problems of Physical Chemistry McGraw Hill Professional

Unlike some other reproductions of classic texts (1) We have not used OCR(Optical Character Recognition), as this leads to bad quality books with

introduced typos. (2) In books where there are images such as portraits, maps, sketches etc We have endeavoured to keep the quality of these images, so they represent accurately the original artefact. Although occasionally there may be certain imperfections with these old texts, we feel they deserve to be made available for future generations to enjoy.
