1900s, teenaged Sunja, the adored daughter of a crippled fisherman, falls for a wealthy stranger at the seashore near her home in Korea. He promises her the world, but when she discovers she is pregnant--and that her lover is married--she refuses to be bought. Instead, she accepts an offer of marriage from a gentle, sickly minister passing through on his way to Japan. But her decision to abandon her home, and to reject her son's powerful father, sets off a dramatic saga that will echo down through the generations. Richly told and profoundly moving, Pachinko is a story of love, sacrifice, ambition, and loyalty. From bustling street markets to the halls of Japan's finest universities to the pachinko parlors of the criminal underworld, Lee's complex and passionate characters--strong, stubborn women, devoted sisters and sons, fathers shaken by moral crisis--survive and thrive against the indifferent arc of history. *Includes reading group guide*

Automatic Wealth III: The Attractor Factor - Including: *The Power of Your Subconscious Mind*, *How to Attract Money* by Joseph Murphy, *The Law of Attraction AND Feeling Is The Secret The Power of Your Subconscious Mind* by Dr. Joseph Murphy I have seen miracles happen to men and women in all walks of life all over the world. Miracles will happen to you, too-when you begin using the magic power of your subconscious mind. This book is designed to teach you that your habitual thinking and imagery mold, fashion, and create your destiny; for as a man thinketh in his subconscious mind, so is he. Why is one man sad and another man happy? Why is one man joyous and prosperous and another man poor and miserable? Why is one man fearful and anxious and another full of faith and confidence? Why does one man have a beautiful, luxurious home while another man lives out a meager existence in a slum? Why is one man a great success and another an abject failure? Why is one speaker outstanding and immensely popular and another mediocre and unpopular? Why is one man a genius in his work or profession while the other man toils and moils all his life without doing or accomplishing anything worthwhile? Why is one man healed of a so-called incurable disease and another isn't? Why is it so many good, kind religious people suffer the tortures of the damned in their mind and body? Why is it many immoral and irreligious people succeed and prosper and enjoy radiant health? Why is one woman happily married and her sister very unhappy and frustrated? Is there an answer to these questions in the workings of your conscious and subconscious minds? There most certainly is. It is for the express purpose of answering and clarifying the above questions and many others of a similar nature that motivated me to write this book. *How to Attract Money* by Dr. Joseph Murphy It is your right to be rich. You are here to lead the abundant life, and to be happy, radiant, and free. You should, therefore, have all the money you need to lead a full, happy, prosperous life. There is no virtue in poverty; the latter is a mental disease, and it should be abolished from the face of the earth. You are here to grow, expand, and unfold - spiritually, mentally, and materially. You have the inalienable right to fully develop and express yourself along all lines. You should surround yourself with beauty and luxury. *Thought Vibration or the Law of Attraction in the Thought World* by William Walker Atkinson In this New Thought classic, Atkinson looks at the law of attraction in the thought world. He points out the similarities between the law of gravitation and the mental law of attraction. He explains that thought vibrations are as real as those manifesting as light, heat, magnetism and electricity. The difference is in the vibratory rate which also explains the fact that thought vibrations cannot usually be perceived by our 5 senses. *Feeling Is The Secret* by Neville THIS book is concerned with the art of realizing your desire. It gives you an account of the mechanism used in the production of the visible world. It is a small book but not slight. There is a treasure in it, a clearly defined road to the realization of your dreams.

Three of the most important self-help tomes on getting rich and prosperity—now available in one place and at one low price! These three books are considered by many experts to be the most important manuals on how to get rich and prosper. Written at the turn of the century, these books contain timeless wisdom that applies to yesterday, today, and the days to come. Why wait? Start living more prosperously today! Think and Grow Rich by Napoleon Hill This book has been called the "Granddaddy of All Motivational Literature." It was the first book to boldly ask, "What makes a winner?" The man who asked and listened for the answer, Napoleon Hill, is now counted in the top ranks of the world's winners himself. The most famous of all teachers of success spent "a fortune and the better part of a lifetime of effort" to produce the "Law of Success" philosophy that forms the basis of his books and that is so powerfully summarized in this one. In the original Think and Grow Rich, published in 1937, Hill draws on stories of Andrew Carnegie, Thomas Edison, Henry Ford, and other millionaires of his generation to illustrate his principles. In the updated version, Arthur R. Pell, Ph.D., a nationally known author, lecturer, and consultant in human resources management and an expert in applying Hill's thought, deftly interweaves anecdotes of how contemporary millionaires and billionaires, such as Bill Gates, Mary Kay Ash, Dave Thomas, and Sir John Templeton, achieved their

wealth. Outmoded or arcane terminology and examples are faithfully refreshed to preclude any stumbling blocks to a new generation of readers. The Science of Getting Rich by Wallace D. Wattles As featured in the bestselling book The Secret, here is the landmark guide to wealth creation republished with the classic essay "How to Get What You Want." Wallace D. Wattles spent a lifetime considering the laws of success as he found them in the work of the world's great philosophers. He then turned his life effort into this simple, slender book—a volume that he vowed could replace libraries of philosophy, spirituality, and self-help for the purpose of attaining one definite goal: a life of prosperity. Wattles describes a definite science of wealth attraction, built on the foundation of one commanding idea: "There is a thinking stuff from which all things are made...A thought, in this substance, produces the thing that is imaged by the thought." In his seventeen short, straight-to-the-point chapters, Wattles shows how to use this idea, how to overcome barriers to its application, and how work with very direct methods that awaken it in your life. He further explains how creation and not competition is the hidden key to wealth attraction, and how your power to get rich uplifts everyone around you. The Science of Getting Rich concludes with Wattle's rare essay "How to Get What You Want"—a brilliant refresher of his laws of wealth creation. The Master Key System by Charles F. Haanel Businessman Charles F. Haanel made a meticulous study of the "Law of Attraction" in The Master Key System—a step-by-step guide to activating the principle of mental power, and a core inspiration behind The Secret.
