Man Booker International Prize finalist “Brave and ingenious.” —The New York Times “Gripping, darkly humorous . . . profound.” —Phil Klay, bestselling author and National Book Award winner for Redeployment “Extraordinary . . . A devastating but essential read.” —Kevin Powers, bestselling author and National Book Award finalist for The Yellow Birds From the rubble-strewn streets of U.S.-occupied Baghdad, Hadi—a scavenger and an oddball fixture at a local café—collects human body parts and stitches them together to create a corpse. His goal, he claims, is for the government to recognize the parts as people and to give them proper burial. But when the corpse goes missing, a wave of eerie murders sweeps the city, and reports stream in of a horrendous-looking criminal who, though shot, cannot be killed. Hadi soon realizes he’s created a monster, one that needs human flesh to survive—first from the guilty, and then from anyone in its path. A prizewinning novel by “Baghdad’s new literary star” (The New York Times), Frankenstein in

Baghdad captures with white-knuckle horror and black humor the surreal reality of contemporary Iraq.

The Rise of Silas Lapham John Wiley & Sons

Slowly I learnt the ways of humans: how to ruin, how to hate, how to debase, how to humiliate. And at the feet of my master I learnt the highest of human skills, the skill no other creature owns: I finally learnt how to lie. Childlike in his innocence but grotesque in form, Frankenstein's bewildered creature is cast out into a hostile universe by his horror-struck maker. Meeting with cruelty wherever he goes, the friendless Creature, increasingly desperate and vengeful, determines to track down his creator and strike a terrifying deal. Urgent concerns of scientific responsibility, parental neglect, cognitive development and the nature of good and evil are embedded within this thrilling and deeply disturbing classic gothic tale. Mary Shelley's Frankenstein, adapted for the stage by Nick Dear, premiered at the National Theatre, London, in February 2011.

The inspiration for Mary Wollstonecraft Shelley's most famous work, "Frankenstein: The Modern Prometheus" has been debated for 200 years. In 1814, two years before the notorious "Gothic Summer" in Geneva, 16 year old Mary Godwin eloped to Paris with the 22 year old poet, Percy Bysshe Shelley, inviting Mary's 15 year old step-sister Claire Claremont to go with them. They would walk across war ravaged France to Switzerland and up the Rhine River to a castle called Frankenstein. Three years later Mary would publish the diaries she kept of that journey of two teenage girls and the poet of "free love". In the published version of "A History of a Six Week's

Tour" she would tell where they went and what they saw, but she never revealed the true secrets of that trip, from where a later inspiration arose. Here now, for the first time is revealed the secret portions of that tour and beyond.

"Read, read, read. Read everything—trash, classics, good and bad, and see how they do it. Just like a carpenter who works as an apprentice and studies the master. Read! You'll absorb it. Then write. If it is good, you'll find out. If it's not, throw it out the window." —William Faulkner Light in August, a novel about hopeful perseverance in the face of mortality, features some of Faulkner's most memorable characters: guileless, dauntless Lena Grove, in search of the father of her unborn child; Reverend Gail Hightower, who is plagued by visions of Confederate horsemen; and Joe Christmas, a desperate, enigmatic drifter consumed by his mixed ancestry.

Contending Forces (1900) is a novel by African American author Pauline Elizabeth Hopkins.

Originally published by the Colored Co-operative Publishing Company in Boston, Contending Forces is a groundbreaking novel that addresses themes of race and slavery through the lens of romance, faith, and betrayal. It was Hopkins' first major publication as a leading African American author of the early twentieth century. Charles Montfort is a peculiar planter. Moving with his wife, Grace, and his sons from Bermuda to North Carolina, he announces his desire to slowly free his slaves. This angers the townspeople, who refuse to recognize the abilities of black people beyond base servitude. Anson Pollack, a jealous man, leverages his friendship with Montfort in order to gain his confidence while hatching a plan to kill him and steal his property. When a rumor regarding Grace's racial heritage begins to spread, Montfort fears that an attempt will be made on his life.

Soon enough, Anson and a posse of local men descend on the Montfort plantation, killing Charles and kidnapping his sons. While Jesse manages to escape to Boston, Charles Jr. is sold into slavery, changing their lives irrevocably. Contending Forces is a thrilling work of fiction from a true pioneer of American literature, a woman whose talent and principles afforded her the vision necessary for illuminating the injustices of life in a nation founded on slavery and genocide. With a beautifully designed cover and professionally typeset manuscript, this edition of Pauline Elizabeth Hopkins' Contending Forces is a classic work of African American literature reimagined for modern readers.

Mary Shelley began writing Frankenstein when she was only eighteen. At once a Gothic thriller, a passionate romance, and a cautionary tale about the dangers of science, Frankenstein tells the story of committed science student Victor Frankenstein. Obsessed with discovering the cause of

generation and life and bestowing animation upon lifeless matter, Frankenstein assembles a human being from stolen body parts but; upon bringing it to life, he recoils in horror at the creature's hideousness. Tormented by isolation and loneliness, the once-innocent creature turns to evil and unleashes a campaign of murderous revenge against his creator, Frankenstein. Frankenstein, an instant bestseller and an important ancestor of both the horror and science fiction genres, not only tells a terrifying story, but also raises profound, disturbing questions about the very nature of life and the place of humankind within the cosmos: What does it mean to be human? What responsibilities do we have to each other? How far can we go in tampering with Nature? In our age, filled with news of organ donation genetic engineering, and bio-terrorism, these questions are more relevant than ever.

A stunning novel of the present moment that takes us into the hearts and minds of those who use terrorism as an ideal and a way of life, and those who aspire to the frightening power of wealth. Abandoning a life he felt was not his own, Willie Chandran (the hero of Half a Life) moves to Berlin where his sister's radical political awakening inspires him to join a liberation movement in India. There, in the jungles and dirt-poor small villages, through months of secrecy and night marches, Willie — a solitary, inward man — discovers both the idealism and brutality of guerilla warfare. When he finally escapes the movement, he is imprisoned for the murder of three policemen. Released unexpectedly on condition he return to England, he attempts to climb back into life in the West, but his experience of wealth, love and despair in London only bedevils him further. Magic Seeds is a moving tale of a man searching for his life and fearing he has wasted it, and a testing study of the conflicts between the rich and the poor, and the struggles within each. Its spare, elegant prose sizzles with devastating psychological analysis, bleak humour and astonishing characters. Only V. S. Naipaul could have written a novel so attuned to the world and so much a challenge to it.

25th ANNIVERSARY EDITION • An epic novel of the violence and depravity that attended America's westward expansion, Blood Meridian brilliantly subverts the conventions of the Western novel and

the mythology of the Wild West—from the bestselling, Pulitzer Prize-winning author of *The Road*. Based on historical events that took place on the Texas-Mexico border in the 1850s, it traces the fortunes of the Kid, a fourteen-year-old Tennessean who stumbles into the nightmarish world where Indians are being murdered and the market for their scalps is thriving.

In *Contending Forces* (1900), her best-known novel and her only work of fiction published in book form during her lifetime, Pauline Hopkins uses the conventions of the sentimental romance as she seeks to encourage social change. In its pages we encounter noble heroes and virtuous

heroines, exotic settings, unsavory villains, melodramatic scenes, and a star-crossed love affair. Both an extraordinarily detailed examination of black life in nineteenth-century America and a richly textured and engrossing piece of fiction, *Contending Forces* remains one of the most important works produced by an African-American before World War I.
