Tomus secundus. De decalogo, sacramentis, & sacramentalibus. Cum indicis locupletissimis A Text-book of Church HistoryProgress in Advanced Computing and Intelligent EngineeringProceedings of ICACIE 2019, Volume 1

This book gathers high-quality research papers presented at the 3rd International Conference on Advanced Computing and Intelligent Engineering (ICACIE 2018). It includes sections describing technical advances and the latest research in the fields of computing and intelligent engineering. Intended for graduate students and researchers working in the disciplines of computer science and engineering, the proceedings will also appeal to researchers in the field of electronics, as they cover hardware technologies and future communication technologies.

Martial, the father of the epigram, was one of the brilliant provincial poets who made their literary mark on first-century Rome. His Epigrams can be affectionate or cruel, elegiac or

playful; they target every element of Roman society, from slaves to schoolmasters to, above all, the aristocratic elite.

The First Six Books of Virgil's Aeneid Springer Nature

This volume draws on emerging scholarship at the intersection of two already vibrant fields: medieval material culture and medieval sensory experience. The rich potential of medieval matter (most obviously manuscripts and visual imagery, but also liturgical objects, coins, textiles, architecture, graves, etc.) to complement and even transcend purely textual sources is by now well established in medieval scholarship across the disciplines. So, too, attention to medieval sensory experiences—most prominently emotion—has transformed our understanding of medieval religious life and spirituality, violence, power, and authority, friendship, and constructions of both the self and the other. Our purpose in this volume is to draw the two approaches together, plumbing medieval material sources for traces of sensory experience - above all ephemeral and physical experiences that, unlike emotion, are rarely fully described or articulated in texts.

Proceedings of ICACIE 2019, Volume 1 Springer Nature
In Book II of the "Aeneid", Aeneas relates to Dido his own account of Troy's destruction and his escape, including the episode of the Wooden Horse. It is some of the best Latin poetry ever written, and thus makes an ideal introduction to the "Aeneid". This completely new edition aims to provide students with help in translation, encourage them to consider the sound of the poetry, and appreciate the emotional impact of the story as Virgil portrays it. The text also includes a general introduction, a select bibliography, notes and a full vocabulary; appendices deal with meter and scansion.

Since its publication in 1990, Athenaze: An Introduction to Ancient Greek has helped tens of thousands of students learn classical Greek. Building on the bestselling tradition of previous editions, the long-awaited third edition combines the best features of traditional and modern teaching methods. It provides a unique course of instruction that allows students to read connected Greek narrative right from the beginning and guides them to the point where they can begin reading complete classical texts. James Morwood, editor of the Oxford Grammar of Classical Greek and the Pocket Oxford Classical Greek Dictionary, brings his expertise and years of teaching experience to this revision. Carefully designed to hold students' interest, the course begins in Book I with a fictional narrative about an Attic farmer's family placed in a precise historical context (432-431 B.C.). This

narrative, interwoven with tales from mythology and the Persian Wars, gradually gives way in Book II to adapted passages from Thucydides, Plato, and Herodotus and ultimately to excerpts of the original Greek of Bacchylides, Thucydides, and Aristophanes' Acharnians. Essays on relevant aspects of ancient Greek culture and history are also woven throughout.

"Having been born a freeman, and for more than thirty years enjoyed the blessings of liberty in a free State—and having at the end of that time been kidnapped and sold into Slavery, where I remained, until happily rescued in the month of January, 1853, after a bondage of twelve years—it has been suggested that an account of my life and fortunes would not be uninteresting to the public." -an excerpt
