By the Great Horn Spoon! Dk Pub

When Josh McBroom learns that the eighty acres of Iowa farmland he's purchased are all stacked up on top of each other at the bottom of a muddy little pond, he thinks he's been bamboozled. But McBroom knows he's got the better of the bargain when the pond dries up to reveal an acre of soil so rich that seeds spring up into full-grown plants in no time and even nickels grow into quarters.

The traditional "knight in shining armor" has become a staple figure in popular culture and the images of bloody battlefields, bustling feasting halls and courtly tournaments have been creatively interpreted many times in film and fiction. But what was the knight truly like? The world of the English Medieval Knight was complex, and ever-changing. From the household of King John to the defenders of Elizabeth I, there was great change in the social standing of knights, their equipment and appearance, and their involvement in politics and warfare. An expert on Medieval military history Christopher Gravett describes how the knight evolved over four centuries of English and European history, the wars they fought, their lives in peacetime and on campaign, the weapons they fought

with, the armor and clothing they wore and the fascinating code and mythology of chivalry. The text is richly illustrated with images ranging from manuscript illustrations to modern artwork reconstructions, and many photographs of historic artifacts and sites.

With a 3x Magnifying Glass Penguin Read A Graphic Illustrated Book About Pirates, Criminals, And Sailors Of The Seven Seas.

Lancaster County Christmas, A Penguin Titles in this series are a popular choice for students who like to browse for information. The format is appealing, especially the use of captioned illustrations surrounding the brief text. Art, architecture, politics, home life, work, & war are among the topics presented. Timeline & index. Part of the

Eyewitness Books series.

Piratepedia Dorling Kindersley Ltd With striking images, models, and illustrations, this visually-led reference e-guide offers a unique view of catastrophic weather conditions. See inside the eye of a cyclone, witness hailstones the size of tennis balls, and learn how a gentle mountain stream can become a raging surge within a few minutes. From full-page color photographs to helpful diagrams, from polar regions to the tropics, Eyewitness Hurricane & Tornado shows the disastrous effects of nature's most extreme weather events. Discover a bridge that collapsed due to severe gusts of wind, and learn about a tree species in southwest Africa that can survive several years of drought. Along

the way you'll uncover historical items that reveal how ancient civilizations predicted the weather as well as the weather-forecasting techniques that have developed over the centuries and the ways in which human activity can cause weather patterns to change. Each revised Eyewitness book retains the stunning artwork and photography from the groundbreaking original series, but the text has been reduced and reworked to speak more clearly to younger readers. The vibrant annotated photographs and the integrated text-and-pictures approach make Eyewitness a perennial favorite of parents, teachers, and school-age kids.

A treasure trove of human creativity from around the world History of the

World in 1000 Objects takes a fresh look at world history, viewing cultures and early civilizations through the objects that they created. Humanity is defined by our talent for making things from everyday objects to inventions that changed the world. From a Viking wooden comb to a 1950s fridge-freezer you can uncover what the people's priorities were at the time from what they created. Each culture's objects are grouped under key themes, from art to the history of technology and together build a story that gives real insight into civilization, plus the accessible visual approach to history makes it easy to compare how people lived at different times and in different parts of the world. The objects, from swords and spears to astrolabes and maritime atlases, are

showcased through stunning photography from around the world. Celebrate our extraordinary legacy of creativity with History of the World in 1000 Objects.

The Final Frontier in Space Dorling Kindersley Ltd

Bestselling Caldecott Honor artist David Shannon tells the story of a determined duck who decides to jump on a tractor and drive it around the barnyard and through town, with hilarious consequences! Shannon's wildly popular, award-winning *Duck on a Bike* left children begging him to tell them another story about Duck after seeing him pictured alongside a shiny red tractor. Now Duck is back and turning the farm upside down! Flushed with the success of his trailblazing bike ride around the farm, Duck decides he's

ready to drive the tractor. As in the bestselling *Duck on a Bike*, all the barnyard animals share their humorous comments as they watch Duck do the unthinkable. Then, one by one, they join him on the tractor for a ride! But what happens when Duck drives the big red tractor through town, past the popular diner where all the locals are having lunch? What will those folks really think when they see Duck and all the other animals riding around on Farmer O'Dell's tractor? Filled with entertaining detail and sly jokes, readers will pore over each picture again and again. Perfect for reading aloud!
