GREGORY CANTRELL

[Above the Board: How Ethical CEOs Create Honest Corporations](#)
 SAGE

Prominent business leaders from some of North America's most respected companies discuss the role integrity has played in their successes, sharing insider strategies on how to implement integrity into everyday business practices while discussing how to manage a business responsibly as well as profitably.

[The Integrity Advantage](#) Honest WorkA Business Ethics Reader
 This classic study of ethics in business presents an eye-opening account of how corporate managers think the world works, and how big organizations shape moral consciousness. Robert Jackall takes the reader inside a topsy-turvy world where hard work does not necessarily lead to success, but sharp talk, self-promotion, powerful patrons, and sheer luck might. What sort of everyday rules-in-use do people play by when there are no fixed standards to explain why some succeed and others fail? In the words of one corporate manager, those rules boil down to this maxim: "What is

right in the corporation is what the guy above you wants from you. That's what morality is in the corporation." This brilliant, disturbing, funny look at the ethos of the corporate world presents compelling real life stories of the men and women charged with running the businesses of America. This anniversary edition includes an afterword by the author linking the themes of Moral Mazes to the financial tsunami that engulfed the world economy in 2008.

Business Ethics and Corporate Social Responsibility Simon and Schuster

Just like the wilderness, the business world can be a scary place. Every day, ethical dilemmas spring up that can ruin great companies and tarnish amazing careers. Learning how to navigate those situations can mean the difference between greatness and failure. In their new book, *The Business Ethics Field Guide: The Essential Companion to Leading Your Career and Your Company to Greatness*, Brad Agle, Aaron Miller, and Bill O'Rourke walk you through the traps and pitfalls you might face, and help you come out the other side unscathed.

[Business Ethics](#) Cengage Learning

It is not only in our dark hours that scepticism, relativism,

hypocrisy, and nihilism dog ethics. Whether it is a matter of giving to charity, or sticking to duty, or insisting on our rights, we can be confused, or be paralysed by the fear that our principles are groundless. Many are afraid that in a Godless world science has unmasked us as creatures fated by our genes to be selfish and tribalistic, or competitive and aggressive. Simon Blackburn, author of the best-selling *Think*, structures this short introduction around these and other threats to ethics. Confronting seven different objections to our self-image as moral, well-behaved creatures, he charts a course through the philosophical quicksands that often engulf us. Then, turning to problems of life and death, he shows how we should think about the meaning of life, and how we should mistrust the sound-bite sized absolutes that often dominate moral debates. Finally he offers a critical tour of the ways the philosophical tradition has tried to provide foundations for ethics, from Plato and Aristotle through to contemporary debates.

Managing Corporate Citizenship and Sustainability in the Age of Globalization Kogan Page Publishers

How can you be an ethical corporate citizen in an increasingly complex, multiple-stakeholder world? This is the most pressing question facing businesses today, small and large, local and global. *Business Ethics* is a thorough yet accessible exploration of the main ethical theories and how these apply to the major stakeholders facing this question. Written from a truly international perspective and supported by diverse and innovative learning features, this book provides the tools and concepts necessary to understand and effectively manage ethical challenges wherever you are in the world. 'Key Concepts' and 'Think Theory' boxes ensure the essential ideas are straightforward to grasp but don't go unchallenged, while 'Ethics in Action' boxes and Case Studies illustrate these ideas at play in the working world. Step into the shoes of a decision-maker with 'Ethical Dilemma' boxes and hear from them first hand with new 'Practitioner Spotlight' boxes, which feature fascinating insights from real-life practitioners on how they manage ethical decisions and what skills they consider to be crucial to success. The fourth edition offers a wealth of new cases and examples as well as updates of favourites from previous editions, including features on AirBnB, TOMS, and McDonalds. Bespoke video interviews with the practitioners from the book and new multiple-choice questions enhance the online resources for students, while workshop and flipped classroom activity ideas support lecturers. In addition, content has been thoroughly updated across the book and online to reflect the latest developments and issues surrounding corporate citizenship, globalization, and sustainability. Award-winning, best-selling, and up-to-date; this is the textbook of choice for those wishing to excel in business ethics. The book is supported by an extensive range of online resources: For students: Practitioner Spotlight videos and web links Additional Case Study web links Additional Ethics in Action web links Addition Ethics on Screen web links Think Theory responses Film list Ethics career guide Further reading Multiple-choice questions For lecturers: VLE content PowerPoint slides Test bank Case bank Sample course outline Teaching notes for Case Studies Teaching notes for Ethical Dilemmas Teaching notes for Ethics in Action features Teaching notes for Ethics on Screen features Ideas for structured workshops

Business Ethics and Ethical Business Oxford University Press

A juicy and freewheeling biography of legendary golf champion Phil Mickelson—who has led a big, controversial life—as reported by longtime *Sports Illustrated* writer and bestselling author Alan Shipnuck. Phil Mickelson is one of the most compelling figures in sports. For more than three decades he has been among the best golfers in the world, and his unmatched longevity was

exemplified at the 2021 PGA Championship, when Mickelson, on the cusp of turning fifty-one, became the oldest player in history to win a major championship. In this raw, uncensored, and unauthorized biography, Alan Shipnuck captures a singular life defined by thrilling victories, crushing defeats, and countless controversies. Mickelson is a multifaceted character, and all his warring impulses are on display in these pages: He is a smart-ass who built an empire on being the consummate professional; a loving husband dogged by salacious rumors; a high-stakes gambler who knows the house always wins but can't tear himself away. Mickelson's career and public image have been defined by the contrast with his lifelong rival, Tiger Woods. Where Woods is robotic and reticent, Mickelson is affable and extroverted, an incorrigible showman whom many fans love and some abhor because of the overwhelming size of his personality. In their early years together on Tour, Mickelson lacked Tiger's laser focus and discipline, leading Tida Woods to call her son's rival "the fat boy," among other put-downs. Yet as Tiger's career has been curtailed by scandal, addiction, and a broken body, Phil sails on, still relevant on the golf course and in the marketplace. Phil is the perfect marriage of subject and author. Shipnuck has long been known as the most fearless writer on the golf beat, and he delivers numerous revelations, from the true scale of Mickelson's massive gambling losses; to the inside story of the acrimonious breakup between Phil and his longtime caddie, Jim "Bones" Mackay; to the secretive backstory of the Saudi golf league that Mickelson championed to wield as leverage against the PGA Tour. But Phil also celebrates Mickelson's random acts of kindness and generosity of spirit, to which friends and strangers alike can attest. Shipnuck has covered Mickelson for his entire career and has been on the ground at Mickelson's most memorable triumphs and crack-ups, allowing him to take readers inside the ropes with a thrilling immediacy and intimacy. The result is the juiciest and liveliest golf book in years—full of heart, humor, and unexpected turns.

A Short Introduction to Ethics Gibbs Smith

From the creator of the popular website *Ask a Manager* and New York's work-advice columnist comes a witty, practical guide to 200 difficult professional conversations—featuring all-new advice! There's a reason Alison Green has been called "the Dear Abby of the work world." Ten years as a workplace-advice columnist have taught her that people avoid awkward conversations in the office because they simply don't know what to say. Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You'll learn what to say when • coworkers push their work on you—then take credit for it • you accidentally trash-talk someone in an email then hit "reply all" • you're being micromanaged—or not being managed at all • you catch a colleague in a lie • your boss seems unhappy with your work • your cubemate's loud speakerphone is making you homicidal • you got drunk at the holiday party Praise for *Ask a Manager* "A must-read for anyone who works . . . [Alison Green's] advice boils down to the idea that you should be professional (even when others are not) and that communicating in a straightforward manner with candor and kindness will get you far, no matter where you work."—Booklist (starred review) "The author's friendly, warm, no-nonsense writing is a pleasure to read, and her advice can be widely applied to relationships in all areas of readers' lives. Ideal for anyone new to the job market or new to management, or anyone hoping to improve their work experience."—Library Journal (starred review) "I am a huge fan of Alison Green's *Ask a Manager* column. This book is even better. It teaches us how to deal with many of the most vexing big and little problems in our workplaces—and to do so with grace, confidence, and a sense of humor."—Robert Sutton, Stanford

professor and author of *The No Asshole Rule* and *The Asshole Survival Guide* "Ask a Manager is the ultimate playbook for navigating the traditional workforce in a diplomatic but firm way."—Erin Lowry, author of *Broke Millennial: Stop Scraping By and Get Your Financial Life Together*
Concepts and Cases Routledge

Each reading and case is followed by questions for discussion. Offering an alternative to the impersonal tone of most business ethics texts, the editors address students in an appealing and conversational manner. They provide chapter introductions that include personal narratives and also present the ideas of great philosophers in a unique way - as emails." "Ideal for introductory undergraduate and MBA courses in business ethics, *Honest Work: A Business Ethics Reader* can be read as a coherent narrative but also offers instructors great flexibility, as its various chapters, readings, and cases can be pursued in almost any order. A Companion Website features chapter objectives and summaries, study questions, self-tests, and off-site links of interest."--BOOK JACKET.

America's Business Culture at a Crossroad OUP Oxford
The Second Edition of Johnny Saldaña's international bestseller provides an in-depth guide to the multiple approaches available for coding qualitative data. Fully up to date, it includes new chapters, more coding techniques and an additional glossary. Clear, practical and authoritative, the book: -describes how coding initiates qualitative data analysis -demonstrates the writing of analytic memos -discusses available analytic software - suggests how best to use *The Coding Manual for Qualitative Researchers* for particular studies. In total, 32 coding methods are profiled that can be applied to a range of research genres from grounded theory to phenomenology to narrative inquiry. For each approach, Saldaña discusses the method's origins, a description of the method, practical applications, and a clearly illustrated example with analytic follow-up. A unique and invaluable reference for students, teachers, and practitioners of qualitative inquiry, this book is essential reading across the social sciences.

[How to Navigate Clueless Colleagues, Lunch-Stealing Bosses, and the Rest of Your Life at Work](#) Oxford University Press, USA
Under what conditions will people tell the truth, behave fairly and act with purpose at work? And when will they lie, cheat and be selfish? Based on 15 years of research, *To Be Honest* explains how four factors (Clear Identity, Accountability, Governance and Cross-Functional Relationships) affect honesty, justice and purpose within a company. When these factors are absent or ineffective, the organizational conditions compel employees to choose dishonesty and self-interest. But when done well, the organization is 16 times more likely to have people tell the truth, behave fairly and serve a greater good. *To Be Honest* shares the stories of leaders who have acted with purpose, honesty and justice even when it was difficult to do so. In-depth interviews with CEOs and senior executives from exemplar companies such as Patagonia, Cabot Creamery, Microsoft and others reveal what it takes to build purpose-driven companies of honesty and justice. Interviews with thought leaders like Jonathan Haidt, Amy Edmondson, Dan Ariely and James Detert offer rich insights on how leaders can become more honest and purposeful. You'll learn how Hubert Joly took Best Buy from a company on the brink of bankruptcy to one that is profitable, thriving and purposeful. Filled with real-life examples, *To Be Honest* offers actionable steps, practical tools and approaches that any leader or manager can use to create a culture of purpose, honesty and justice.

A Business Ethics Reader FaithWords
Marty will do anything to save his new friend Shiloh in this Newbery Medal-winning novel from Phillis Reynolds Naylor. When

Marty Preston comes across a young beagle in the hills behind his home, it's love at first sight—and also big trouble. It turns out the dog, which Marty names Shiloh, belongs to Judd Travers, who drinks too much and has a gun—and abuses his dogs. So when Shiloh runs away from Judd to Marty, Marty just has to hide him and protect him from Judd. But Marty's secret becomes too big for him to keep to himself, and it exposes his entire family to Judd's anger. How far will Marty have to go to make Shiloh his?

Finding Freedom Where Fear and Courage Meet Cengage Learning

In recent years, a string of corporate scandals have sent shockwaves throughout the business world, resulting in the fracture of public trust in corporations. Now more than ever, corporate honesty and integrity are directly connected to success and growth. Above the Board provides strategies and methods to help you build a solid foundation of ethical corporate values into your organization. Inside, you'll find key advice from CEOs who have put corporate ethics at the forefront. The common message is that business ethics should not be viewed as an "add-on" to a company's operations; rather, it must be a key element in an overall strategy for success. "Organizations across a range of industries are faced with the challenge of fostering an ethical environment that goes beyond compliance," the authors write. "Above all, it is the CEOs who are in a position to set the ethical tone and climate of their organization." Above the Board offers concrete practices, procedures, and personalized approaches used by such companies as Whirlpool, Xerox, Walgreen Co., Texas Instruments, and P&G to help you Make integrity a core value for every employee Integrate ethics into the heart of your corporate strategy Create wide-scale transparency throughout your company Harness ethical energy and make ethics messages far reaching Build a system of ethics that will remain relevant well into the future Above the Board provides insight, best practices, and success stories from CEOs who began building upon their corporations' foundational principles early on, and it sheds light on how these initiatives have benefited shareholders, customers, and other stakeholders alike. This insightful look at the new way of doing business is an invaluable blueprint for nurturing ethics within your company, creating a permanent foundation of fresh corporate values, and putting your company in a solid lead against the competition.

An Introduction to Theory and Practice Simon and Schuster
A compelling argument against the ambiguous nature of many business practices, raising the issue of ethical awareness to the level of debate.

Being Good Oxford University Press, USA
This accessible, applied text covers the complex environment in which managers confront ethical decision making. Using a managerial framework, the authors address the overall concepts, processes, and best practices associated with successful business ethics programs--helping students see how ethics can be integrated into key strategic business decisions. The Seventh Edition incorporates comprehensive and rigorous updates that reflect the ever-increasing academic and governmental attention being given to this area. The textbook program provides an abundance of real-world examples and cases, as well as exercises, simulations, and practice tests that provide plenty of opportunity for students to master the text material. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.
[Is Lying Sometimes the Right Thing for an Honest Person to Do?](#)
Oxford University Press

The Oxford Handbook of Meaningful Work examines the concept, practices and effects of meaningful work in organizations and beyond. Taking an interdisciplinary approach, this volume reflects

diverse scholarly contributions to understanding meaningful work from philosophy, political theory, psychology, sociology, organizational studies, and economics. In philosophy and political theory, treatments of meaningful work have been influenced by debates concerning the tensions between work as unavoidable and necessary, and work as a source of self-realization and human flourishing. This tension has come into renewed focus as work is reshaped by technology, globalization, and new forms of organization. In management studies, much empirical work has focused on meaningful work from the perspective of positive psychology, but more recent research has considered meaningful work as a complex phenomenon, socially constructed from interactive processes between individuals, and between individuals, organizations, and society. This Handbook examines meaningful work in the context of moral and pragmatic concerns such as human flourishing, dignity, alienation, freedom, and organizational ethics. The collection illuminates the relationship of meaningful work to organizational constructs of identity, belonging, callings, self-transcendence, culture, and occupations. Representing some of the most up to date academic research, the editors aim to inspire and equip researchers by identifying new directions and methods with which to deepen scholarly inquiry into a topic of growing importance.

Managing and Organizations Oxford University Press, USA

This work is a brief yet comprehensive introduction to the thought-provoking field of business ethics. It is organized into three parts that cover the role of business in society, the ethics of internal management, and the challenges of international business.

Honest Work Ballantine Books

Events such as Trafigura's illegal dumping of toxic waste in Côte d'Ivoire and BP's environmentally disastrous oil spill in the Gulf of Mexico have highlighted ethical issues in international business at a time when business leaders, academics and business schools were reflecting on their own responsibilities following the global financial crisis. The scope and scale of the global operations of multinational businesses means that decisions taken in different parts of the world have far reaching consequences beyond the national settings where employees are located or where firms are registered and as such, an awareness of these responsibilities needs to be integrated into all levels and all subjects. Using four guiding principles – a critical multi-level approach rooted in the tradition of European social theory, a comparative and international perspective, a global rather than just a European or American stand point and engaging with subject-specific issues this book aims to 'mainstream' business ethics into the work of teachers and students in business schools. This comprehensive volume brings together contributions from a range of experts in different areas of business studies thereby facilitating and encouraging a move away from business ethics being a box to be ticked to being an integrated consideration across the business disciplines. This impressive book brings ethical considerations back to the heart of the business curriculum and in doing so, provides a companion for the progressive business student throughout their university career.
