In a world where every business, brand, product, and service needs a strong visual identity, it's critical for clients and creative professionals to work together. And the key to success, as with any relationship, is communication. In Dear Client, award-winning graphic designer Bonnie Siegler offers an invaluable step-by-step guide to how to talk so creatives will listen, and how to listen when creatives talk. Written as a series of honest, friendly lessons—"Know What You Like," "Decide Who Will Decide," "Focus Groups Suck," "Don't Say 'Make It Yellow,' Say 'Make It Sunny,'" "Serve Lunch During Lunchtime Meetings"—it shows exactly how to deal with the subjectivity, emotional pitfalls, and occasional chaos of a creative partnership.

Here's how to articulate your visual goals and set a clear, consistent direction. How to give feedback that works and avoid words that inhibit creative thinking. How to be open to something you didn't imagine. And most of all, how to have fun, save money, and get the results you want.

Entrepreneur, CEO and sustainability expert Ron Gonen argues that circularity is not only crucial for the planet but holds immense business opportunity. As the founder of an investment firm focused on the circular economy, Gonen reveals brilliant innovations emerging worldwide— “smart” packaging, robotics that optimize recycling, nutrient rich fabrics, technologies that convert food waste into energy for your home, and many more. Drawing on his experience in technology, business, and city government and interviews with leading entrepreneurs and top companies, he introduces a vital and growing movement. The Waste-Free World invites us all to take part in a sustainable and prosperous future where companies foster innovation, investors recognize long term value creation, and consumers can align their values with the products they buy.

What the Happiest People Know About Wealth Puffin Books

The universal lament about money is that there is never enough. We spend endless hours trying to figure out ways to stretch every dollar and kicking ourselves whenever we spend too much or save too little. For all the stress and effort we put into every choice, why are most of us unhappy about our finances? According to Laura Vanderkam, the key is to change your perspective. Instead of looking at money as a scarce resource, consider it a tool that you can use creatively to build a better life for yourself and the people you care about. Drawing on the latest happiness research as well as the stories of dozens of real people, Vanderkam offers a contrarian approach that forces us to examine our own beliefs, goals, and values.

Business Made Simple Simon and Schuster

This is the road map to a seven-figure business . . . in one year or less The word "entrepreneur" is today's favorite buzzword, and any aspiring business owner has likely encountered an overwhelming number of so-called "easy paths to success." The truth is that building a real, profitable, sustainable business requires thousands of hours of commitment, grit, and hard work. It's no wonder why more than half of new businesses close within six years of opening, and fewer than 5 percent will ever earn more than \$1 million annually. 12 Months to \$1 Million condenses the startup phase into one fast-paced year that has helped hundreds of new entrepreneurs hit the million-dollar level by using an exclusive and foolproof formula. By cutting out the noise and providing a clear and proven plan, this roadmap helps even brand-new entrepreneurs make decisions quickly, get their product up for sale, and launch it to a crowd that is ready and waiting to buy. This one-year plan will guide you through the three stages to your first \$1 million: • The Grind (Months 0-4): This step-by-step plan will help you identify a winning product idea, target customers that are guaranteed to

buy, secure funding, and take your first sale within your first four months. • The Growth (Months 5 - 8): Once you're in business, you will discover how to use cheap and effective advertising strategies to get your product to at least 25 sales per day, so you can prove you have a profitable business. • The Gold (Months 9-12): It's time to establish series of products available for sale, until you are averaging at least 100 sales per day, getting you closer to the million-dollar mark every single day. Through his training sessions at Capitalism.com, Ryan Daniel Moran has helped new and experienced entrepreneurs launch scalable and sustainable online businesses. He's seen more than 100 entrepreneurs cross the seven-figure barrier, many of whom go on to sell their businesses. If your goal is to be a full-time entrepreneur, get ready for one chaotic, stressful, and rewarding year. If you have the guts to complete it, you will be the proud owner of a million-dollar business and be in a position to call your own shots for life.
