"This is not a religion or a sect or a society. In its entirety it is a series of essays aimed at revealing to you your power over all things. You will learn that there is only one mover in all creation and that mover is thought. You will learn that there is only one creator and that creator is the Universal Subconscious Mind, or God. You will learn that this creator creates for you exactly what you think, and you will be shown how you can control your thoughts, not only to obtain answers to your problems but to create in your experience exactly what you desire. You will not do this in a day or a week or even a month; but do it you will if you keep heart and keep faith. It requires only a few minutes of your time

each day, a few minutes that will reward you with greater vistas in life, greater hope and promise than has ever been dreamed. There is a cause! There is a reason! There is a power greater than you are, which you are a part of, which you can use to make your life good and great and vigorous and full of abundance! If thou canst but believe; All things are possible to him who believes."

Greatest Power in the Universe
AuthorHouse

There are supreme and epoch-making moments in the life of the world. There are supreme and light-bringing and power-bringing moments in the lives of individuals. A supreme moment in the life of the world is when some great prophet, seer, sage, or saviour appears with a great elemental truth, and is able to impart it to others with a persuasive beauty and power. A supreme moment in the lives of individuals is when they come face to face with such a truth -- when it comes clearly and convincingly to them. Such truth must not only be uttered, but have authority and power, and it must be lived by him who utters it.

Moreover it must be a truth that becomes an inspiration and a real help in the daily lives of common men and women -- men and women who have their problems to meet, their fears to face, their battles to fight, their bread to win. Ralph Waldo Trine was a philosopher, mystic, teacher, author and early mentor of the New Thought Movement. As an author Trine has far outsold other New Thought authors.  How do we build our sons to be tough but not arrogant? mannered but not soft? imaginative but not lazy? bold but not hollow? Future Men is a Christian guide to raising strong, virtuous sons, contrary to the effeminacy and sentimentalism of contemporary culture. When Theodore Roosevelt taught Sunday school for a time, a boy showed

up one Sunday with a black eye. He admitted he had been fighting and on a Sunday too. He told the future president that a bigger boy had been pinching his sister, and so he fought him. TR told him that he had done perfectly right and gave him a dollar. The stodgy vestrymen thought this was a bit much, and so they let their exuberant Sunday school teacher go. What a loss. Unbelief cannot look past surfaces. Unbelief squashes; faith teaches. Faith takes a boy aside and tells him that this part of what he did was good, while the other part of what he did got in the way. "And this is how to do it better next time." As we look to Scripture for patterns of masculinity for our sons, we find them manifested perfectly in the life of the Lord Jesus Christ. He is the one who set the ultimate pattern for friendship, for courage, for faithfulness, and integrity.
